Quisling And Others:

In Quisling's Shadow Alexandra Yourieff, W. George Yourieff, 2013-09-01 Alexandra Andreevna Voronine Yourieff wife of Vidkun Quisling reveals firsthand in this detailed memoir the tragedy betrayals misunderstandings and happiness of her fascinating life Not just a tale of saints and sinners but of three people Alexandra Quisling and his second wife Maria whose fates were intertwined under the extreme conditions created by revolution war and famine in Russia She discloses every particular of her long and tumultuous life from her happy early childhood on the Crimean peninsula thorough the horrors of the revolution her marriage to Quisling and his ultimate betrayals of both her and his country to her later life in France and California

Tawdry Knickers and Other Unfortunate Ways to Be Remembered Alex Novak, 2010-10-05 Some are born notorious Others have notoriety thrust upon them Few realize that their morning mouthwash bears the name of a life saving British baron or that their sugary graham crackers would be abhorred by the health food fanatic who concocted the flavorless original recipe Throughout history the proper names of figures both noble and notorious have slipped into the common and uncommon corners of our vocabulary Tawdry Knickers and Other Unfortunate Ways to Be Remembered details the lamentable lives and legacies of history's most infamous namesakes and the words they inspired Henry Shrapnel died of natural causes despite having invented the shells whose shattering fragments would rain hellfire on soldiers from the Battle of Waterloo through the Vietnam War Poor virgin St Audrey suffered from a bulging neck tumor and the unwanted advances of an unsympathetic husband but never lived to hear crass vendors eventually hawk her tawdry lace If New York blueblood Harmen Knickerbocker isn't rolling over in his grave his nineteenth century drawers are at least in a twist over having his venerable family name associated with underwear Barbara Handler has never been happy about providing the name for the original Barbie to say nothing of her doll's plastic relationship with Ken named for her real life brother In contrast to these dynamite inventor Alfred Nobel avoided the inevitable merchant of death epitaph awaiting him by using his enormous explosives fortune to establish the Nobel Prize Foundation Want to know where your words come from The surprising humorous and often ironic stories behind ninety notable eponyms will take you on an undercover tour of the etymological sausage factory

A History of Political Trials John Laughland, 2008 This is a formidable and well documented counterblast to a developing modern orthodoxy expressing a point of view that many readers will not even have suspected existed let alone read Anthony Daniels Spectator A useful and controversial contribution to the debate about victor's justice and a valuable warning that international war crimes tribunals need to operate with precision and care Jonathan Steele Guardian The rapid development of the use of international courts and tribunals to try heads of state for genocide and other crimes against humanity has been welcomed by most people because they think that the establishment of international tribunals and courts to try notorious dictators represents a triumph of law over impunity In A History of Political Trials John Laughland takes a very different and controversial view namely that political trials are inherently against the rule of law and

almost always involve the abuse of process as well as being seriously hypocritical. By means of detailed consideration of the trials of figures as disparate as Charles I, Louis XVI, Erich Honecker and Saddam Hussein, Laughland shows that the guilt of the accused has always been assumed in advance, that the judges are never impartial, that the process is always unfair and biased in favor of the prosecution, that the defense is not permitted to use all the arguments at its disposal, and that often the accusers have done exactly what they accuse the defence of having done. All the trials he recounts were marked by arbitrariness and injustice, often gross injustice. Although the chapters are short and easy to read, they are the fruit of formidable erudition and wide reading. The general reader will be forced by this book to re-examine the ideas on this subject and will be much less sanguine about the possibility of bringing dictators and other leaders to genuine justice.

John Laughland lives in Bath and is an author, journalist, and has been a university lecturer in France. He has published *The Tainted Source: The Undemocratic Origins of the European Idea* (Time Warner Paperbacks) and has written for the *Spectator*, *the Economist*, and *The New York Times*. Table of Contents: Introduction, The Trial of Charles I and the Last Judgement, The Trial of Louis XVI and the Terror, War Guilt after World War I, Defeat in the Dock, the Riom Trial, Justice as Purge, Marshal Peacote, tain faces his Accusers, Treachery on Trial, the Case of Vidkun Quisling, Nuremberg: Making War Illegal, Creating Legitimacy, the Trial of Marshal Antonescu, Ethnic Cleansing and National Cleansing in Czechoslovakia, 1945-1947, Peoples' Justice in Liberated Hungary, From Mass Execution to Amnesty and Pardon, Postwar Trials in Bulgaria, Finland and Greece, Politics as Conspiracy, the Tokyo Trials, The Greek Colonels, the Emperor Bokassa and the Argentine Generals, Transitional Justice, 1975-2007, Revolution Returns, the Trial of Nicolae Ceausescu, A State on Trial, Erich Honecker in Moabit, Jean Kambanda, Convicted without Trial, Kosovo and the New World Order, the Trial of Slobodan Milosevic, Regime Change and the Trial of Saddam Hussein, Conclusion, Notes, Bibliography and Further Reading, Index.

News of Norway, 1944 **Hitler Over Russia?** Ernst Genri, 1936 *Fascists of the World, Unite?* Martin Kristoffer Hamre, 2025-08-04. This book analyzes the ideas and forms of international cooperation between Fascist Italy, Nazi Germany, and fascist movements from Denmark, Norway, Sweden, Switzerland, Ireland, and Britain. The study examines how fascists attempted to unite across borders by forming international organizations and networks, hosting conferences and exhibitions, disseminating multilingual publications, and exchanging propaganda. Their transnational cooperation was fuelled by shared ideas of ultranationalism, anti-liberalism, anti-communism, antisemitism, racism, white supremacism, and Europeanism. The book argues that fascist internationalism, marked by contradictions, limitations, and an Italo-German rivalry, emerged in the 1930s as a counter-reaction to liberal and communist internationalism. The epilogue discusses reverberations in the Second World War and the postwar period and outlines the relevance of this history for understanding contemporary forms of far-right internationalism.

Stories from the Stalags Martin W Bowman, 2024-07-31. From 1942 until the end of the war in Europe, the aircraft of the RAF's Bomber Command and the United States 8th and 15th Air Forces provided twenty-four-hour round-the-clock bombing of the Third

Reich Aircraft and crew casualties were heavy as bomber after bomber succumbed to flak and fighter defenses For those not killed outright by the Luftwaffe's onslaught only baling out over hostile enemy territory could offer any hope of survival But this generally meant solitary confinement interrogation indignities and even extreme hardship for the men who became known as Kriegies a word derived from the German Kriegsgefangenen meaning prisoners of war Many months of incarceration sometimes in appalling conditions would become commonplace for those held in camps throughout Germany Poland and the Greater Reich Here at first hand are stories of some of those Allied bomber crewmen faced with sudden leaps into that dangerous unknown For most and particularly the injured capture was immediate imprisonment inevitable For some evasion was possible but rarely for long For others taken prisoner staying alive was uppermost in the minds of most and in many cases only the comradeship of fellow prisoners and for some thoughts of escape became a constant preoccupation Never to be forgotten too are the conditions and suffering endured by many PoWs when in the face of the relentless Soviet Army advance into Germany the camps were hastily emptied and the prisoners forced to march westward as the Germans staged their last gasp futile attempts to prevent the Kriegies falling into Russian hands For these men many of whom had been behind the wire for years this was the final injustice Martin Bowman's revealing narrative describes in adrenaline pumping detail the furious air battles that led to the predicament of many shot down airmen as well as the personal campaigns they fought to regain their freedom Fascinating for its gripping and factual recreation of the bombers encounters with enemy fighters and flak as well as the confrontations in captivity between PoWs and guards Stories from the Stalags provides a real insight into the war as some of those who fell from formation saw it **Congressional Record** United States. Congress,1959 **Gold Run** Robert Pearson,2015-06-04 The WWII story of Norwegian resistance in the face of Nazi invasion a daring escape for the Norwegian royal family and fifty tons of gold bullion Gold Run recounts the thrilling story of the loyal Norwegians who rescued the Norwegian royal family government and nearly fifty tons of gold bullion from invading Nazis during World War II One of the greatest gold snatches in history it is a tale of loyal citizens who achieved an incredible feat against overwhelming odds through bravery endurance and leadership plus a little good fortune and help from the British Royal Navy The German invasion on the night of April 9 1940 took Norway almost completely unawares But one small coastal battery took swift action to protect the country's leadership In desperate haste the royal family fled Oslo by rail dodging bombs and strafing With extraordinary ingenuity the gold was moved by road rail and fishing boat hotly pursued by the Germans After several instances of near disaster the Norwegians managed to get the gold to the coast where the Royal Navy came to the rescue It was taken off in three Royal Navy Cruisers HMS Enterprise Galatea and Glasgow The ships were attacked in port then constantly harassed and bombed by the Luftwaffe as they made their way back to the United Kingdom The Germans had gained a country but lost a king a government and a huge amount of bullion that would have financed their war machine Norway in the Second World War Ole Kristian Grimnes,2022-09-08 Covering political military economic and

social history Norway in the Second World War is the most authoritative book on the subject in the English language This innovative study describes how the Germans conquered Norway in 1940 and the type of government that was then imposed German organisations such as the Wehrmacht the SS and the civilian Reichskommissariat are all presented along with how they operated during the occupation Ole Kristian Grimnes examines the Norwegian Nazi Party and the important role that it played during the period as well as analysing how the Norwegian economy became integrated into the German war economy The Norwegian resistance including the Communists and the Norwegian government in exile are explored in detail while a separate chapter on the Holocaust in both Norwegian and international contexts is also included As such Norway in the Second World War is the definitive text on war and Nazi occupation in a nation that has been sorely neglected by the literature in the field until now

Betrayals And Treason Nachman Ben-yehuda,2018-03-08 In Betrayals and Treason Nachman Ben Yehuda identifies the universal structure of betrayals as the violation of trust and loyalty and charts the different manifestations and constructions of these violations all within numerous cases across time place and cultures Betrayals do not just lie in the eyes of the beholder completely relative While the very idea of betrayals is a social construct underlying it is a universal structure of violations of both trust and loyalty Whenever this structure materializes the label betrayal is invoked and applied

Quisling: the Career and Political Ideas of Vidkun Quisling, 1887-1945 Paul M. Hayes,1972 **Trials of War Criminals Before the Nuremberg Military Tribunals Under Control Council Law No. 10, Nuernberg, October 1946-April 1949** International Military Tribunal,1949 **Semiotics 1981** John N.

Deely,2012-12-06 This volume differs from the volume Semiotics 1980 in that it is no longer an experimental product but the result of a permanent commitment of the Semiotic Society of America to publish each year henceforward those papers presented at its Annual Meeting which are submitted to the Secretariat in timely and proper form Thus Semiotics 1981 marks the beginning following upon the experimental Semiotics 1980 volume of an indefinite series of volumes presenting the cross fertilization of styles topics methodologies and traditions in which new ideas vie for survival and experiment is at a premium It is this cross fertilization which is at the heart of the vitality and integration and redistribution of the world of knowledge The historical value of such a record is obvious But the more immediate objective of these volumes of annual proceedings is to promote participation in the work of semiotizing traditional perspectives and disciplines by providing a forum in which young scholars can meet regularly and find an outlet for their efforts at interdisciplinary thinking which are not always welcome in the journals and proceedings devoted to the promotion only of traditionally specialized perspectives

The Age of Catastrophe Heinrich August Winkler,2015-01-01 One of Germany s leading historians presents an ambitious and masterful account of the years encompassing the two world wars Characterized by global war political revolution and national crises the period between 1914 and 1945 was one of the most horrifying eras in the history of the West A noted scholar of modern German history Heinrich August Winkler examines how and why Germany so radically broke with the

normative project of the West and unleashed devastation across the world In this total history of the thirty years between the start of World War One and the dropping of atomic bombs on Hiroshima and Nagasaki Winkler blends historical narrative with political analysis and encompasses military strategy national identity class conflict economic development and cultural change The book includes astutely observed chapters on the United States Japan Russia Britain and the other European powers and Winkler's distinctly European perspective offers insights beyond the accounts written by his British and American counterparts As Germany takes its place at the helm of a unified Europe Winkler's fascinating account will be widely read and debated for years to come

War and Semiotics Frank Jacob, 2020-12-28 Wars create their own dynamics especially with regard to images and language The semiotic and semantic codes are redefined according to the need to create an enemy image or in reference to the results of a war that are post event defined as just or reasonable The semiotic systems of wars are central to the discussion of the contributions within this volume which highlight the interrelationship of semiotic systems and their constructions during wars in different periods of history

I was Quisling's Secretary Harald Franklin Knudsen, 1967 **British Medical Journal**, 1891 **Norway's War** Robert Ferguson, 2025-03-27 In the early morning of 9 April 1940 a fleet of German battleships entered the Oslofjord Norwegian artillery delayed them long enough for King Haakon VII and his cabinet to escape to England but there was no stopping the Nazi Blitzkrieg Norway stood on the cusp of a traumatic five year occupation whose aftershocks would continue to trouble its national consciousness long after the defeated Germans departed in May 1945 Robert Ferguson tells the extraordinary and relatively little known story of the occupation and its judicial aftermath He focuses in particular on German attempts to use a Norwegian Nazi administration under Vidkun Quisling to impose a National Socialist revolution on the country and on the many brave and ingenious ways in which the Norwegians resisted Ferguson describes the occupation in all its aspects from Nazi terror to non violent resistance from censorship to sabotage via a series of heterogeneous but interlinked narratives Key players in the occupation and its wider story including the pitiless Reichskommissar Josef Terboven the Norwegian crime writer turned SS strongman Jonas Lie the principled Lutheran bishop Eivind Berggrav and the enigmatic double agent Gunnar Waaler are drawn in memorably vivid colours A riveting account of the Second World War's forgotten occupation Norway's War evokes in moving fashion the moral and physical courage of a people who faced with the brutal tyranny of a totalitarian invader refused to be cowed

Church Resistance to Nazism in Norway, 1940-1945 Arne Hassing, 2014-02-01 Church Resistance to Nazism in Norway 1940 1945 examines the evolution of the Lutheran state Church of Norway in response to the German occupation While German Protestant churches generally accepted Nazism and state incorporation Norway's churches rejected both Nazism and ideological alignment Arne Hassing moves through the history of the Church of Norway's relationship to the Nazi state from its initial confused complicities to its open resistance and separation He writes engagingly of the people at the center of this struggle and reflects on how the resistance affected the postwar church and state

Yeah, reviewing a ebook **Quisling And Others** could accumulate your close links listings. This is just one of the solutions for you to be successful. As understood, talent does not recommend that you have wonderful points.

Comprehending as well as concurrence even more than additional will come up with the money for each success. adjacent to, the pronouncement as skillfully as insight of this Quisling And Others can be taken as without difficulty as picked to act.
