Racism and Political Action in Britain R. Miles, Annie Phizacklea, Social Science Research Council (Great Britain). Research Unit on Ethnic Relations, 1979 *Race, Government and Politics in Britain* Zig Layton-Henry, Paul B. Rich, 2016-07-27 *Race and Politics in Britain* Shamit Saggar, 1992 This work covers the issues of race and politics in contemporary British society providing an analysis of the historical background to race and politics a profile of Britain's ethnic minorities coverage of the problems of a multi racial society an examination of race and party politics and urban political change and a treatment of minority politics and race and policy making Political Languages of Race and the Politics of Exclusion Andy R. Brown, 2018-08-16 First published in 1999 Political Languages of Race and the Politics of Exclusion examines the post race signification logic of languages used to promote and achieve the exclusion and stigmatisation of migrant groups within post war Britain Re examining the time of Smethwick and Powellism as well as extensive Parliamentary debates this book develops an original thesis to show how Backbench racism became legitimated as Frontbench commonsense The book argues that the achievement of the success of post war Parliamentary racism has been made possible by the development of a ubiquitously anecdotal narrative of the travails of the Forgotten Englishman awoken to a multi cultural nightmare in Britain's decaying inner cities While the concept of race has remained under erasure the logic of post race signification discourse has allowed the re making of racism in public Britain **Right-Wing Populism in Europe** Ruth Wodak, Brigitte Mral, Majid KhosraviNik, 2013-05-23 This volume offers a comparative survey of Far Right parties across Europe examining in particular their changing political rhetoric The contributors look at the development of two distinct forms of party development and discourse The Haiderization and The Berlusconi model *The Unfinished Politics of Race* Les Back, Michael Keith, Kalbir Shukra, John Solomos, 2022-12-01 The Unfinished Politics of Race argues that the past few decades have seen important transformations in the politics of race Contending that existing accounts have focused narrowly on the mainstream political sphere this study argues that there is a need to explore the role of race more widely By exploring the mainstream as well as transitional and alternative spheres of political mobilisation the authors stress the need to link the analysis of both local and national processes in order to make sense of the changing contours of racialised politics The underlying concern of this study is to outline both a theoretical frame for an analysis of racial politics and detailed empirical accounts of different arenas of political mobilisation By exploring the unfinished politics of race this study provides a timely reminder that the position of racial and ethnic minorities in political institutions remains deeply contested **Race, Politics and Social Change** Les Back, John Solomos, 2002-01-31 Drawing on a wealth of original sources this book explores the changing contours of the politics of race in the present social and political environment This will appeal to students of British politics and society Radicalism, Anti-Racism and Representation Alastair Bonnett, 2023-02-14 First published in 1993 Radicalism Anti Racism and Representation is a study set within a wider political

context for the discussion of racial representation and anti racism The second half of the book is devoted to interview based exploration of the ambiguities and political characteristics of race equality consciousness amongst public educators It is shown that there is no one anti racism Different ideals and assumptions have been arrived at within different historical and geographical contexts It is suggested that this intellectual plurality provides a resource for those wishing to rethink anti racism in the light of its contemporary malaise The study also explores and explains the development of self critical reflexive anti racist and radical consciousness amongst educators The book provides the first sociological study of anti racism Indeed it is the first to provide a substantive critique of anti racism from outside the New Right It is also the first to look at this phenomenon geographically and to compare anti racism in multiracial and white areas This book will be of interest to students of human geography sociology history ethnic studies and race studies
