## New Understanding Of Society:

**The Churches and the Development Debate** Ignatius Swart,2006-05-01 This book newly addresses the question about the Christian churches participation in development The innovative element of this reflection is the way in which the author finds meaning and significance particularly in the concept of a fourth generation approach to strategic development engagement The book s essential argument is that a fourth generation strategy an approach that makes the contemporary social or people s movements the primary subjects of its development action and theory holds the greatest prospect for authentic participation by the Christian churches in development

**Visions of Order in William Gilmore Simms** Masahiro Nakamura,2009 This is a provocative contrasting of Simms romances with those of his Northern contemporaries One of nineteenth century America s foremost men of letters William Gilmore Simms 1806 1870 of Charleston South Carolina distinguished himself as a historian poet and novelist yet his stalwart allegiance to the ideals of the Confederacy have kept him largely marginalized from the modern literary canon In this engaging study Masahiro Nakamura seeks to reinsert Simms into current American literary and cultural studies through a careful consideration of Simms Southern conservatism as a valuable literary counterpoint to the bourgeois individualist ideology of his Northern contemporaries For Nakamura Simms vision of social order runs contrary to the staunch individualism expressed in traditional American romances by authors such as James Fenimore Cooper and Nathaniel Hawthorne In his thoughtful approaches to Simms historical depictions of the making of American history and society Nakamura finds consistent assertions of social order against the perils of literal and metaphoric wilderness a conservative vision that he traces to the influence of Simms Southern *genius loci* To understand how this Southern conservatism also manifests itself in Simms fiction Nakamura contrasts Simms historical romances with those of Hawthorne as representative of the New England romance tradition to differentiate the ways in which the two writers interpret the dynamic between the individual and society Nakamura finds that Simms protagonists struggle to establish their places within their culture while Hawthorne s characters are often at odds with their culture The resulting comparison enriches our understanding of both writers To illustrate his point further Nakamura discusses Simms *Martin Faber* in terms of individualism transformed into dangerous egocentrism He also examines Simms conservative views on the progress of American civilization in his Revolutionary War and border romances and explores Simms attitudes toward conflicts with Native American cultures in his colonial romances Nakamura concludes that while effectively employing the tradition of Sir Walter Scott s historical romance Simms used the genre as a vehicle for advocating the merits of social order as a Southern conservative answer to Northern bourgeois romanticism which celebrates individualism as key to the possibility of human progress

**Science, technology and society for a post-truth age: Comparative dialogues on reflexivity** Emine Öncüler Yayalar,Melike Şahinol,2024-02-06 In an era shaped by misinformation conspiracy theories and anti science

movements Science and Technology Studies Science Technology and Society STS provides a lighthouse of insight and interdisciplinary research This volume Science technology and society for a post truth age Comparative dialogues on reflexivity embarks on a transformative journey through the interdependencies of science technology and society offering vital perspectives and new insights on these challenging topics This book written by scholars in the field reshapes post truth discourse through STS and positions STS as a central force in addressing the post truth crisis It presents a compelling contribution that anchors STS at the heart of contemporary debates about truth and knowledge Science technology and society for a post truth age Comparative dialogues on reflexivity is a contemporary and thought provoking exploration of the evolving relationship between knowledge truth and society It makes the case that STS is a catalyst for reshaping our understanding of truth in an age characterised by scepticism and uncertainty Critical Rationalism and the Theory of Society Masoud Mohammadi Alamuti, 2021-03-12 Investigating Karl Popper s philosophy of critical rationalism Critical Rationalism and the Theory of Society Volume 1 explores a non justificationist conception of critical reason and its fundamental outcomes for the theory of society Through a set of fundamental contributions to epistemology the theory of rationality and sociology this volume a situates the idea of critical rationalism in its true epistemological context b uses non justificationist epistemology to reinvent critical rationalism and c applies its revised concept of rationality to show how people s access to critical reason enables them to agree on the common values and social institutions necessary for a peaceful and just social order These contributions lead the reader to a new epistemological understanding of the idea of critical rationalism and recognition of how a non justificational concept of reason changes the content of the theory of society The reader also learns how thinkers movements and masses apply their critical reason to replace an established social order with an ideal one through activating five types of driving forces of social change metaphysical moral legal political and economic Written for philosophers and sociologists this book will appeal to social scientists such as moral philosophers legal scholars political scientists and economists Pancasila and the Search for Identity and Modernity in Indonesian Society Eka Darmaputera, 1988 Making Global Society Barry Buzan, 2023-08-10 Barry Buzan proposes a new approach to making International Relations a truly global discipline that transcends both Eurocentrism and comparative civilisations He narrates the story of humankind as a whole across three eras using its material conditions and social structures to show how global society has evolved Deploying the English School s idea of primary institutions and setting their story across three domains interpolity transnational and interhuman this book conveys a living historical sense of the human story whilst avoiding the overabstraction of many social science grand theories Buzan sharpens the familiar story of three main eras in human history with the novel idea that these eras are separated by turbulent periods of transition This device enables a radical retelling of how modernity emerged from the late 18th century He shows how the concept of global society can build bridges connecting International Relations Global Historical Sociology and Global World History *Old Age in European Society* Peter N.

Stearns,2024-05-10 Originally published in 1977 *Old Age in European Society* provides an historical perspective on aging a process which had received little attention from any group in the social sciences and virtually none from historians at the time Starting from the premise that the elderly can and should be active participant members of their society the book examines the ways in which old people were and are viewed by certain key groups This is done in a series of thematic essays linked by the main theme of a dominant culture in which the elderly and the groups who deal with them were and still are ensnared This dominant culture is one of denigration of the elderly the traditional idea of veneration of the elderly is found to be largely mythical Variations on this theme are dealt with in individual chapters concerned with the elderly in French working class culture and geriatric medicine Key groups are studied with an eye to distinct patterns of modernization which involves particular attention to the working class and middle class as those exposed to the leading edge of change Women are treated separately as their aging process involves distinctive elements which exacerbate the problems of old age France with its exceptional percentage of elderly and its low retirement ages provides much of the material for these essays the main purpose of which is to indicate those topics for which an historical treatment is vital to our understanding of the elderly and to the formulation of a more positive approach to old age

Esmail,2015-11-17 *Gun Violence In American Society Crime Justice and Public Policy* provides an in depth multidisciplinary investigation into one of society s major social public health and political concerns death injury and destruction from the use of firearms Contributors employ a variety of theoretical methodological and data analysis frameworks to address different gun violence issues They explore how gun violence is created and perpetuated in society as well as the various forms and social contexts in which it appears The impacts of gun violence on different social groups communities and social institutions are also delineated Moreover possible solutions to gun violence are presented

**Rewriting Peter as an Intertextual Character in the Canonical Gospels** Finn Damgaard,2015-09-16

Peter is a fascinating character in all four canonical gospels not only as a literary figure in each of the gospels respectively but also when looked at from an intertextual perspective This book examines how Peter is rewritten for each of the gospels positing that the different portrayals of this crucial figure reflect not only the theological priorities of each gospel author but also their attitude towards their predecessors *Rewriting Peter as an Intertextual Character in the Canonical Gospels* is the first critical study of the canonical gospels which is based on Markan priority Luke s use of Mark and Matthew and John s use of all three synoptic gospels Through a selection of close readings Damgaard both provides a new critical portrait of Peter and proposes a new theory of source and redaction in the gospels In the last thirty years there has been an increasing appreciation of the gospels literary design and of the gospel writers as authors and innovators rather than merely compilers and transmitters However literary critics have tended to read each gospel individually as if they were written for isolated communities This book reconsiders the relationship between the gospels arguing that the works were composed for a general audience and that the writers were

bold and creative interpreters of the tradition they inherited from earlier gospel sources Damgaard's view that the gospel authors were familiar with the work of their predecessors and that the divergences between their narratives were deliberate sheds new light on their intentions and has a tremendous impact on our understanding of the gospels Ethics and Society in Nigeria Nimi Wariboko, 2019 Offers a radical political interpretation of history that generates fresh insights into the emancipatory potential of ordinary Nigerians and their precolonial cultural institutions **The Gated Society** Everette W. Surgenor, 2008-12-16 The public education system has the capacity to slowly and quietly resist all attempts at systemic change or reform this resistance has become even more tangible and definable over the past fifteen years as reforms to bring schools up to date are attempted and blocked by Industrial Age understandings driven by corporate political and financial needs Surgenor identifies the intellectual emotional and organizational factors that keep North American education locked within the Industrial Age paradigm Exploring the differences between the Industrial Age and Information Age paradigms The Gated Society demonstrates how those differences would impact the practice form and function of education systems

*Meaning, Subjectivity, Society* Karl E. Smith, 2010-01-01 Who am I Who are we How are we to live This book grapples with these perennial questions primarily through a dialogue with Cornelius Castoriadis and Charles Taylor using an interdisciplinary hermeneutical approach examining issues of meaning subjectivity and modern society **The Future of Society** Marc Van Der Erve, 2006-05 Van der Erve reexamines the doctrines that helped society advance but at the same time shielded it from a remarkable realm of human interpretation Rather than challenge these doctrines van der Erve unveils a meta view a liberating perspective of human thinking and acting Our Bonds: The Key to a Flourishing Society Pasquale De Marco, 2025-07-20 In a world divided by conflict and inequality unity and collaboration are more important than ever before Our Bonds The Key to a Flourishing Society offers a powerful exploration of the strength of human connection and the transformative power of working together This comprehensive book delves into the essential elements of a thriving society examining the role of education equality diversity and environmental harmony Through inspiring real life stories and thought provoking insights readers will discover how to overcome differences build bridges and create a world where everyone has the opportunity to succeed Our journey begins with an exploration of the concept of unity and its importance in building strong societies We will examine the power of collaboration and the role of education in fostering understanding and respect We will also discuss the importance of nurturing healthy relationships within families and communities and the need for economic justice and environmental harmony As we delve deeper into these topics we will draw inspiration from real life stories of individuals and communities who have overcome adversity and achieved great things through unity and collaboration We will learn from their experiences and apply their lessons to our own lives striving to create a better future for ourselves our communities and our planet Our Bonds The Key to a Flourishing Society is a call to action urging readers to embrace unity and collaboration as the foundation for a just and equitable world With passion and clarity this book provides

a roadmap for creating a society where everyone can thrive regardless of their background beliefs or circumstances Join us on this transformative journey as we explore the power of human connection and the importance of equality diversity and inclusion Together we can build a world where everyone has the opportunity to reach their full potential If you like this book write a review
