Paietta,2015-01-24 The portrayal of clergy saints missionaries monks and other spiritual leaders dates back to the very beginnings of motion pictures and television Over the years filmmakers have portrayed religious figures as heroes and villains sinners and saints and nearly everything in between Through their works filmmakers have influenced how society

viewed these religious figures and by extension religion itself This work details over 900 films and television series made from the 1890s through 2003 in which a religious figure plays a prominent or recurring role or in which a character poses as a religious figure For each motion picture full filmographic data are provided including title studio running time year of release director producer writer and cast along with a synopsis focusing on the role of the religious figure Television series are covered in a separate section For each show the entry includes the title under which the show was commonly known the original broadcast network the years the show ran running time and cast and a brief discussion of the religious character s role in the overall series Extensively indexed *Jewish Films in the United States*, 1976 Includes feature films Yiddish films Newsreels U S Army Stock Films related to Israel Television shows Israeli documentaries religious films and organizational films **Bowker's Guide to Characters in Fiction 2007**, 2008-02 Life and Work Tim Parks, 2016-06-28 Acclaimed novelist and critic Tim Parks has long been fascinated by the complicated relationship between an author s life and work Dissatisfied with the dominant modes of reading he encountered he began exploring the underlying values and patterns that guide authors in both their writing and their lives In a series of provocative incisive and unflinching essays written over the past decade and collected for the first time here he reveals how style and content in a novel reflect a whole pattern of communication and positioning in the author s ordinary and daily behavior We see how life and work are deeply enmeshed in the work of writers as diverse as Charles Dickens Feodor Dostoevsky James Joyce Anton Chekhov Philip Roth Julian Barnes Peter Stamm and Geoff Dyer among others Parks further shows us how readers reactions to these writers and their works are inevitably connected to these communicative patterns establishing a relationship that goes far beyond aesthetic appreciation This original and daring collection takes us into the psychology of some of our greatest writers and challenges us to see with more clarity how our lives become entangled with theirs through our reading of their novels *Catalog of Copyright Entries* Library of Congress. Fee,Cherith Fee Nordling,2025-03-17 In this exciting volume a renowned New Testament scholar provides his lectures on New Testament theology and provides us a window on his approach on a variety of issues He describes the task as follows New Testament theology is the art of giving coherence to the collective witness of the twenty seven New Testament documents as they attest to the Christian faith while not sacrificing the historical particularity of any one text or author within the canon and to do this as clearly as possible and with as much consistency and unity as possible New Testament theology deals with all the New Testament We must resist the tendency to find a canon within the canon or to neglect some lesser figures in the New Testament canon New Testament theology is first of all a descriptive task i e we must first try to describe what is there But given our stance toward Scripture what we describe also becomes prescriptive or normative We must never forget that the writings of the New Testament are ad hoc documents written in each and every case to speak to a specific need Thus rather than careful systematic presentations of theology such as in a book or a lecture the earliest Christian theology is worked out in the marketplace as it were Therefore we must be careful not to force the New Testament writers to answer all of our questions nor even to use our logic or thought forms excerpted from chapter 1 *The Moving Picture World* ,1913 **The Mussar Torah Commentary** Rabbi Barry Block,2019-11-01 This mussar based commentary is a vital resource for Torah study offering a thoughtful analysis of each of the 54 weekly parashot Each essay in this anthology brings a parashah into juxtaposition with one of the mussar middot character traits as described within the Jewish school of ethics called mussar thereby providing an applied lens of mussar teachings that helps us to delve deeper into our tradition with increased mindfulness and intention *The Complete Idiot's Guide to the Ultimate Reading List* John Charles,Shelley Mosley,2007-07-03 Great reads for busy people This is a guide to help busy people find great reads in fiction and nonfiction Filled with recommendations of popular entertaining reading this book covers mystery and suspense romance women s fiction and chick lit Westerns science fiction such nonfiction topics as animals art biography memoirs business true crime and more Plus each entry includes a summary of the book its significance and a critique observation comment
