Quoting Caravaggio Contemporary Art Preposterous History:

Quoting Caravaggio Mieke Bal, 1999-08 A rigorous rewarding work Quoting Caravaggio is at once a meditation on history as a creative nonlinear process a study of the work of Caravaggio and the Baroque and a brilliant critical exposition of contemporary artistic expression 62 color plates 25 halftones *Quoting Caravaggio* Mieke Bal, 2001-03 The author's primary object of investigation in this text is not the Caravaggio but rather the issue of temporality in art She analyzes the productives relationship between Caravaggio and a number of late 20th century artists who quote the baroque master in their own works **Quoting Caravaggio** Mieke Bal, 2003-06-01 **Key Writers on Art: The Twentieth Century** Chris Murray, 2005-06-27 Key Writers on Art The Twentieth Century offers a unique and authoritative guide to modern responses to art Featuring 48 essays on the most important twentieth century writers and thinkers and written by an international panel of expert contributors it introduces readers to key approaches and analytical tools used in the study of contemporary art It discusses writers such as Adorno Barthes Benjamin Freud Greenberg Heuser Kristeva Merleau Ponty Pollock Read and Sontag *The Fascist Turn in the Dance of Serge Lifar* Mark Franko, 2020-06-19 Ukrainian dancer and choreographer Serge Lifar 1905 86 is recognized both as the modernizer of French ballet in the twentieth century and as the keeper of the flame of the classical tradition upon which the glory of French ballet was founded Having migrated to France from Russia in 1923 to join Diaghilev's Ballets Russes Lifar was appointed star dancer and ballet director at the Paris Opéra in 1930 Despite being rather unpopular with the French press at the start of his appointment Lifar came to dominate the Parisian dance scene through his publications as well as his dancing and choreography until the end of the Second World War reaching the height of his fame under the German occupation of Paris 1940 44 Rumors of his collaborationism having remained inconclusive throughout the postwar era Lifar retired in 1958 This book not only reassesses Lifar's career both aesthetically and politically but also provides a broader reevaluation of the situation of dance specifically balletic neoclassicism in the first half of the twentieth century *The Fascist Turn in the Dance of Serge Lifar* is the first book not only to discuss the resistance to Lifar in the French press at the start of his much mythologized career but also the first to present substantial evidence of Lifar's collaborationism and relate it to his artistic profile during the preceding decade In examining the political significance of the critical discussion of Lifar's body and technique author Mark Franko provides the ground upon which to understand the narcissistic and heroic images of Lifar in the 1930s as prefiguring the role he would play in the occupation Through extensive archival research into unpublished documents of the era police reports the transcript of his postwar trial and rarely cited newspaper columns Lifar wrote Franko reconstructs the dancer's political activities political convictions and political ambitions during the Occupation **The Art of Maria Tomasula** Soo Y. Kang, 2022-11-15 Maria Tomasula's still life paintings are absolutely captivating dramatizing luscious objects of saturated colors and meticulous details through the spotlight effect against a dark backdrop Beyond their immediate appeal however the still lifes usually contain disturbing

features such as flowers being sharply pierced by hooks and nails or isolated body parts such as bones and organs that seem to be fiercely alive Although the pictures are materialistically appealing due to the illusionistic style of the artist they lend themselves to a depth of iconography that has not been accounted for in previous writings on her art This book is the first comprehensive monograph on Tomasula b 1958 unraveling her complex iconography that is founded on her Mexican American heritage and Catholicism but also tracing the European still life tradition It shows that her paintings reflect her feminist and philosophical leanings influenced by various intellectuals including Baruch Spinoza Gilles Deleuze and the proponents of New Materialism Her still life converges the old with new interests it pays tribute to traditional Mexican and European motifs but also reflects ideas and mannerism that speak to the contemporary audience This research evidences the complexity of the Mexican American experience which merges divergent cultural and ideological perspectives from Latin America North America and Europe in varied ways for different and unique individuals

Baroque Aesthetics in Contemporary American Horror Gabriel Eljaiek-Rodríguez, 2021-12-10 This book traces a trend that has emerged in recent years within the modern panorama of American horror film and television the concurrent and often overwhelming use of multiple stock characters themes and tropes taken from classics of the genre American Horror Story Insidious and The Conjuring are examples of a filmic tendency to address a series of topics and themes so vast that at first glance each taken separately would seem to suffice for individual films or shows This book explores this trend in its visible connections with American Horror but also with cultural and artistic movements from outside the US namely Baroque art and architecture Asian Horror and European Horror It analyzes how these hybrid products are constructed and discusses the socio-political issues that they raise The repeated and excessive barrage of images tropes and scenarios from distinct subgenres of iconic horror films come together to make up an aesthetic that is referred to in this book as Baroque Horror In many ways similar to the reactions provoked by the artistic movement of the same name that flourished in the XVII century these productions induce shock awe fear and surprise Eljaiek Rodríguez details how American directors and filmmakers construct these narratives using different and sometimes disparate elements that come together to function as a whole terrifying the audience through their frenetic accumulation of images tropes and plot twists The book also addresses some of the effects that these complex films and series have produced both in the panorama of contemporary horror as well as in how we understand politics in a divisive world that pushes for ideological homogenizations
