the study of rhetorical figures and tropes such as metaphor irony or satire but also that of topoi which were originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently flourishing research areas among them literary multilingualism literature and emotions and ecocriticism

20 jours de liberté Véronique BEAUMONT, 2014-08-30 20 jours de liberté est l'histoire vraie d'une jeune Tchèque Suzanne qui pour la première fois de sa vie avant la chute du Mur de Berlin est venue passer vingt jours en France Parachutée sur une autre planète ces vingt jours furent pour elle une totale découverte du monde tout ce qui nous paraissait banal lui était totalement inconnu Elle profita cependant difficilement de sa liberté éphémère car étant endoctrinée dans son pays elle se croyait constamment épée par la police secrète Ce récit fut également pour Veronique BEAUMONT l'occasion de raconter ses voyages en U R S S et en Tchécoslovaquie avant la chute du Mur de Berlin Habitée à vivre dans un pays où l'on trouve de tout et où la liberté existe la vie dans ces pays totalitaires s'est avérée pour elle pleine de pièges et les magasins étaient totalement vides 20 jours de liberté est un récit édifiant sur le choc de deux cultures radicalement différentes

Finding the Plot Loïc Artiago, Diana Holmes, David Platten, 2014-08-11 Plot writes Peter Brooks is so basic to our very experience of reading and indeed to our articulation of experience in general that criticism has often passed it over in silence Reading for the Plot xi Finding the Plot both explores and helps to redress this critical neglect The book brings together an international group of scholars to address the nature effects and specific pleasures of consuming stories If the central focus is on France and popular literary fiction the book's scope like contemporary fiction itself observes no national frontiers and extends across a variety of media The book addresses both the empirical question of which genres and types of text have been and are most popular and the theoretical questions of how plots work what pleasures they offer to readers and why it matters that the plot should not be lost
