Leaman,2006-05-02 A RUSA 2007 Outstanding Reference Title The Qur'an is the source of inspiration for one of the world's major religions followed today by over a billion people. It plays a central role in Islam and ever since it appeared fourteen hundred years ago has been the subject of intense debate. Some of this has been carried out by Muslims and some by those hostile or indifferent to Islam producing a very wide range of views. Authored by forty-three international experts, the objective of The Qur'an: An Encyclopedia is to present this diversity of thought approach and school without priority in order to give a strong appreciation of the range of response that the text has provoked throughout its history and providing students and researchers with a powerful one-volume resource covering all aspects of the text and its reception. Islam and the Qur'an are much in the news today and there is a public debate going on in which things are said about the Qur'an without much knowledge or understanding of the book. Every effort has been made to help the reader use the Encyclopedia as an investigative tool in Quranic studies. The volume assumes no previous knowledge of the Qur'an, Islam or Arabic. Technical terms are explained in the text itself and the style of each entry is designed to be as self-contained as possible. Entries are cross-referenced and many include a brief bibliography. At the end of the work there is a substantial annotated bibliography providing a detailed guide to the most significant books, journals and articles in Quranic Studies. There is a full index. The readership will include those seeking basic information on the Qur'an; however, the substantial number of longer entries means that it will also be used by specialists.

Holy Quran Maulana Muhammad Ali,2011-05-02 The Holy Qur'an EBook version English Translation and Commentary Detailed commentary with extensive references to standard authorities both classical and modern Comprehensive introduction deals with Islamic teachings and the collection and arrangement of the Holy Qur'an Extensive Index Reviews There is no other translation or commentary of the Holy Qur'an in the English Language to compete with Maulvi Muhammad Ali's Masterpiece. Al-Haj Hafiz Ghulam Sarwar, translator of the Holy Qur'an. To deny the excellence of Maulvi Muhammad Ali's translation, the influence for good it has exercised and its proselytizing utility would be to deny the existence of the light of the sun. Maulana Abdul Majid Daryabadi, leader of Orthodox Muslim opinion in India, has all the merits of what is desired in a translation. The Anjuman Himayat-e-Islam, Lahore, Pakistan. By far the best text currently available in the English language, incontestably one of the finest interpretations of the sacred scripture of Islam. I have no hesitation whatsoever in recommending this translation to students and others seeking to understand the essence and epitome of the Quranic message. Prof. T. Hargery, Director, African Studies, Northeast Missouri State University, Kirksville. An austere, faithful translation in English based on a close study of commentaries of the Qur'an, the work of my learned namesake, Maulvi Muhammad Ali of Lahore. The translation and the notes all demonstrate the labour of love and devoted zeal. Late Maulana Muhammad Ali Jauhar of The Comrade. It is certainly a work of which any scholar might legitimately be proud. The Quest, London.
