Japanese American internment, women's roles, literature, music, politics, and increased immigration in the mid-20th century. Reel Food Anne L. Bower, 2012-08-06 Reel Food is the first book devoted to food as a vibrant and evocative element of film, featuring original essays by major food studies scholars among them Carole Counihan and Michael Ashkenazi. This collection reads various films through their uses of food from major food films like *Babette's Feast* and *Big Night* to less obvious choices including *The Godfather* trilogy and *The Matrix*. The contributors draw attention to the various ways in which food is employed to make meaning in film. In some cases, such as *Soul Food* and *Tortilla Soup*, for example, food is used to represent racial and ethnic identities. In other cases, such as *Chocolat* and *Like Water for Chocolate*, food plays a role in gender and sexual politics. And of course, there is also discussion of the centrality of popcorn to the movie-going experience. This book is a feast for scholars, foodies, and cinema buffs. It will be of major interest to anyone working in popular culture, film studies, and food studies at both the undergraduate and graduate level.

Cuisine and Culture Linda Civitello, 2011-03-29 *Cuisine and Culture* presents a multicultural and multiethnic approach that draws connections between major historical events and how and why these events affected and defined the culinary traditions of different societies. Witty and engaging, Civitello shows how history has shaped our diet and how food has affected history. Prehistoric societies are explored all the way to present-day issues such as genetically modified foods and the rise of celebrity chefs. Civitello's humorous tone and deep knowledge are the perfect antidote to the usual scholarly and academic treatment of this universally important subject.
