## **Racing Tribe:**

*The Racing Tribe* Kate Fox, 2017-09-08 It is generally assumed that anthropologists do their research in remote and uncomfortable parts of the world places with monsoons mud huts and malaria In this volume social anthropologist Kate Fox has taken on an altogether more enjoyable assignment the study of the arcane world of British horseracing For Fox field research meant wandering around racetracks in a pink hat and high heels standard tribal costume rather than braving killer insects and primitive sanitation Instead of an amorphous racing crowd the author finds a complete subculture with its own distinctive customs rituals language and etiquette Among the spectators she identifies Horseys Addicts Anoraks Pair Bonders Day Outers Suits and Be Seens all united by remarkable friendliness and courtesy Among the racing professionals the tribal structure includes Warriors jockeys Shamans trainers Scribes journalists Elders officials and stewards and Sin Eaters bookies Fox includes witty and incisive descriptions of the many strange ceremonies and rituals observed by racegoers the Circuit Ritual Ritual Conversations What do you fancy in the next Celebration Rituals the Catwalk Ritual and Post Mortem Rituals naturally a horse never loses a race because it s too slow and their special codes of behavior such as the Modesty Rule the Collective Amnesia Rule and the Code of Chivalry *The Racing Tribe* is also a refreshingly candid account of anthropological fieldwork including all the embarrassing mistakes hiccups short cuts and guesswork that most social scientists keep very quiet about

*The Cambridge Companion to Horseracing* Rebecca Cassidy, 2013-03-28 This text will provoke a discussion about the future of horseracing and is written in

an accessible and scholarly style      **Horseracing and the British, 1919-39** Mike Huggins, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license This book provides a detailed consideration of the history of racing in British culture and society and explores the cultural world of racing during the interwar years The book shows how racing gave pleasure even to the supposedly respectable middle classes and gave some working class groups hope and consolation during economically difficult times Regular attendance and increased spending on betting were found across class and generation and women too were keen participants Enjoyed by the royal family and controlled by the Jockey Club and National Hunt Committee racing's visible emphasis on rank and status helped defend hierarchy and gentlemanly amateurism and provided support for more conservative British attitudes The mass media provided a cumulative cultural validation of racing helping define national and regional identity and encouraging the affluent consumption of sporting experience and a frank enjoyment of betting The broader cultural approach of the first half of the book is followed by an exploration of the internal culture of racing itself      *Women, Horseracing and Gender* Deborah Butler, 2017-08-14 How do the class and gender inequalities found in horseracing affect the working practices of women within the industry Drawing on the work of Bourdieu and his concepts of field capital and habitus this book shows the inequalities that are prevalent within the world of racing both historically and currently by illustrating the classed and gendered nature of racing and how it has developed since the eighteenth century when it was the sport of the aristocracy Using research obtained through her year long ethnographic study of a racing yard Deborah Butler demonstrates that the racing field is an arena of power conflicts and that men and women who work in racing acquire a contradictorily gendered racing habitus This is achieved by learning certain elements in a formal setting but mainly informally by doing developing practical skills and participating in a gendered community of practice For female stable staff this means adapting their behaviour and working practices in order to be accepted as one of the lads This book will appeal to both scholars and students of the sociology of sport the sociology of work and gender studies      Mazda MX-5 Miata Thomas Bryant, 2014-11-01 Celebrating a quarter century of the car that redefined its genre apply edits made above The Mazda MX 5 known as Miata in North America and Eunos Roadster in Japan revolutionized the lightweight two seater roadster market By taking the front engine rear wheel drive layout of traditional British and Italian roadsters and combining it with the modern function and reliability for which Japanese cars were justly famous Mazda created what many consider the perfect sports car The MX 5 became the best selling sports car of all time selling over a million units worldwide Customers proved that they hadn't lost their desire for simple lightweight two seat convertibles they had simply lost their desire for unreliable archaic European anachronisms that caught on fire as part of their charm In 2009 English automotive critic Jeremy Clarkson wrote The fact is that if you want a sports car the MX 5 is perfect Nothing on the road will give you better value Nothing will give you so much fun The only reason I'm giving it five stars is because I can't give it 14 Mazda MX 5 Miata Twenty Five Years is a handsomely

illustrated coffee table book celebrating Mazda's ground breaking MX 5 Miata the car that revolutionized the lightweight two seater roadster market

Sports Culture examines individual issues, people, artefacts, events and organizations in their historical, social and cultural contexts. Coverage is wide-ranging with more than 170 entries. **Diversity, equity and inclusion in sport and leisure** Katherine Dashper, Thomas Fletcher, 2016-01-08. Despite the mythology of sport bringing people together and encouraging everyone to work collectively to success, modern sport remains a site of exclusionary practices that operate on a number of levels. Although sports participation is in some cases at least becoming more open and meritocratic at the management level, it remains very homogenous, dominated by western, white, middle-aged, able-bodied men. This has implications both for how sport develops and how it is experienced by different participant groups across all levels. Critical studies of sport have revealed that rather than being a passive mechanism and merely reflecting inequality, sport via social agents' interactions with sporting spaces is actively involved in producing, reproducing, sustaining and indeed resisting various manifestations of inequality. The experiences of marginalised groups can act as a resource for explaining contemporary political struggles over what sport means, how it should be played and by whom, and its place within wider society. Central to this collection is the argument that the dynamics of cultural identities are contextually contingent, influenced heavily by time and place, and the extent to which they are embedded in the culture of their geographic location. They also come to function differently within certain sites and institutions, be it in one's everyday routine or leisure pursuits such as sport. Among the themes and issues explored by the contributors to this volume are social inclusion and exclusion in relation to class, race and ethnicity, gender and sexuality, social identities and authenticity, social policy, deviance and fandom. This book was published as a special issue of Sport in Society. **The SAGE Handbook of Sport Management** Russell Hoye, Milena M. Parent, 2016-11-15. The SAGE Handbook of Sport Management draws together the best current research on the major topics relevant to the field of sports management, including leadership, gender, diversity, development, policy, tourism and media. Edited by two of the most respected figures in the field, the handbook includes contributions from leading sport management academics from Australia, Canada, New Zealand, USA, the UK and Europe. **The Tribal Imagination** Robin Fox, 2011-07-01. Fox traces our ongoing struggle to maintain open societies in the face of profoundly tribal human needs that paradoxically hold the key to our survival. This latest book ranges from incest and arranged marriage to poetry and myth, from human rights and vengeance to pop icons such as Seinfeld. **The Character of Human Institutions** Michael Egan, 2017-07-28. This

volume celebrates the life and work of Robin Fox and the idea of a biosocial science From his early studies of kinship primates the brain evolution the incest taboo and aggression to his later work on literature politics civilization law the Bible Shakespeare and the history of ideas Robin Fox inspired many with an evolutionary vision of humanity that goes beyond narrow disciplinary boundaries and embraces the universal history of mankind Fox s work represents an independent biosocial science stream of thinking that accepts the Darwinian mandate while avoiding reductionism by recognizing culture as a natural phenomenon The essays cover Fox s life and his contributions and address topics as diverse as the meaning and function of laughter the unforgiving discipline of writing popular anthropology extreme drinking rituals among young men training for the British army Darwin and close cousin marriage the universal essence of the epic form as a super attractor anthropologists autobiographies the conflict between science and anti science and the decline of British imperial education This engaging collection on a mainstream maverick has been edited by Michael Egan It includes essays by Sir Antony Jay Lionel Tiger Howard Bloom Michael McGuire Kate Fox Melvin Konner Alan Macfarlane Adam Kuper Dieter Steklis Alexandra Maryanski Bernard Chapais Jonathan Turner Linda Stone Charles Macdonald Anne Fox David Jenkins Frederick Turner Robert Trivers and an essay by Robin Fox himself
