Quiet Rise Of John Major:

The Quiet Rise of John Major Edward Pearce,1991

John Major, Tony Blair and a Conflict of Leadership

Michael Foley,2002 This book examines the evolution of leadership in the Labour Party from Harold Wilson to Tony Blair and looks at the New Labour project from a leadership perspective *The Political Leadership of Prime Minister John Major*

Thomas McMeeking,2020-12-11 This book seeks to re examine John Major s leadership using techniques developed through Presidential Studies namely using Fred Greenstein s seminal study of Presidential Leadership The Presidential Difference and its six criteria for leadership public communicator organisational capacity political skill public policy vision cognitive style and finally emotional intelligence It is through Greenstein s model that a fresh look can be taken at not only Major s time in office but equally the man himself which proves to be just as revealing Major s tenure has often been characterised as being weak and incompetent as he presided over a sleaze ridden and divided party on the issue of Europe With almost a quarter of a century having passed since Major left office it looks to be an appropriate moment to re assess his premiership and important role in the recent seismic events surrounding the 2016 Brexit referendum and its outcome **The Major**

Premiership Peter Dorey,2016-07-27 This book examines the politics and policies of the Major governments from 1990 to 1997 It examines how and why the Major governments sought to reform the civil service local government education social security and industrial relations and the extent to which such reform constituted a continuation of Thatcherism It also considers the problems experienced by John Major in leading and managing the parliamentary Conservative party with Europe proving particularly problematic for his premiership **Longman Handbook to Modern British History 1714 -**

2001 Chris Cook,John Stevenson,2014-07-10 This compact and accessible reference work provides all the essential facts and figures about major aspects of modern British history from the death of Queen Anne to the end of the 1990s The Longman Handbook of Modern British History has been extended to include a fully revised bibliography reflecting the wealth of newly published material in recent years the new statistics on social and economic history and an expanded glossary of terms The political chronologies have been revised to include the electoral defeat of John Major and the record of New Labour in office Designed for the student and general reader this highly successful handbook provides a wealth of varied data within the confines of a single volume Longman Companion to Britain Since 1945 Chris Cook,John Stevenson,2014-09-09 This timely

new edition of the Longman Companion to Britain since 1945 compiled by the series editors themselves provides a wide ranging compendium of key facts and figures on British history from the start of the landmark Attlee government in 1945 to the final years of the 1990s The book embraces all major aspects of British history government and society reflecting the massive social political and economic changes that have transformed the face of Britain since the end of the Second World War Fully revised and updated this new edition covers the advent of Tony Blair the electoral victory of New Labour in 1997 and the major constitutional changes currently underway in Britain This book will be invaluable to anyone interested in the

history and politics of post war Britain from students and teachers to party activists and lovers of reader friendly reference books *London from Punk to Blair* Joe Kerr, Andrew Gibson, 2003 Based upon an exploration of essays maps journeys pictures narratives and signs the editors have compiled an overview of London from the mid 70s through to the days of the Blair administration

Major Robert Taylor, 2006-10 John Major succeeded Margaret Thatcher as Prime Minister but his initial popularity soon faded with the devaluation of the sterling his achievement at Maastricht which brought division to his party and he oversaw the longest recession since WW2

Biographical Dictionary of British Prime Ministers Robert Eccleshall, Graham Walker, 2002-06-01 The Biographical Dictionary of British Prime Ministers is a wide ranging comprehensive guide to the political lives of Britain's prime ministers from Sir Robert Walpole to Tony Blair Written by some of the leading authorities on British politics this authoritative dictionary provides essential information about each premiership including facts and analytical debate Each entry has been written to the same formula and contains brief biographical information outlining career history and significant dates and events a brief summary of the significance and peculiarities of a particular prime minister followed by a more descriptive and interpretative account of his or her political life and impact on British politics references and further reading The Biographical Dictionary of British Prime Ministers addresses many of the key themes to understanding the role and impact of particular prime ministers such as the political context party management and reform intra party intellectual debate and where relevant the evolution of the office of prime minister

John Major Penny Junor, 1996

Where Power Lies Lance Price, 2014-05-08 Britain has one of the oldest and most developed democracies on earth It is admired and copied the world over Yet at home British politics is frequently viewed with a mixture of derision and contempt Why Our democratic system may be mature but the politicians we elect and the media we rely on to tell us what they are up to often behave like difficult teenagers calling each other names arguing for the sake of argument and pointing the finger of blame rather than accepting responsibility Little wonder that the public switches off tired of all the racket and fed up with the lot of them How did we get into this sorry state or was it ever thus With first hand experience of the worlds of both journalism and politics Lance Price looks back over almost a century of battles between the media and our political leaders to find out who is to blame He exposes liars in Downing Street and scoundrels in Fleet Street bullies and megalomaniacs in both There are many wiser heads too who see the madness and try to find a better way of doing things Yet are all in pursuit of the same objective Power They want power over each other and power over the rest of us It is a battle without end and too often the truth is the first casualty Where Power Lies is the story of how powerful men and women have tried for generations to twist the facts to their own ends It puts the struggle for supremacy between journalists and politicians into perspective And it offers a glimmer of hope for a future in which both sides grow up learn to respect each other and trust the rest of us with that most precious of all commodities the truth

Europe Since 1945 Bernard A. Cook, 2001 Employing 286 scholars this two volume encyclopedia contains entries on

post World War II European political history and groups significant events and persons the economy religion education the arts women s issues writers and more

Our Times A. N. Wilson, 2011-01-04 When Queen Elizabeth II was crowned in 1953 many proclaimed the start of a new Elizabethan Age Few had any inkling however of the stupendous changes that would occur over the next fifty years both in Britain and around the world In *Our Times* A N Wilson takes the reader on an exhilarating journey through postwar Britain With his acute eye not just for the broad social and cultural sweep but also for the telling detail he brilliantly distills half a century of unprecedented social and political change Here are the defining events and characters of the modern age from the Suez crisis to Vietnam from the Beatles to Princess Diana Here are the Angry Young Men the rise of pop culture and celebrity industrial unrest and the Winter of Discontent the Thatcher era and the eventual collapse of the Soviet Union This book propels the reader from postwar austerity to the end of the British Empire and the emergence of America as a superpower to the multicultural Britain of today With *Our Times* Wilson triumphantly concludes the acclaimed trilogy that opened with *The Victorians* and was followed by *After the Victorians* *Our Times* makes compelling reading for anyone interested in the forces that have shaped our world

Britain Since 1945 David Childs, 2006 This is the sixth edition of what has become the standard textbook on contemporary British political history since the end of World War II This authoritative chronological survey discusses domestic policy and politics in particular but also covers external and international relations The new and improved edition of this important book brings the picture to the present by including the following additions September 11th the Iraq war and after the election of Iain Duncan Smith DS and Michael Howard as leaders of the Conservative party the issue of immigration the new royal wedding the 2005 election the importance of China on the British stage *Britain since 1945* is essential reading for any student of contemporary British history and politics

Who's Who in Modern History Alan Palmer, 2019-05-07 *Who's Who in Modern History* is a unique reference book which examines those individuals who have shaped the political world since 1860 Coverage is truly global including the most important figures in Europe Asia North America Latin America Africa and Australasia It provides an easy to use A Z layout authoritative detailed biographies of the most important figures since 1860 from Clemenceau and Chief Buthelezi to King Fahd and Benazir Bhutto bibliographical references for each entry to aid further research extensive cross referencing an essential guide for students researchers and the general reader alike

Pitt the Elder Edward Pearce, 2010-01-26 This remarkable book opens at the dawn of the British Empire with the great sea battle at Quiberon Bay where French ships intended for the 1759 invasion of Britain are chased caught and defeated by a fleet commanded by Admiral Sir Edward Hawke In this momentous victory Britain effectively settled the outcome of the Seven Years War and established itself as the world s dominant imperial power At the heart of the conflict with France was William Pitt the first Earl of Chatham and Britain s future Prime Minister Weaving together military history and political biography Edward Pearce provides a portrait of the man with an eye like a diamond a man who had close ties with the slave trade and who preached

war and British supremacy on a world stage Alongside detailed descriptions of battles in Europe and North America we follow Pitt s career as a politician one that was closely intertwined with General James Wolfe at Quebec American independence the slow mind of George III and the quick one of the rake and outsider John Wilkes Edward Pearce scrutinises the real man at the heart of the historical events and mystique surrounding the legacy of Pitt the Elder to present a rounded and masterful portrait of arguably the most powerful minister ever to guide Britain s foreign policy and of an age which marked a new epoch in history when the balance of power in Europe and the world was set for almost two centuries

Co-Managing International Crises Markus Kornprobst,2019-04-25 How do states succeed or fail in managing crises together Kornprobst examines the structures and processes of cross national crisis co management **Back from Westminster** Phillip Norton,David M. Wood,2021-11-21 The British House of Commons has entered a period of substantial change moving from a state of party cohesion and party leadership toward a more individualistic and active policy making role In the dynamic look at the British Parliament and its members Philip Norton and David M Wood highlight that change to more intensive constituency response and service on the part of individual members Like members of the U S Congress British Members of Parliament MPs are elected to represent geographical districts The relationship between the MP and the constituency in Britain has become more important in recent years but the major changes that have occurred in the relationship since the late 1960s have not been matched by extensive scholarly study Some pathbreaking work has been done on the subject but it remains overshadowed by the wealth of material focusing on MPs activities within the legislative chambers at Westminster This volume seeks to fill the gap by sketching and assessing the electoral significance of the MPs constituency work and the broader political ramifications for the workings of the British Parliament Its findings allow the MP to be seen in full Norton and Wood argue that the constituency role has gained in importance in recent decades as MPs have become more career oriented than their forerunners in mid century But a by product of greater professionalism and careerism has been an expanded job description that may take MPs time and energies away from playing a more effective role in helping to shape the broader policy alternatives for the United Kingdom The 1922 Committee Philip Norton,2023-10-17 The Conservative Private Members 1922 Committee is an important but elusive force in British politics Despite becoming almost a household name during the leadership crises of 2022 it remains little understood beyond the corridors of Westminster Established in 1923 by a group of Conservative MPs elected the year before the Committee offers backbenchers an opportunity to discuss their views and coordinate independently of the frontbench Over time it has become the kingmaker of the Conservative Party overseeing leadership elections and confidence votes such as that faced by Boris Johnson over partygate How did the Committee come together How is it structured and how much power does it really wield These are among the questions the book considers Providing unprecedented insights into this long standing institution it is essential reading for anyone who cares about the integrity of our political system *At the Centre of Whitehall* J. Lee,G.

Jones, J. Burnham, 1998-04-22 This authoritative text examines the arrangements at the centre of Whitehall for advising the British prime minister and Cabinet especially during the Thatcher and Major governments The traditional coordinating centre has shifted from the Treasury to the Prime Minister's Office and the Chief Whip's Office in Downing Street and to the Cabinet Office in Whitehall Exploration of the separate but interlinking contributions made by these three parts of the centre shows they form a flexible but not entirely adequate support for modern government

Right here, we have countless book **Quiet Rise Of John Major** and collections to check out. We additionally pay for variant types and as a consequence type of the books to browse. The conventional book, fiction, history, novel, scientific research, as without difficulty as various other sorts of books are readily easy to get to here.
