India's Shakespeare: Translation, Interpretation and Performance Poonam Trivedi, Dennis Bartholomeusz, 2005 India's Shakespeare Translation Interpretation and Performance is ideal for English literature performance translation studies This collection of essays examines the diverse aspects of

Shakespeare's interaction with India since two hundred years ago when the British first introduced him here. While the study of Shakespeare was an imperial imposition, the performance of Shakespeare was not. Shakespeare translated and adapted on the commercial stage during the late nineteenth century was widely successful and remains to this day the most published and performed western author in India. The important role Shakespeare has played in allowing cultures to speak with each other forms the center of this volume with contributions examining presence of Shakespeare in both colonial and post colonial India. The essays discuss the several contexts in which Shakespeare was read, taught, translated, performed and absorbed into the cultural fabric of India. The introduction details the history of this induction, its shifts and developments and its corresponding critical discourse in India and the west. This collection of essays, emerging from first hand experience, is presented from a variety of critical positions: performative, textual, historicist, feminist and post colonialist, as befits the range of the subject.

India's Shakespeare Poonam Trivedi, Dennis Bartholomeusz, 2005. This is a collection on the diverse aspects of the interaction between Shakespeare and India, a process embedded in the contradictions of colonialism of simultaneous submission and resistance. The essays, grouped around the key issues of translation, interpretation and performance, deal with how the plays were taught, translated and adapted, as well as the literary, social and political implications of this absorption into the cultural fabric of India. They also look at the other side: what India meant to Shakespeare. Further, they document how the performance of Shakespeare both colonized and catalyzed Indian theater, being staged in English in schools in translation in various parts of the country through acculturation into indigenous theater forms and Hindi cinema. The book highlights and thus rereads not just one of the longest and most widespread interactions between a Western author and the East, but also part of the colonial and postcolonial history of India. Poonam Trivedi is a Reader in English at Indraprastha College, University of Delhi. Now retired. Dennis Bartholomeusz was Reader in English literature at Monash University in Melbourne.

Imagining Education: Taking CHAT Based Transformative Action Sharada Gade, 2022-02-07. This book is about the reflective journey of Sharada Gade, a teacher-practitioner who turned into a researcher-practitioner. The book holds many lessons as the author talks about her collaboration with teachers and her experience in coauthoring research reports with them. She also discusses how to teach and implement instructional interventions. This practical knowledge is supported by perspectives from cultural-historical activity theory (CHAT). Such a stance offers conceptual clarity to the book's lessons by drawing from across continents, institutions and academic fields. The culmination of these efforts makes for fascinating reading, one that sheds much needed theoretical/practical light for practitioners to take transformative action in their own classrooms.
