The Environment in Rachel Carson's Silent Spring Gary Wiener,2011-12-01 A foundational text in the conservation movement Rachel Carson s Silent Spring challenged prevailing ideas of the health of the environment by showing that pesticides affected organisms other than their targets such as humans and birds The book also accused chemical companies and federal officials of complacency in regulating pesticides Despite challenges from the chemical industry the book reversed pesticide policy leading to a ban on DDT for agricultural use This compelling volume offers an in depth analysis of the life works and importance of Rachel Carson Critical essays focus on how the book put human impact at the center of environmental policy how some felt that Carson exaggerated her claims and how environmentalism stands in the way of human progress The book also offers readers contemporary perspectives on environmental disasters

Nature's Allies Larry Nielsen,2017-02-02 It s easy to feel powerless in the face of big environmental challenges but we need inspiration now more than ever In Nature s Allies Larry Nielsen presents the inspiring stories of eight conservation pioneers who show that through passion and perseverance we can each make a difference even in the face of political opposition Nielsen s vivid biographies of John Muir Ding Darling Aldo Leopold Rachel Carson Chico Mendes Billy Frank Jr Wangari Maathai and Gro Harlem Brundtland are meant to rally a new generation of conservationists to follow in their footsteps and inspire students conservationists and nature lovers to speak up for nature

and prove that individuals can affect positive change in the world *People of Purpose* Arnold Cheyney,1998 Learn about 80 people who have made a difference in the world a culturally diverse group of men and women representing a wide range of professions and occupations One page biographical profiles are followed by reading and social studies activities that promote critical thinking and writing Useful in many different school and home settings *Earth's Wild Music* Kathleen Dean Moore,2022-02-22 At once joyous and somber this thoughtful gathering of new and selected essays spans Kathleen Dean Moore s distinguished career as a tireless advocate for environmental activism in the face of climate change In this meditation on the music of the natural world Moore celebrates the call of loons howl of wolves bellow of whales laughter of children and shriek of frogs even as she warns of the threats against them Each group of essays moves as Moore herself has been moved from celebration to lamentation to bewilderment and finally to the determination to act in defense of wild songs and the creatures who sing them Music is the shivering urgency and exuberance of life ongoing In a time of terrible silencing Moore asks who will forgive us if we do not save nature s songs

Ecofamilism: Women, Religion, and Environmental Protection in Taiwan Wan-Li Ho,2016 Ecofamilism proposes a new analytical framework moving beyond ecofeminism based on Western feminism and Christian theology to illuminate Taiwanese women s motivations and how they understand their role in the environmental movement Based on extensive interviews with women founders leaders and members of six non governmental often religious based organizations from 1990 2015 the work presents contemporary issues in Taiwan from the perspectives of social anthropology geography inter religious cooperation and global ethics Ecofamilism offers a new way of approaching life in contemporary Asia engaging more precisely with while authentically portraying the experiences of Taiwanese women whose gender roles are ancillary to motivations of family religion and society Its key concept of ecofamilism pairs the notions of ecology and family while drawing on Chinese religio cultural traditions of responsibility to the family to illuminate ecologically responsible positions toward society environment and all living beings

Rachel Carson Mary Gow,2005 Lends insight into the life and work of the pioneering scientist and ecologist Rachel Carson American marine biologist and author In her writings Carson stressed the interrelation of all living things marking her as one of the most important figures of the environmental movement of the mid twentieth century **Turning to Earth** F. Marina Schauffler,2003 Turning to Earth offers a window into the heart of environmental change moving beyond the culture s traditional reliance on policy reforms and technological measures It charts the course of ecological conversion a dynamic inner process by which people come to ally themselves with the natural world and speak out on its behalf Stories by ecological converts illuminate a critical realm long neglected by environmental scholars and activists how the terrain of spirit psyche and conscience shape our commitment to Earth Marina Schauffler s engaging exploration of inner ecology deftly weaves together numerous autobiographical accounts with insights from the fields of ecocriticism ecopsychology environmental philosophy and environmental education An opening portrait of the writer and activist Terry Tempest Williams

traces her deepening devotion to Earth Each subsequent chapter explores a key element of ecological conversion drawing primarily on the personal testimony of Williams and five other pioneering writers Rachel Carson Alice Walker Edward Abbey Scott Russell Sanders and N Scott Momaday Turning to Earth extends the parameters of contemporary environmental discussion by illustrating how substantive change hinges not just on political and institutional reforms but also on profound inner transformation The compelling life narratives of ecological converts provide inspiration and direction for the growing number of activists educators scholars and citizens committed to changing the world from the inside out
