The Story of Space Steve Parker, 2015-02-26 From early pioneers of space travel to potential missions of the future the story of humans in space makes for fascinating reading. The Space Race was an exciting time and the 1950s to 1970s saw some of the biggest leaps in space technology and exploration. The race to put the first man on the Moon was eventually won by the USA when NASA astronauts Neil Armstrong and Buzz Aldrin became the first men on the Moon. This book explores the efforts made by both NASA and the Soviet Union to reach the Moon during this period and details some of the extraordinary missions and adventures that occurred including the Apollo 11 and Apollo 13 missions.

Historical Guide to NASA and the Space Program Ann Beardsley, C. Tony Garcia, Joseph Sweeney, 2016-09-09 NASA the National Aeronautics and Space Administration created in the wake of the Space Act has and continues to accomplish those precepts every day. With many hundreds of satellites launched into space and close to 200 human spaceflights NASA is a proven leader in space exploration. Most of the US space exploration efforts have been led by NASA including the Apollo moon landing missions the Skylab space station and later the Space Shuttle. Currently NASA is supporting the International Space Station and is overseeing the development of the Orion Multi Purpose Crew Vehicle the Space Launch System and Commercial Crew vehicles. NASA is also responsible for the Launch Services Program which provides oversight of launch operations and countdown management for unmanned NASA launches. The Historical Guide to NASA and the Space Program contains a chronology an introduction appendixes and an extensive bibliography. The dictionary section has over 500 cross referenced entries on space missions astronauts technical terms space shuttles satellites and the international space station. This book is an excellent access point for students researchers and anyone wanting to know more about NASA and space exploration.

The Last Supper on the Moon Bible Study Guide plus Streaming Video Levi Lusko, 2022-02-01 This Study Guide includes Individual access to five streaming video sessions Discussion and reflection questions with video notes Personal study between sessions Leader's Guide. In the summer of 1969 Buzz Aldrin had a mission. His goal was to fly 240 million miles from earth and along with fellow astronaut Neil

Armstrong be the first to walk on the moon But moments before that historic step Aldrin poured a specially prepared drink into a cup and partook of a sacred celebration that had first occurred two thousand years before The lunar Last Supper was full of meaning just as it had been when Jesus himself took of the elements and acknowledged his calling and purpose But the significance didn't end there Today as we remember the sacrifice of Christ on the cross followed by his resurrection we are reminded that what seemed to be an end became the genesis of everything including the rescue and restoration of anyone who calls on Jesus name In this five session study bestselling author and pastor Levi Lusko journeys back in time and forward in hope using the 1969 lunar mission as an analogy of the metamorphosis that was unleashed by the man from Galilee Along the way he uncovers the remarkable seven statements that Jesus made from the cross words that provide us everything we need in the chaos of our world to conquer judgment persecution anxiety and pain Designed for use with The Last Supper on the Moon Video Study sold separately Streaming video access code included Access code subject to expiration after 12/31/2027 Code may be redeemed only by the recipient of this package Code may not be transferred or sold separately from this package Internet connection required Void where prohibited taxed or restricted by law Additional offer details inside
