Politics, Postmodernity and Critical Legal Studies Costas Douzinas, Peter Goodrich, Yifat Hachamovitch, 2005-08-02

This timely and assured book provides a unique guide to critical legal studies which is one of the most exciting developments within contemporary jurisprudence. It is the first book to systematically apply a critical philosophy to the substance of common law. The book develops a coruscating and interdisciplinary overview of the politics and cultural significance of the institutions of the law.

Critical Legal Studies Richard W. Bauman, 2021-11-28. Contemporary legal thought has been powerfully influenced by Critical Legal Studies, a school of legal scholars whose work has sustained a continuing radical critique of established legal doctrines. In this essential reference work, Richard Bauman presents the most thorough up-to-date guide available for this essential literature. In addition to providing the basic bibliographic information, Bauman offers a set of effective introductions to contextualize and explain the work being surveyed. He has created a fundamental handbook not only for the law but also for politics and radical thought.

Adriana Cavarero Elisabetta R. Bertolino, 2017-12-04. Critical legal scholars have made us aware that law is made up not only of rules but also of language. But who speaks the language of law? And can one lawfully speak in one's voice? For the Italian philosopher Adriana Cavarero, to answer these questions we must not separate who is speaking from the very act of speaking; moreover, we must recuperate the material singularity and relationality of the mouth that speaks. Drawing on Cavarero's work, this book focuses on the potentiality of the voice for resisting law's sovereign structures. For Cavarero, it is the voice that expresses one's living and unrepeatable singularity in a way that cannot be subsumed by the universalities and standards of law. The voice is essentially a material and singular passage of air and vibration that necessarily reveals one's uniqueness in relationality. Speaking discloses this uniqueness and so one's vulnerability. It therefore leads to possibilities of resistance that here bring a fresh approach to longstanding legal theoretical concerns with singularity, ethics, and justice.

Law in the Domains of Culture Austin Sarat, Thomas R. Kearns, 2009-11-10. Explores the relationship between culture and law.

Introducing Religion Willi Braun, Russell T. McCutcheon, 2016-04-08. The study of religion encompasses ordinary human social practice and is not limited to the extraordinary or divine. *Introducing Religion* brings together leading international scholars in the field of religious studies to examine religion as integral to everyday social practice. The book establishes a theoretical framework for the study of religion to analyse prayer, ritual, science, morality, and politics in relation to the world's major religions. It will be of interest to students of theory and method in religious studies seeking a clear introduction to the multifaceted nature of religion.

Symbolism 21 Florian Klaefer, Klaus Stierstorfer, Marlena Tronicke, 2021-10-25. Special Focus: Law and Literature. This special focus issue of *Symbolism* takes a look at the theoretical equation of law and literature and its inherent symbolic dimension. The authors all approach the subject from the perspective of literary and book studies, foregrounding literature's potential to act as

supplementary to a very wide variety of laws spread over historical geographical cultural and spatial grounds The theoretical ground laid here thus posits both literature and law in the narrow sense The articles gathered in this special issue analyse Anglophone literatures from the Renaissance to the present day and cover the three major genres narrative drama and poetry The contributions address questions of the law s psychoanalytic subconscious copyright and censorship literary negotiations of colonial and post colonial territorial laws the European refugee debate and migration narratives fictional debates on climate change contemporary feminist drama and classic 19th century legal narratives This volume includes two insightful analyses of poetic texts with a special focus on the fact that poetry has often been neglected within the field of law and literature research Special Focus editor Franziska Quabeck Westf lische Wilhelms Universit t M nster Germany

Looking for Love in the Legal Discourse of Marriage Renata Grossi,2014-09-01 This book examines the in visibility of romantic love in the legal discourse surrounding modern Australian marriage It looks at how romantic love has become a core part of modernity and a dominant part of the Western marriage discourse and considers how the ideologies of romantic love are or are not replicated in the legal meaning of marriage This examination raises two key issues If love has become central to people s understanding of marriage then it is important for the legitimacy of law that love is reflected in both the content and application of the law More fundamentally it requires us to reconsider how we understand law and to ask whether it is engaged with emotions or separate from them Along the way this book also considers the meaning of love itself in contemporary society and asks whether love is a radical force capable of breaking down conservative meanings embedded in institutions like marriage or whether it simply mirrors them This book will be of interest to everyone working on love marriage and sexuality in the disciplines of law sociology and philosophy

Towards a Vegan Jurisprudence Jeanette Rowley,2020-10-05 *Towards a Vegan Jurisprudence* The Need for a Reorientation of Human Rightsargues that in order to give effect to animal rights human society is obliged to question the extent to which our social norms permit us to manifest compassionate justice to other animals Jeanette Rowley posits a new perspective on the theory and practice of human rights to accommodate the demands of vegans for rights for nonhuman animals recognizing the existing argument that the idea grounding human rights is our ethical responsibility to the precarious mortal other Rowley develops this principle to ground the rights claims of vegans in the ethics of alterity applying the concept to nonhuman others to ground the protection of other animals and provide a new approach to human rights litigation to accommodate vegans calling for the reconceptualization of the very idea of human rights
