Little Jack Rabbit's Adventures David Magie Cory, 1921 **The Codex Borbonicus Veintena Imagery** Catherine DiCesare, 2025-10-01 The sixteenth century pictorial manuscript known as the Codex Borbonicus contains a remarkable record of the eighteen Mexica or Aztec festival periods of twenty days known as veintenas celebrated during the 365 day solar year Because its indigenous artists framed the Borbonicus veintenas with historical year dates this volume situates the annually recurring rituals within the march of linear reckoned time in the singular year 2 Reed 1507 during the reign of Moteuczoma II DiCesare attends to the historical dimensions of several unusual scenes proposing that the veintenas probably varied significantly from year to year in response to historical concerns She considers particularly whether the Borbonicus veintenas document the confluence of solar year ceremonies with a second set of ritual feast days governed by the 260 day cycle known as the tonalpohualli or count of days In this way DiCesare analyzes how linear and cyclical conceptions of time intersected in Mexica ritual performance **The Rabbit Skin Cap: A Tale of a Norfolk Countryman's Youth, Written**
