## **Race Religion Racism:**

**Race, Religion & Racism: Jesus, Christianity & Islam** Frederick K. C. Price, 1999 A full two years before the September 11 2001 plane crashes pulverized New York's World Trade Center before Osama Bin Laden's name became a household word and before the country ever strained to sort out the issue of muslim aggression this book was on its way

**Race, Religion, and the Continuing American Dilemma** C. Eric Lincoln, 2011-04-01 A classic work on religion and the racial problems of modern America now brought up to date Since the early days of the Republic Americans exuberant unchastened idealism their commitment to the notion of a perfect society in the New World has clashed with the reality of ugly American society and religious groups have all too often accommodated themselves to these injustices In *Race Religion and the Continuing American Dilemma* C Eric Lincoln reevaluates what Gunnar Myrdal called the American dilemma and studies particularly the influence of the black church This revised edition takes into account the weakening of welfare and affirmative action and argues that the black church must serve today as a vital moral authority to lead us in to the twenty first century *Race, Religion, and the Continuing American Dilemma* Charles Eric Lincoln, 1990

**Race, Religion & Racism: A bold encounter with division in the church** Frederick K. C. Price, 1999 *Divided by Faith* Michael O. Emerson, Christian Smith, 2000-07-20 Through a nationwide telephone survey of 2 000 people and an additional 200 face to face interviews Michael O Emerson and Christian Smith probed the grassroots of white evangelical America They found that despite recent efforts by the movement's leaders to address the problem of racial discrimination evangelicals themselves seem to be preserving America's racial chasm In fact most white evangelicals see no systematic discrimination against blacks But the authors contend that it is not active racism that prevents evangelicals from recognizing ongoing problems in American society Instead it is the evangelical movement's emphasis on individualism free will and personal relationships that makes invisible the pervasive injustice that perpetuates racial inequality Most racial problems the subjects told the authors can be solved by the repentance and conversion of the sinful individuals at fault Combining a substantial body of evidence with sophisticated analysis and interpretation the authors throw sharp light on the oldest American dilemma In the end they conclude that despite the best intentions of evangelical leaders and some positive trends real racial reconciliation remains far over the horizon *Race, Religion and Racism* Frederick K. Price, 1999 This no holds barred volume presents a broad picture of how racism has become so firmly entrenched in America via the church It accurately addresses such issues as the church's role in slavery the truth about interracial marriage and biblical facts about the Curse of Ham

**The Specter of Genocide** Robert Gellately, Ben Kiernan, 2003-07-07 Genocide mass murder and human rights abuses are arguably the most perplexing and deeply troubling aspects of recent world history This collection of essays by leading international experts offers an up to date comprehensive history and analyses of multiple cases of genocide and genocidal acts with a focus on the twentieth century The book contains studies of the Armenian genocide the victims of Stalinist terror the Holocaust and

Horrell, 2018-06-28 This book is open access and available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com) It is funded by Knowledge Unlatched Religion ethnicity and race are facets of human identity that have become increasingly contested in the study of the Bible largely due to the modern discipline of biblical studies having developed in the context of Western Europe concurrent with the emergence of various racial and imperial ideologies The essays in this volume address Western domination by focusing on historical facets of ethnicity and race in antiquity the identities of Jews and Christians and the critique of scholarly ideologies and racial assumptions which have shaped this branch of study The contributors critique various Western European and North American contexts and bring fresh perspectives from other global contexts providing insights into how biblical studies can escape its enmeshment in often racist notions of ethnicity race empire nationhood and religion Covering issues ranging from translation and racial stereotyping to analysing the significance of race in Genesis and the problems of an imperialist perspective this volume is vital not only for biblical scholars but those invested in Christian Jewish and Muslim identity **Race and Theology** Elaine A. Robinson, 2012 Even in the Church justice for some is justice for none The Somatechnics of Whiteness and Race Elaine Marie Carbonell Laforteza, 2016-03-09 Investigating the emergence of a specific mestiza mestizo whiteness that facilitates relations between the Philippines and Western nations this book examines the ways in which the construction of a particular form of Philippine whiteness serves to deploy positions of exclusion privilege and solidarity Through Filipino Filipino Australian and Filipino American experiences the author explores the operation of whiteness showing how a mixed race identity becomes the means through which racialised privileges authority and power are embodied in the Philippine context and examines the ways in which colonial and imperial technologies of the past frame contemporary practices such as skin bleaching the use of different languages discourses of bilateral relations secularism development and the movement of Filipino Australian and American bodies between and within nations Drawing on key ideas expressed in critical race and whiteness studies together with the theoretical concepts of somatechnics biopolitics and governmentality The Somatechnics of Whiteness and Race sheds light on the impact of colonial and imperial histories on contemporary international relations and calls for a queering or resignification of whiteness which acknowledges permutations of whiteness fostered within national boundaries as well as through various nation state alliances and fractures As such it will appeal to scholars of cultural studies sociology and politics with interests in whiteness postcolonialism and race **Theology and Religious Studies: An Innovative Synthesis** Pasquale De Marco, 2025-07-06 Theology and Religious Studies An Innovative Synthesis
