## **Rebel King The Harships Two:**

**Angels Associated with Israel in the Dead Sea Scrolls** Matthew L. Walsh, 2019-12-16 A well known characteristic of the sectarian Dead Sea Scrolls are their assertions that membership in the Qumran movement included present and eschatological fellowship with the angels but scholars disagree as to the precise meaning of these claims To gain a better understanding of angelic fellowship at Qumran Matthew L Walsh utilizes the early Jewish concept that certain angels were closely associated with Israel Moreover these angels which included guardians and priests were envisioned within apocalyptic worldviews that assumed that realities on earth corresponded to those of the heavenly realm A comparison of non sectarian texts with sectarian compositions reveals that the Qumran movement's lofty assertions of communion with the guardians and priests of heavenly Israel would have made a significant contribution to their identity as the true Israel

**Eschatology in Antiquity** Hilary Marlow, Karla Pollmann, Helen Van Noorden, 2021-09-29 This collection of essays explores the rhetoric and practices surrounding views on life after death and the end of the world including the fate of the individual apocalyptic speculation and hope for cosmological renewal in a wide range of societies from Ancient Mesopotamia to the Byzantine era The 42 essays by leading scholars in each field explore the rich spectrum of ways in which eschatological understanding can be expressed and for which purposes it can be used Readers will gain new insight into the historical contexts details functions and impact of eschatological ideas and imagery in ancient texts and material culture from the twenty fifth century BCE to the ninth century CE Traditionally the study of eschatology and related concepts has been pursued mainly by scholars of Jewish and Christian scripture By broadening the disciplinary scope but remaining within the clearly defined geographical milieu of the Mediterranean this volume enables its readers to note comparisons and contrasts as well as exchanges of thought and transmission of eschatological ideas across Antiquity Cross referencing high quality illustrations and extensive indexing contribute to a rich resource on a topic of contemporary interest and relevance

Eschatology in Antiquity is aimed at readers from a wide range of academic disciplines as well as non specialists including seminary students and religious leaders The primary audience will comprise researchers in relevant fields including Biblical Studies Classics and Ancient History Ancient Philosophy Ancient Near Eastern Studies Art History Late Antiquity Byzantine Studies and Cultural Studies Care has been taken to ensure that the essays are accessible to undergraduates and those without specialist knowledge of particular subject areas
