When he casually snaps a shot of two men meeting in a nearby clearing one of them spots the reflection of sun on glass finds its source climbs the tree and throws Mark from his blind killing him. Thinking the binoculars around the boy's neck were the source of the reflection he doesn't realize Mark hid the camera before he died. The next day and only weeks before a Presidential election the country is stunned when over two hundred residents of a Washington high rise are murdered by terrorists. The following week a high school gym filled with basketball fans is bombed killing hundreds more. When the body of an ex Russian agent is found in the rubble panicked Americans are divided between those wanting an alliance for peace with the Russians and those insisting on retaliation. The conservative incumbent orders a surgical retaliation on a Russian jamming station in Cuba believing this is what the electorate wants. His opponent publicly doubts Russia's involvement claiming they would never use one of their former agents to head a terror operation knowing his identity in case of capture or death would easily lead back to them. He insists others must be responsible and that cool headed leadership and communications with the Russians should have replaced a knee jerk military response. Mark's father Dan Kiley retired from an elite counter terror unit and a recent widower assumes his son's death was

accidental until he finds the camera and prints the film the last frame showing the two men in the clearing The branches of a tree in the frame partially hide the identity of one The other is the Russian ex agent found at the scene of the massacre But who was the other man in the picture Seeking help he visits his mentor and the man who organized the counter terror unit General Sam Borden Chairman of the Joint Chiefs When Megan the General s daughter answers the door it re ignites for Dan the embers of a relationship cooled by the death of her husband in a botched raid The General offers to help Dan identify the other man in the picture but before he does his apparent suicide and the note he leaves behind throws the election into turmoil and starts a congressional witch hunt targeting members of Dan s old unit Dan and Megan are cast into a labyrinth of intrigue from which Megan s escape will depend on Dan s choices It is the eve of the inauguration when Dan learns the identity of the other man in the photograph and realizes the extent of a decades old conspiracy culminating in a treaty to be signed at Camp David Creating for the first time unique alliances and enforceable agreements the treaty will shape new frontiers in disarmament health education and the economies of developing nations But when an assassination shatters the signing ceremony Dan and Megan must decide whether revealing the truth is worth the risk of destroying the promise of an era of world peace DEADLY PEACE David Namerow,2022-03-18 Don t you touch my pussy Carla growled at the 12 year old girl is the Chapter 1 start to this tale of international intrigue In Chapter 2 over two hundred residents of a high rise are murdered by terrorists while in Chapter 3 a high school gym filled with basketball fans is bombed killing hundreds more When the body of an ex Russian agent is found in the rubble panicked Americans are divided between those wanting an alliance for peace and those insisting on retaliation Dan Kiley retired from a counter terror unit organized by his mentor General Sam Borden Chairman of the Joint Chiefs recognizes the Russian agent as one of two men in the last photograph his son took before his death Realizing his son s death was no accident he tries to identify the second man partially obscured by the branches of a tree News of the General s suicide is followed by the revelation of a letter he left behind implicating Dan s old unit in the two massacres The congressional witch hunt that follows costs the incumbent President his reelection and shortly after the new President s inauguration Dan finally uncovers the architects of a vast conspiracy He must decide whether revealing the truth is worth the risk of destroying an international treaty promising an era of world peace
