Receiving Divine Revelation Fuchsia Pickett, ThD., D.D., 2015-11-17 For years I studied the Word I read every book I could lay my hands on and sat under every Bible teacher they would let me sit under But I still didn't know God nor did I really understand His Word Although Jesus was living in my heart He was a stranger to me Do you know Jesus Do you understand His Word It took some extreme circumstances in my life to bring me to the place where the Holy Spirit began to reveal Jesus to me and in me I will never forget the first night the Spirit began to divide asunder the veil of the flesh between my soul and spirit I began to see Jesus and understand His Word The Holy Spirit became my teacher and I started to receive His divine revelation You see no one can show you Jesus except the Holy Spirit This living reality miraculously set me on the path of divine discovery that I am still walking in today Come and walk with me and my Teacher the Holy Spirit Learn how to hear His voice through God's Word Let Jesus be revealed in you and receive the divine revelation of who He is the Christ who lives in your heart PT600 Receiving Divine Revelation Fuchsia T Pickett, 2020-01-03 This course enables students to invite the Holy Spirit to teach and guide them through Scripture Topics include the basis of true revelation the process of revelation hearing God's voice hindrances and helps to receiving revelation Windows Into Divine Revelation Study Guide Rick Renner, 2023-05-01 Open Up the Window If you are seeking important answers for your life then you need a revelation from God about what you should do next Do you know how to receive that divine revelation The Holy Spirit has all the answers you need and in this powerful five part series Rick Renner will show you how to open a window to another realm so you can receive the divine revelation and the answers you are seeking for your life In this remarkable series you'll learn How to open a window to another realm so you can receive divine revelation About the vital role that praying in tongues plays in your receiving divine revelation Specific prayers that you can pray to help you receive the revelation you need To be sure the Holy Spirit has all the answers you need and He wants to open a window into another realm to give you the divine revelation you are seeking Are you ready to open the window *Receiving Divine Revelation* Fuchsia T. Pickett, 1997 **Engaging the Doctrine of Revelation** Matthew Levering, 2014-11-11 How do human beings today receive divine revelation Where and in what ways is it mediated so that all generations can hear the fullness of the gospel In this volume distinguished theologian Matthew Levering shows that divine revelation has been truthfully mediated through the church the gospel and Scripture so that we can receive it in its fullness today Levering engages past and present approaches to revelation across a variety of traditions offering a comprehensive historical study of all the key figures and perspectives His thorough analysis results in an alternative approach to prevailing views of the doctrine and points to its significance for the entire church *Next Move of God* Fuchsia Pickett, ThD., D.D., Fuchsia T. Pickett, 1996-07-12 As the charismatic movement continues to grow many wonder where it's headed What is the next move of God Author Fuchsia Pickett illustrates the coming new wave of the Holy Spirit This message will be of particular interest to those who have been involved in the prophetic interpretation of Scripture **Divine**

Revelation Susan G. Shumsky,1996-08-05 INCREASE YOUR SPIRITUAL STRENGTH AWAKEN YOUR HIDDEN POTENTIAL AND FULFILL YOUR DESTINY Susan Shumsky has taught thousands how to develop a deep spiritual connection within themselves by learning to listen to and trust the still small voice within the voice that embodies the wisdom needed to set a clear direction in life and make the biggest decisions with peaceful confidence In Divine Revelation she presents her proven techniques for opening your heart mind and spirit to the riches of inner divine contact and for learning how to Augment your innate intuitive abilities Identify the source of intuitive messages and test their authenticity Overcome resistance to divine contact by breaking through ego barriers Attain mastery in the practice of meditation Become self reliant in solving personal problems and charting a course for the future A Divine Revelation of Prayer Mary K. Baxter,George Bloomer,2008-06-19 Many Christians question why they can t overcome sin and temptation and why they don t get answers to their prayers for improved health financial blessings and better relationships Best selling author Mary K Baxter shares eye opening visions and revelations on the power of prayer Her remarkable personal answers to prayer will help you Overcome fears hindrances and failures Hear clear direction from God Receive healing and freedom from addictions Live the life you were meant to live Experience divine power daily Discover the keys to powerful life changing breakthroughs in prayer today **Agreeable Agreement** Minna Hietamäki,2011-10-20 In recent bilateral ecumenical dialogue the aim of the dialogue has been to reach some form of doctrinal consensus The three major chapters of the book discuss the variety of forms of doctrinal consensus found in ecumenical dialogues among Anglicans Lutherans and Roman Catholics In general the dialogue documents argue for agreement consensus based on commonality or compatibility Each of the three dialogue processes has specific characteristics and formulates its argument in a unique way The Lutheran Roman Catholic dialogue has a particular interest in hermeneutical questions and proposes various forms of differentiated or perspectival forms of consensus The Anglican Roman Catholic dialogue emphasises the correctness of interpretations The documents consciously look towards a common future not the separated past **Revelation** Gerald O'Collins,2016-08-18 Since the late 1980s the theme of God s self revelation has been treated only briefly in Christian theology at times simply ignored and often confused with biblical inspiration Revelation Towards a Christian Theology of God s Self Revelation lays out its basic characteristics and begins by distinguishing between revelation in the primary sense a living encounter with God s self disclosure and in the secondary sense statements of faith derived from that encounter or propositional revelation It considers revelation as transforming and informing as being sacramental or mediated through words and deeds as communicated through an endless variety of means and mediators as related to but distinct from biblical inspiration and truth and as reaching those of other faiths or of no faith at all Gerald O Collins skilfully distinguishes between past or foundational revelation present or dependent revelation and future or eschatological revelation He expounds with ecumenical sensitivity the complex relationship between tradition and scripture O Collins moves into controversial areas by insisting that the divine self revelation takes place only when received

by human faith and that outside revelation there is no salvation extra revelationem nulla salus This volume offers a coherent account of God's self-revelation which can serve as a basis for all that follows in theology and for dialogue with those who follow other living faiths or none at all O Collins extends and enriches what he has proposed in earlier books and articles about the characteristics of God's self-revelation

Religious Revelation James Kellenberger, 2020-10-19 This book addresses several dimensions of religious revelation These include its occurrence in various religious traditions its different forms its elaborations how it has been understood by Western theologians and differing views of revelation's ontological status It has been remarked that revelation is most at home in theistic traditions and this book gives each of the three Abrahamic traditions Judaism Christianity and Islam its own chapter Revelation however is not limited to theistic traditions forms found in Buddhism and nondevotional nontheistic Hinduism are also explored In the book's final chapter a particularly significant form of religious revelation is identified and examined pervasive revelation The theistic manifestation of this form of revelation pervasive in the sense that it may occur in all the domains or dimensions of human existence is shown to be richly represented in the Psalms where God's presence may be found in the heavens in the growing of grass and in one's daily going out and coming in Pervasive revelation of religious reality is also shown to be present in the Buddhist tradition

Revelation in the Qur'an Simon P. Loynes, 2021-02-08 In *Revelation in the Qur'an* Simon P Loynes presents a semantic study of the Arabic roots *n z l* and *w y* in order to elucidate the modalities of revelation in the Qur'an Through an exhaustive analysis of their occurrences in the Qur'an and with reference to pre-Islamic poetry Loynes argues that the two roots represent distinct occurrences with the former concerned with spatial events and the latter with communicative This has significant consequences for understanding the Qur'an's unique concept of revelation and how this is both in concord and at variance with earlier religious traditions

How Can We Know What God Means J. Gracia, 2001-09-21 In spite of the growth of secularization technology and science statistics tell us that religious conversions are on the rise and the number of people who take religion and divine revelation seriously is at an all-time high This phenomenon curiously enough has increased rather than decreased both inter and intra religious conflicts Protestants fight Catholics in Northern Ireland Serbian Greek Orthodox fight with Kosovo Moslems in Yugoslavia Jews fight with Moslems in Palestine Hindus fight with Moslems in India and the list is seemingly endless There is

bitter disagreement also in dealing with revelation even within the same religious traditions and with regard to the same scriptures Liberal Christians reject the literal interpretation of the Christian scriptures favored by Evangelicals many Protestant groups do not accept the role of tradition in interpretation which Roman Catholics consider essential Orthodox Jews strictly follow eating regulations presented in the Torah but Reformed Jews take these in a different sense The sources of these disagreements vary considerably Some are rooted in historical events and traditions but quite often they signal deep confusions concerning the interpretation of what believers take to be divinely revealed In recent years the author claims the confusion has been compounded by the rise in the number and variety of interpretational approaches that are used to understand revelation One can now take a culturalist sociological literary psychoanalytical historical political philosophical or feminist interpretations to name just a few approach But do these all necessarily make sense when applied to religious texts These and other questions cry out for answers which seldom are even attempted in the pertinent literature This book offers a novel and sustained philosophical treatment of religious hermeneutics in which the author considers the main alternatives available in today s marketplace The book is neither ideologically partisan nor thematically narrow and should be of interest to anyone concerned with interpreting the divine word It offers a sensible roadmap to a topic that continues to draw heated debate in philosophy theology sociology history and literary studies

Perspectives on Revelation and Qu'ranic Hermeneutics Akbar Ali Akbar,2019-11-27 A number of innovative hermeneutical approaches emerged in Muslim exegetical discourse in the second half of the 20th century Among these developments is a trend of systematic reform theology that emphasises a humanistic approach whereby revelation is understood to be dependent not only upon its initiator God but also upon its recipient Prophet Muhammad who takes an active role in the process Ali Akbar examines the works of four noted scholars of Islam Fazlur Rahman Pakistan Abdolkarim Soroush Iran Muhammad Murtaza Shabestari Iran and Nasr Hamid Abu Zayd Egypt His study shows that the consequences of taking a humanistic approach to understanding revelation are not confined to the realm of speculation about God human relations but also to interpreting Qur'anic socio political precepts And the four scholars emerge as a distinctive group of Muslim thinkers who open up a new horizon in contemporary Islamic discourse
