Rebel Daughter An Autobiography:

Rebel Daughter Doris Anderson, 2002-05-17 During her twenty years as the editor of Chatelaine magazine Doris Anderson blazed a trail for Canadian women Long before Betty Friedan's *The Feminine Mystique* was published Anderson was writing about abortion child care custody arrangements and pay equity Her editorials laid the foundation for the feminist movement in Canada In *Rebel Daughter* we are introduced to the life of this fascinating and influential woman We learn of her turbulent early years in Depression era Alberta and her sometimes frustrating efforts to establish herself as a professional journalist in Toronto in the 1940s We are given a behind the scenes look at her often stormy years with Maclean Hunter and at her decades long editorship of Chatelaine We experience her struggles as head of the Canadian Advisory Council on the Status of Women and her fight to have one simple statement enshrined in the Charter of Rights and Freedoms that men and women are equal under the law Hard hitting moving controversial and inspirational *Rebel Daughter* is the no holds barred story of an exceptional Canadian woman 1997 *Riverdale* Elizabeth Gillan Muir, 2014-10-08 Heritage Toronto Book Award Shortlisted Non Fiction Book A popular history of the Riverdale area of Toronto including Playter Estates north of the Danforth In its first 50 years the city of Toronto changed from a rough settlement to a booming city with a voracious appetite for land The incorporated city of Toronto grew tenfold from 1834 to 1884 partly through immigration but also through the annexation of older communities Among these were the former suburbs of Leslieville and Riverside which were joined together in 1884 to become the new Toronto community of Riverdale Later the Playter Estates neighbourhood also became part of this community *Riverdale* tells the history of the neighbourhood starting with the Simcoe Scadding Playter and Leslie families who shaped the area throughout its early settlement the American Revolution and the War of 1812 It shows the waves of immigration from Britain America Italy Greece and China that made Riverdale one of Toronto's most diverse areas And it tells the stories written into the map of the neighbourhood revealing the history on display in its streets and historic buildings *Runaway Wives and Rogue Feminists* Margo Goodhand, 2017-09-18T00:00:00Z In the supposedly enlightened 60s and 70s violence against women was widespread It wasn't talked about and women had few if any options to escape their abusers Yet in 1973 with no statistics no money and little public support five disparate groups of Canadian women quietly opened Canada's first battered women's shelters Today there are well over 600 In *Runaway Wives and Rogue Feminists* journalist Margo Goodhand tracks down the rogue feminists whose work forged an underground railway for women and children weaving their stories into an unforgettable and until now untold history As they lobbied for funding scrounged for furniture and fended off outraged husbands these women marked a defining moment in Canadian history triggering monumental changes in government schools courts and law enforcement But was it enough to stop the cycle of violence Forty years later these pioneers describe how and why Canada has lost its ground in the battle for women's rights

Roughing it in the Suburbs Valerie J. Korinek, 2000-12-15. Originally launched in 1928 by the 1950s and 1960s, nearly two million readers every month sampled Chatelaine magazine's eclectic mixture of traditional and surprisingly unconventional articles and editorials. At a time when the American women's magazine market began to flounder thanks to the advent of television, Chatelaine's subscriptions expanded as did the lively debate between its pages. Why? In this exhilarating study of Canada's foremost women's publication in the 50s and 60s, Valerie Korinek shows that while the magazine was certainly filled with advertisements that promoted domestic perfection through the endless expansion of consumer spending, a number of its sections, including fiction, features, letters, and the editor's column, began to contain material that subversively complicated the simple consumer recipes for affluent domesticity. Articles on abortion, spousal abuse, and poverty proliferated alongside explicitly feminist editorials. It was a potent mixture, and the mail poured in, both praising and criticizing the new directions at the magazine. It was Chatelaine's highly interactive and participatory nature that encouraged what Korinek calls a community of readers: readers that, in their very response to the magazine, led to its success. Chatelaine did not cling to the stereotypical images of the era; instead, it forged ahead, providing women with a variety of images, ideas, and critiques of women's role in society. Chatelaine's dissemination of feminist ideas laid the foundation for feminism in Canada in the 1970s and after. Comprehensive, fascinating, and full of lively debate and history, *Roughing it in the Suburbs* provides a cultural study that weaves together a history of Chatelaine's producers, consumers, and text. It illustrates how the structure of the magazine's production and the composition of its editorial and business offices allowed for feminist material to infiltrate a mass market women's monthly. In doing so, it offers a detailed analysis of the times, the issues, and the national cross-section of the women and sometimes men who participated in the success of a Canadian cultural landmark. Winner of the Laura Jamieson Prize awarded by the Canadian Research Institute for the Advancement of Women.

Twenty-five years after its publication in 1998, *No Choice* remains an essential read in Canada and around the world where abortion rights are still under threat. Jay Kleinberg,2016-02-19 Women have been important contributors to and readers of magazines since the development of the periodical press in the nineteenth century By the mid twentieth century millions of women read the weeklies and monthlies that focused on supposedly feminine concerns of the home family and appearance In the decades that followed feminist scholars criticized such publications as at best conservative and at worst regressive in their treatment of gender norms and ideals However this perspective obscures the heterogeneity of the magazine industry itself and women s experiences of it both as readers and as journalists This collection explores such diversity highlighting the differing and at times contradictory images and understandings of women in a range of magazines and women s contributions to magazines in a number of contexts from late nineteenth century publications to twenty first century titles in Britain North America continental Europe and Australia
