## **Rachels Library:**

**Bulletin** ,1929      **People of the Image** Marc Michael Epstein,2025-06-24 The Middle Ages provide us with one of the richest repositories of art in the West Yet the rise in the production of art made for and by Jews especially in the form of illuminated manuscripts is often neglected in general surveys or viewed as a mere emulation of Christian art during this period In *People of the Image* Marc Michael Epstein demonstrates how medieval Jews transformed their visual art into a vital site of critical commentary Through bold speculation and radical interpretation Epstein considers how viewers might have empathized with depicted emotions how they envisioned the relationship between the monstrous and the human and how they could effectively perpetrate subversive acts merely by anticipating what might occur next in a given image were it to be set in motion Examining these artworks and imagining the circumstances of their production and reception Epstein uncovers otherwise inaccessible social political and theological perceptions among Europe s major medieval minority He goes on to illuminate the afterlives of medieval Jewish art in its reimaginings by postmodern Jews struggling to establish a conceptual as well as a political space for themselves as a minority in majority Christian society Bringing together diverse currents from various fields and bodies of literature *People of the Image* reveals how medieval Jews understood themselves the world and God Provocative and engagingly written the book will appeal to audiences across medieval studies cultural studies art history and Jewish studies      **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1990      **Ordinary Miracles** Rachel S. Gerber,2014-03-10 Where is God in the midst of temper tantrums laundry and accidents Find out in this honest devotional memoir about mothering three busy boys In *Ordinary Miracles* ordained Mennonite minister and blogger Rachel S Gerber gives voice to the grit of parenting with stories of hope Like the disciples on the road to Emmaus who failed at first to recognize Christ walking beside them Rachel learns to discover the gifts and holy calling hidden in the events of harried family life Overburdened parents will find reassurance in Rachel s own story of how in her darkest hour of disorientation in the most mundane and ordinary days of motherhood and in moments of exhilaration joy and beauty God is present      *The Hero's Quest and the Cycles of Nature* Rachel S. McCoppin,2016-10-25 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero s message is not to dwell on death      **Analysis of Capture-Recapture Data** Rachel S. McCrea,Byron J. T. Morgan,2014-08-01 An important first step in studying the demography of wild animals is to identify the animals uniquely through applying markings such as rings tags and bands Once the animals are encountered again researchers can study

different forms of capture recapture data to estimate features such as the mortality and size of the populations Capture recapture methods are also used in other areas including epidemiology and sociology With an emphasis on ecology Analysis of Capture Recapture Data covers many modern developments of capture recapture and related models and methods and places them in the historical context of research from the past 100 years The book presents both classical and Bayesian methods A range of real data sets motivates and illustrates the material and many examples illustrate biometry and applied statistics at work In particular the authors demonstrate several of the modeling approaches using one substantial data set from a population of great cormorants The book also discusses which computer programs to use for implementing the models and contains 130 exercises that extend the main material The data sets computer programs and other ancillaries are available at [www.capture-recapture.co.uk](http://www.capture-recapture.co.uk) The book is accessible to advanced undergraduate and higher level students quantitative ecologists and statisticians It helps readers understand model formulation and applications including the technicalities of model diagnostics and checking

**Rachel's Valentine Crush** Angela Darling, 2013-12-03 When a crush goes both ways it's the sweetest thing Rachel has had a secret crush on Brody the cute sweet guy from her church choir for a while now But when Brody becomes a famous pop star and leaves school to go on tour he becomes the object of every girl's crush Rachel is happy for Brody but she's also a little heartbroken that things between them might never be the same But when Brody releases a new song about his own secret crush some of the lyrics make Rachel think that maybe just maybe Brody is singing about her Could it be Rachel is about to find out along with every other girl at school when Brody returns home on Valentine's Day to give a concert and reveal the identity of his secret crush

Harris,Dan Chyutin,2021-07-06 Film came to the territory that eventually became Israel not long after the medium was born Casting a Giant Shadow is a collection of articles that embraces the notion of transnationalism to consider the limits of what is Israeli within Israeli cinema As the State of Israel developed so did its film industries Moving beyond the early films of the Yishuv which focused on the creation of national identity the industry and its transnational ties became more important as filmmakers and film stars migrated out and foreign films filmmakers and actors came to Israel to take advantage of high quality production values and talent This volume edited by Rachel Harris and Dan Chyutin uses the idea of transnationalism to challenge the concept of a singular definition of Israeli cinema Casting a Giant Shadow offers a new understanding of how cinema has operated artistically and structurally in terms of funding distribution and reception The result is a thorough investigation of the complex structure of the transnational and its impact on national specificity when considered on the global stage **The Township and Community High School Movement in Illinois** Horace Adelbert Hollister,1917 Statistics of Land-grant Colleges and Universities United States.
