Rebel Nawab Of Oudh Revolt Of Vizir Ali Khan 1799:

The Rebel Nawab of Oudh Aniruddha Ray,1990 **The Rebel Nawab of Oudh** Aniruddha Ray,1990 **The Varied Facets of History** Aniruddha Ray,2011 Aniruddha Ray retired as Professor of History from the Department of Islamic History and Culture University of Calcutta Kolkata West Bengal Well known for his profound interest in historical research Aniruddha Ray has written extensively about Mughal administration technology and travelogues the society and culture of Medieval Bengal the economic history of the Sultanate and Mughal periods overseas trade and merchants and the French East India Company on the basis of a fine blending of his knowledge of Bengali English and French sources As a mark of esteem and affection scholars in India and abroad have joined hands to offer him this volume The festschrift reflects the range of Aniruddha Ray s interests and influences in some measure The theme of the present volume includes the contemporary effort within academia to question the traditional representation of Indian history and the attempts in various areas of study to de centre the writing of history and to provide an alternative perspective to the history of fifteenth to nineteenth century India In this eclectic collection of essays one can see an innovative approach at work which raises interesting questions when one situates these ideas and the historical evidence within the big picture as one moves back and forth between the macro perspective and the micro history addressed in most of these essays With eminent historians of the subcontinent contributing to it The Varied Facets of History Essays in Honour of Aniruddha Ray throws new light on aspects of Indian history its sources and their interpretations the evolution of cultural aspects like languages especially Hindi and Bengali archaeology painting technology trade and commerce and labour **The Anglo-Maratha Campaigns and the Contest for India** Randolph G. S. Cooper,2003 This is a cross cultural study of the political economy of war in South Asia Randolph G S Cooper combines an overview of Maratha military culture with a battle by battle analysis of the 1803 Anglo Maratha Campaigns Building on that foundation he challenges ethnocentric assumptions about British superiority in discipline drill and technology He argues that these campaigns in which Arthur Wellesley served with distinction represent the military high water mark of the Marathas who posed the last serious opposition to the formation of the British Raj Dr Cooper asserts that the real contest for India was never a single decisive battle for the subcontinent Rather it turned on a complex social and political struggle for control of the South Asian military economy The author shows that victory in 1803 hinged as much on finance diplomacy politics and intelligence as it did on battlefield manoeuvre and war itself **Empire and Information** Christopher Alan Bayly,1996 In a penetrating account of the evolution of British intelligence gathering in India C A Bayly shows how networks of Indian spies were recruited by the British to secure military political and social information about their subjects He also examines the social and intellectual origins of these native informants and considers how the colonial authorities interpreted and often misinterpreted the information they supplied It was such misunderstandings which ultimately contributed to the failure of the British to anticipate the rebellions of 1857 The author

argues however that even before this complex systems of debate and communication were challenging the political and intellectual dominance of the European rulers *Networks of Domination* Paul K. Macdonald, 2014 In the nineteenth century European states conquered vast stretches of territory across the periphery of the international system This book challenges the conventional wisdom that these conquests were the product of European military dominance or technological superiority In contrast it claims that favorable social conditions helped fuel peripheral conquest European states enjoyed greatest success when they were able to recruit local collaborators and exploit divisions among elites in targeted societies Different configurations of social ties connecting potential conquerors with elites in the periphery played a critical role in shaping patterns of peripheral conquest as well as the strategies conquerors employed To demonstrate this argument the book compares episodes of British colonial expansion in India South Africa and Nigeria during the nineteenth century It also examines the contemporary applicability of the theory through an examination of the United States occupation of Iraq

Negotiating Languages Walter N. Hakala, 2016-08-30 Prior to the nineteenth century South Asian dictionaries glossaries and vocabularies reflected a hierarchical vision of nature and human society By the turn of the twentieth century the modern dictionary had democratized and politicized language Compiled scientifically through historical principles the modern dictionary became a concrete symbol of a nation's arrival on the world stage Following this phenomenon from the late seventeenth century to the present *Negotiating Languages* casts lexicographers as key figures in the political realignment of South Asia under British rule and in the years after independence Their dictionaries document how a single mutually intelligible language evolved into two competing registers Urdu and Hindi and became associated with contrasting religious and nationalist goals Each chapter in this volume focuses on a key lexicographical work and its fateful political consequences Recovering texts by overlooked and even denigrated authors *Negotiating Languages* provides insight into the forces that turned intimate speech into a potent nationalist politics intensifying the passions that partitioned the Indian subcontinent **Exploring the West** Mushirul Hasan, 2009-10-21 Inverting the conventional imagery of Europeans travel narratives about South Asia this omnibus brings together three fascinating accounts of Indian interaction with the West It raises interesting questions about cross cultural encounters Is the West objectively perceived and represented Do observers colour fact with fiction Do they talk of an East West divide The first volume is an account of Itesamuddin's travel 1766-9 to Europe Set in the context of the grant of Diwani to the British in India *Images of the West* offers fresh insights on the state and everyday life in England discussing questions of religious controversies military and law Its author also gives us a panoramic view of the socio cultural life flora and fauna and education and lifestyles Abu Taleb's travelogue provides a non Western representation of the West sheds light on the national customs and manners of Europeans *Westward Bound* comprises his impressions of England France Genoa Malta Turkey and Baghdad during his travels 1799-1803 His understanding of cultural streams in the East and West provide an alternative viewpoint on the encounter between Pax

Britannica and the sharif families of North India Seamless Boundaries presents the autobiography of Lutfullah Khan one of the earliest known works by an Indian in English Traversing geographical and cultural boundaries Lutfullah s narrative defies conventional labels He explores events people and their culture beyond the mere east west dichotomies He also presents a graphic account of his voyage to England in 1844 Mushirul Hasan s introduction explores the life and times of these travellers Arguing for exploring the West and the Muslim societies from an unsentimental and wide ranging perspective he investigates the discourse on East West relations and highlights the significance of travel narratives as historical records in the production of knowledge *The Flickers of an Independent Nawabi* Hamid Afaq Qureshi,2002 Biography of Vizir Ali Khan Nawab of Oudh 1781 or 2 1817 Westward Bound Abū Ṭālib Khān,2005 **Journal of Asian History** ,2007 **Origins of Nationality in South Asia** Christopher Alan Bayly,1998 This book considers the ideological and institutional antecedents of mature Indian nationalism It argues that patriotism is a useful concept with which to understand India in the eighteenth and early nineteenth centuries It includes essays on swadeshi Indian resistance and communalism **The Muslim World Book Review** ,1991 A Decade of Historical Writings Parma Nandan Sahay,1998 *The Calcutta Historical Journal* ,1995 International Books in Print ,1990 **Accessions List, South Asia** Library of Congress. Library of Congress Office, New Delhi,1991 **The Felt Community** Rajat Kanta Ray,2003 This study of the pre history of Indian nationalism examines a relatively unexplored field of study in Indian history It uses a novel perspective at least in Indian historiography the study of emotions feelings and sentiments as bonds in the construction of a felt community before the emergence of modern Indian nationalism The author argues that the nation might be construed by modernity but it is likely to be rooted in older sentiments and ideas The book addresses questions about Indian identity in the aftermath of the demolition of the Babri Masjid Although a historical work based on primary sources it has a political and current relevance for the national states in the Indian subcontinent It historicizes inter community relations beyond the rubric of mere communalism which is what most other writers do This study will interest historians sociologists political scientists and the general reader *Oxford Dictionary of National Biography: Osborne-Pate* Henry Colin Gray Matthew,Brian Harrison,Brian Howard Harrison,2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 **Indian Books in Print** ,2002
