Lowrie,1984 **Religious Schools in the United States K-12 (1993)** Thomas C. Hunt,James Carper,2017-12-15 First published in 1993 this volume is an extension and revision of the 1986 book entitled Religious Schools in America A Selected Bibliography This new version contains additional annotated bibliographies of the various denominational schools as well as discussing governmental relation to each setting in the years from 1985 to 1992 This version also covers Greek Orthodox and Muslim schools that were not part of the previous volume and includes a chapter on the growth of home schooling which is often influenced by religion Finally unlike the previous edition this book only considers religious schools rather than the religious aspect or function of public schooling Each section includes a short chapter followed by an extensive annotated bibliography making it a useful source for anyone looking for information in the area **Qualities of Sound Christian Education** Kevin F. Brownlee,2014-03 Christian educators What does God require of teachers Are you integrating God s Word into every subject taught Are you training your student s heart and do you know how to teach honorable character self discipline and godly decision making Christian school trustees Do you know God s criteria when hiring teachers or administrators Are your school s policies statement of faith and curricula based on sound biblical doctrine Do you know what that doctrine is Do you know how to recognize and battle attacks from the enemies of your school Would you like advice and suggestions on fundraising Christian parents Do you know what to look for when choosing a Christian school Are you holding your children s school accountable to what God requires Is the school teaching the truth Can you distinguish truth from error Christian homeschoolers Are you obedient to God s education requirements Do you know how to choose curricula with godly principles Are you effectively training your children for lives of serving and glorifying God in whatever they do If you are looking for answers to any of the above then this book is for you Titus 2 1 says to teach what is in accord with sound teachings In this book Christian school trustee Kevin F Brownlee unpacks the word sound and explains God s requirements

for educating precious children in a commonsense style that will enlighten educators and parents and invigorate Christian education   Inside America's Christian Schools Paul F. Parsons,1988-06   **Sixty Reasons Why Christian Parents Should Send Their Children to Christian Schools** Gene Keith,2019-01-19 Christians built the first schools and colleges in America and there was a time when Americans were the best educated people in the world This is no longer true We now are living in the most illiterate period in American history In fact American farmers of the eighteenth and nineteenth centuries were better educated than some of our college graduates of today According to a study conducted in late April by the US Department of Education and the National Institute of literacy 32 million adults in the United States can t read That s 14 percent of the population 21 percent of the adults in the U S read below the 5th grade level 19 percent of high school graduates can t read We want to remind you again that Christians built the first schools and colleges in America and the school system which we commonly call the public school system was imported from Prussia in the 1800 s by politicians Horace Mann and Edward Everett Both of these men were devout Humanists and their objective was to move the schools out of the churches and get them under the ownership and control of the government like the schools they had seen in Prussia This Prussian School model was first introduced into the schools of Massachusetts and from there it spread to other states Today this Prussian government controlled secular anti Christian education model has totally replaced the original American Christian School system If there is any question in your mind about real purpose of government schools please consider the remarks of Chester Pierce Professor of Educational Psychiatry at Harvard University given at a Childhood Education Seminar in 1973 Every child in America entering school at the age of five is mentally ill because he comes to school with certain allegiances toward our founding fathers toward our elected officials toward his parents toward a belief in a supernatural Being toward the sovereignty of this nation as a separate entity It s up to you teachers to make all of these sick children well by creating the International child of the future The philosophy of a truly Christian School is Biblical Theism The philosophy of every public school in America is Humanism No teacher can change this No Principal can change this No School Board can change this Consider the following quote The battle for mankind s future must be waged and won in the public school classroom by teachers who correctly perceive their role as the proselytizers of a new faith The classroom must and will become an arena of conflict between the old and the new the rotting corpse of Christianity and the new faith of Humanism Humanist page 26 of the January February 1983 issue We are convinced that parents who want their children to be indoctrinated in Secular Humanism should send them to public schools Parents who want their children to receive a true education and not be indoctrinated in Secular Humanism must send them to Christian Schools or teach them at home There are no other options Gene Keith gk122532 gmail com   **Factors That Contribute to Successful Schools: A Caribbean Perspective** Eulalie Daley Semper,2014-10-17 This book explores various factors that contribute to successful schools in the Caribbean Based on my own personal and professional experience I define successful schools as those schools where high

quality teaching takes place in a supportive environment In these schools spiritual leaders seek to work with educational stakeholders to develop and facilitate a culture of excellence Therefore I have decided to examine teacher development community involvement spiritual leadership servant leadership and an established culture of success as additional factors that can contribute to successful schools in the Antiguan context However this study can yield valuable information that can be used to assess educational practices within different types of schools regionally and globally since one of its main aims is to explore stakeholders perceptions on the contributing factors to schools academic success In this book educational practitioners policy makers and institutional leaders will find principles of success that will affect principal leadership classroom learning and student achievement   Eight Reasons Why-- Association for the Promotion of Christian Schools (N.Z.),1990   The Indigenization of Christianity in China II Qi Duan,2022-12-22 As the second volume of a three volume set on the indigenization of Christianity in modern China this book focuses on Christianity s encounter with the turbulent history of China in the 1920s the responses of the Chinese Church to criticisms and the backlash against Christianity Over the course of its growth in modern China Christianity has faced many twists and turns in attempting to embed itself in Chinese society and indigenous culture This three volume set delineates the genesis and trajectory of Christianity s indigenization in China over the course of the nineteenth and twentieth centuries highlighting the actions of Chinese Christians and the relationship between the development of Christianity in China and modern Chinese history This volume re examines the Condemning Christianity Movement and discusses debates and reflections on the independence and indigenization of the Chinese Church religious education and the relationship of Christianity with imperialism The author also demonstrates how historical events and intellectual trends during the period fashioned local believers national consciousness and their views on foreign missionary societies imperialism and patriotism figuring prominently in Chinese Christians domination of the Church The book will appeal to scholars and students interested in the history of Christianity in China and modern Chinese history
