Caliendo, Charlton D. McIlwain, 2020-10-27 The second edition of The Routledge Companion to Race and Ethnicity offers readers a broad overview of scholarly exploration of the ways that humans have organized themselves and have been organized according to racial and ethnic divisions More than 80 scholars from around the world and representing multiple academic traditions contribute entries to this accessible yet sophisticated volume that addresses contemporary issues in historical context The first half of the book challenges readers to grapple with some of the most controversial aspects of categorization prejudice and discrimination through focused chapters ranging from the notion of Whiteness to the supposed biological rationale for racial categorization The second half is comprised of 70 shorter entries on specialized concepts persons and groups that are crucial to understanding these issues Taken as a whole this volume provides a broad multi disciplinary and global overview of issues that continue to provide challenges to notions of equality and justice *An Introduction to the Sociology of Religion* Inger Furseth, Pål Repstad, 2017-03-02 Is it true that religion is weakening in modern times or are we facing religious resurgence What is fundamentalism How does it emerge and grow What role does religion play in ethnic and national conflicts Is religion a fundamental driving force or do political leaders use religion for their own purposes Do all religions oppress women These are some of the questions addressed in this book An Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life Some chapters are

organized according to topic Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life including religion Throughout the book illustrations and examples are taken from several religious traditions *Racial Theories in Social Science* Sean Elias, Joe R. Feagin, 2016-04-14 Racial Theories in Social Science A Systemic Racism Critique provides a critique of the white racial framing and lack of systemic racism analysis prevalent in past and present mainstream race theory As this book demonstrates mainstream racial analysis and social analysis more generally remain stunted and uncritical because of this unhealthy white framing of knowledge and evasion or downplaying of institutional structural and systemic racism In response to ineffective social science analyses of racial matters this book presents a counter approach systemic racism theory The foundation of this theoretical perspective lies in the critical insights and perspectives of African Americans and other people of color who have long challenged biased white framed perspectives and practices and the racially oppressive and exclusionary institutions and social systems created by whites over several centuries **New Horizons in Multicultural Counseling** Gerald Monk, John Winslade, Stacey Sinclair, 2008 This new book is based upon clinical practice teaching research and scholarly work undertaken over a period of 10 years The leading author wrote a doctoral dissertation on much of the material described in this book but until now it has only been published in scholarly articles within refereed journals Gerald Monk and John Winslade have jointly published three textbooks including Narrative therapy in practice The archaeology of hope Jossey Bass Narrative counseling in the schools Corwin Press and Narrative mediation Jossey Bass and numerous other publications Gerald Monk and Stacey Sinclair have jointly published two book chapters and three articles in widely disseminated referred journals **Sustainable Tourism and Indigenous Peoples** Anna Carr, Lisa Ruhanen, Michelle Whitford, Bernard Lane, 2019-05-17 This book provides a comprehensive detailed and insight rich review of both the positive capacity building cultural conservation and economic opportunities and negative commodification cultural change and possible loss of ownership and control aspects of tourism development in indigenous communities The relationship between tourism and indigenous people provides the ultimate test of sustainable tourism as a concept for tourism management and cultural conservation The chapters range geographically from Central and North America through Africa and Asia to Australia Issues covered include governance and engagement research minority language issues visitor codes of conduct trail development Indigenous product design Indigenous urban festivals Indigenous values and capitalism gentrification heritage interpretation marketing demand world views and representation This book was originally published as a special issue of the Journal of Sustainable Tourism **Race Decoded** Catherine Bliss, 2012-05-23 In 2000 with the success of the Human Genome Project scientists declared the death of race in biology and medicine But within five years many of these same scientists had reversed course and embarked upon a new hunt for the biological meaning of race Drawing on personal interviews and life stories Race Decoded takes us into the world of elite genome scientists including Francis Collins director of the NIH Craig Venter the first person to create a synthetic

genome and Spencer Wells National Geographic Society explorer in residence among others to show how and why they are formulating new ways of thinking about race In this original exploration Catherine Bliss reveals a paradigm shift both at the level of science and society from colorblindness to racial consciousness Scientists have been fighting older understandings of race in biology while simultaneously promoting a new grand scale program of minority inclusion In selecting research topics or considering research design scientists routinely draw upon personal experience of race to push the public to think about race as a biosocial entity and even those of the most privileged racial and social backgrounds incorporate identity politics in the scientific process Though individual scientists may view their positions differently whether as a black civil rights activist or a white bench scientist all stakeholders in the scientific debates are drawing on memories of racial discrimination to fashion a science based activism to fight for social justice

Becoming Christian David G. Horrell,2013-07-04 The first letter of Peter remains a relatively neglected corner of the New Testament the number of monographs devoted to it is tiny compared with those on the Gospels and Pauline letters Yet it is a text so this book argues that offers much insight into crucial processes in the development of Christian identity In particular 1 Peter illustrates with particular clarity the complex ways in which Christian identity was forged from Jewish traditions and negotiated in the generally hostile Roman empire As such studies of this particular letter illuminate central themes in the making of Christianity in the earliest centuries Becoming Christian is a collection of essays that treat various facets of the first letter of Peter in its social and historical setting in some cases using new social scientific and postcolonial methods to shed light on the ways in which the letter contributes to the making of Christian identity At the heart of the book are chapters 5 7 which examine the contribution of 1 Peter to the construction of Christian identity the persecution and suffering of Christians in Asia Minor the significance of the name Christian and the response of the letter to the hostility encountered by Christians in society There are no recent books which bring together such a wealth of information and analysis of this crucial early Christian text Becoming Christian has developed out of Horrell s ongoing research for the International Critical Commentary on 1 Peter Together these essays will offer a series of significant and original engagements with this letter and a resource for studies of 1 Peter for some time to come

The I.B. Tauris Handbook of Sociology and the Middle East Fatma Müge Göçek, Gamze Evcimen, 2022-11-17 What we understand by the Middle East has changed over time and across space While scholars agree that the geographical core of the Middle East is the Arabian Peninsula the boundaries are less clear How far back in time should we go to define the Middle East How far south and east should we move on the African continent And how do we deal with the minority religions in the region and those who migrate to the West Across this handbook's 52 chapters the leading sociologists writing on the Middle East share their standpoint on these questions Taking the featured scholars as constitutive of the field the handbook reshapes studies on the region by piecing together our knowledge on the Middle East from their path defining contributions The volume is divided into four parts covering sociologists' perspectives on Social transformations and social conflict from Israel Palestine and the Iranian Revolution to the Arab Uprisings and the Syrian War The region's economic religious and political activities including the impact of the spread of Western modernity the effects of neo liberalism and how Islam shapes the region's life and politics People's everyday practices as they have shaped our understanding of culture consumption gender and sexuality The diasporas from the Middle East in Europe and North America which put the Middle East in dialogue with other regions of the world The global approach and wide ranging topics represent how sociologists enable us to redefine the boundaries and identities of the Middle East today

Alternatives Within the Mainstream Dimple Godiwala, 2008-12-18 Alternatives Within the Mainstream British Black and Asian Theatres is the first comprehensive collection of critical essays on the subject Edited by Dimple Godiwala the anthology is in six parts A lengthy Introduction is followed by Part II Histories and Trajectories which contains chapters which survey the work of the Black Theatre Forum and the histories of Black and Asian theatres in Britain Part III Histories of Theatre Companies and Arts Venues charts brief histories of the major theatre companies Talawa Tara and Tamasha and contains a survey of Birmingham's changing arts venues Part IV called simply Controversies is a document of the Sikh diaspora's uproar over Behzti and issues of censorship Part V The Dramatists critically explores the work of several dramatists such as Killian M Gideon Liselle Kayla Roselia John Baptiste Trish Cooke Zindika Jackie Kay Valerie Mason John Wole Soyinka Sol B River Roy Williams Kwame Kwei Armah Anu Kumar Rukhsana Ahmad Bettina Gracias Bapsi Sidhwa Tanika Gupta Deepak Verma Gurpreet Kaur Bhatti and Yasmin Whittaker Khan Part V Theatre Voices consists of autobiographical essays by some of Britain's theatremakers This contains contributions by Jatinder Verma Yvonne Brewster Sol B River Valerie Mason John Bapsi Sidhwa A long overdue book which examines in imaginative depth the universe inside an often trivialised area of British theatre

Alternatives Within The Mainstream provides serious academic opinion and detailed textual analysis in abundance The book s impressive collection of facts and analyses challenge the culture of myth which too often obscures the relevance of Black and Asian work There are also many absorbing revelations did you know for instance that Ignatius Sancho was Garrick s friend

Yvonne Brewster **African American Pioneers of Sociology** Pierre Saint-Arnaud,2009-02-07 In African American Pioneers of Sociology Pierre Saint Arnaud examines the lasting contributions that African Americans have made to the field of sociology Arguing that science is anything but a neutral construct he defends the radical stances taken by early African American sociologists from accusations of intellectual infirmity by foregrounding the racist historical context of the time these influential works were produced Examining key figures such as W E B Du Bois Edward Franklin Frazier Charles Spurgeon Johnson Horace Roscoe Cayton J G St Clair Drake and Oliver Cromwell Cox Saint Arnaud reveals the ways in which many aspects of modern sociology emerged from these authors radical views on race gender religion and class Beautifully translated from its original French African American Pioneers of Sociology is a stunning examination of the influence of African American intellectuals and an essential work for understanding the origins of sociology as a modern discipline
