New York Is Now The New Wave Of Free Jazz:

New York is Now! Phil Freeman, 2001 **Blowin' the Blues Away** Travis A. Jackson, 2012-06-12 New York City has always been a mecca in the history of jazz and in many ways the city's jazz scene is more important now than ever before. *Blowin' the Blues Away* examines how jazz has thrived in New York following its popular resurgence in the 1980s. Using interviews in person observation and analysis of live and recorded events, ethnomusicologist Travis A. Jackson explores both the ways in which various participants in the New York City jazz scene interpret and evaluate performance and the criteria on which those interpretations and evaluations are based. Through the notes and words of its most accomplished performers and most ardent fans, jazz appears not simply as a musical style but as a cultural form intimately influenced by and influential upon American concepts of race, place and spirituality.

Love Goes to Buildings on Fire Will Hermes, 2012-09-04 This title provides a group portrait of some of the greatest musicians of the 20th century including Bruce Springsteen, Patti Smith, Grandmaster Flash and Bob Dylan.

Spirits Rejoice! Jason C. Bivins, 2015-04-01 In *Spirits Rejoice!* Jason Bivins explores the relationship between American religion and American music and the places where religion and jazz have overlapped. Much writing about jazz tends toward glorified discographies or impressionistic descriptions of the actual sounds. Rather than providing a history or series of biographical entries, *Spirits Rejoice!* takes to heart a central characteristic of jazz itself and improvises, generating a collection of themes, pursuits, reoccurring foci and interpretations. Bivins riffs on interviews, liner notes, journals, audience reception and critical commentary, producing a work that argues for the centrality of religious experiences to any legitimate understanding of jazz while also suggesting that jazz opens up new interpretations of American religious history. Bivins examines themes such as musical creativity as related to specific religious traditions, jazz as a form of ritual and healing, and jazz cosmologies and metaphysics. *Spirits Rejoice!* connects Religious Studies to Jazz Studies through thematic portraits and a vast number of interviews to propose a new improvisationally fluid archive for thinking about religion, race and sound in the United States. Bivins's conclusions explore how the sound of spirits rejoicing challenges not only prevailing understandings of race and music but also the way we think about religion. *Spirits Rejoice!* is an essential volume for any student of jazz, American religion or American culture.

Imaginary Power, Real Horizons Richard Gilman-Opalsky, 2024-07-09 A defense of the radical imagination from a scholar of social movements. Political theorist and philosopher Richard Gilman Opalsky's *Imaginary Power, Real Horizons* is a tribute to the imagination and to its necessity for liberatory struggle. Impractical is the name given to anyone who imagines something radically other than what exists, he writes. However, many things such as the abolition of slavery were dismissed as impractical before they came to be. In a warm, plainspoken manner, these essays chart the affects of creativity and utopianism through topics as varied as the cyclical nature of popular movements, the international history of May Day, the experience of teaching political theory and Marxism in contemporary China, and the revolutionary aspirations of Free Jazz. The human imagination is a real-world creating power and

those who would declare otherwise have a poor understanding of history Imaginary Power Real Horizons is a call to action for those who would dare to dream of a society organized by a different logic than capitalism
