Education **Communicative Understandings of Women's Leadership Development** Elesha L. Ruminski, Annette M.

Holba,2011-12-16 **Communicative Understandings of Women s Leadership Development From Ceilings of Glass to Labyrinth Paths** edited by Elesha L Ruminski and Annette M Holba intertwines the disciplines of communication studies leadership studies and women s studies to offer theoretical and practical reflection about women s leadership development in academic organizational and political contexts Women s leadership development exists at the intersection of consciousness raising communication competence and education to increase one s knowledge and practice of leadership which makes the weaving together of these three disciplines important Thus **Communicative Understandings of Women s Leadership Development** claims a space for women s leadership studies and acknowledges the paradigmatic shift from discussing women s leadership using the glass ceiling phenomenon to what Eagly and Carli 2007 identify as the labyrinth of leadership Recognizing this metaphoric shift is crucial because many women now develop leadership amid the postmodern flux of organizational change hierarchical top down systems are being eroded in lieu of transformational collaborative even improvisational leadership processes Women s leadership studies is emerging as a fruitful interdisciplinary area that reframes the debate about whether we live work and learn within a third wave feminist or post feminist context While this area might include feminist theorizing it also might not emphasize such epistemologies For this reason Ruminski and Holba s edited collection explores and highlights a variety of feminist and non feminist intersections and is thus an important and timely contribution to both marking where we are with women s leadership development in higher education and how women can further develop themselves as leaders

Pursuing Pastoral Excellence Paul E. Hopkins, 2011-01-11 In *Pursuing Pastoral Excellence* pastoral counselor and educator Paul Hopkins aims to help pastoral leaders make a lasting and positive difference in the lives of the people and communities they serve. The heart of this book is the stories of seven ordinary pastors whose leadership has become extraordinary. Their stories not only highlight important characteristics and practices that nurture fruitful pastoral leadership but they invite readers to examine their own stories to think about the value of longevity in ministry and to enhance the enduring impact of their own pastoral leadership. Hopkins frames these stories with a discussion of the difficult vocational challenges pastors are facing in a rapidly changing church milieu and a survey of recent leadership studies. He concludes by exploring seven patterns of pastoral leadership that characterize leaders who have an enduring impact as well as four key elements coming to be recognized as imperative for the cultivation of enduring pastoral fruitfulness.

Solutions Journalism Bill Dodd, 2021-02-15 As audiences avoid negative news and public risk perceptions fracture across polarized media ecologies journalists are being called upon to tell engaging and optimistic stories about the future. Consequently solutions journalism has moved from the margins to the global mainstream resulting in a plurality of new solutions focused practices. *Solutions Journalism News at the Intersection of Hope Leadership and Expertise* explores the professional dynamics and tensions concerning solutions journalism clarifies these related practices and in so doing provides scholars and journalists with a nuanced appreciation of the opportunities and liabilities of reporting solutions. Drawing upon a year long study of journalism in Tasmania Bill Dodd develops a tripartite theory of solutions journalism at the intersection of three core concepts hope leadership and expertise. In Australia's lagging

southernmost province where development propositions have sparked global protest movements New Tasmania represented a newly optimistic spirit of bipartisanship Yet in this book a close reading of solutions focused discourse reveals deeper asymmetries regarding whose voices are routinely privileged in framing the future On this basis the book argues for a solutions journalism founded on a nuanced understanding of hope and a plurality of community leaders and practical expertise
