CourseSmart *The Civil Society Guide to Regional Economic Communities in Africa* Odhiambo, Morris,Chitiga, Rudy,2016-03-02 Since 1963 when the African integration project was born regional Economic Communities RECs have been an indispensable part of the continent s deeper socioeconomic and political integration More than half a century later such regional institutions continue to evolve keeping pace with an Africa that is transforming itself amid challenges and

opportunities RECs represent a huge potential to be the engines that drive the continent's economic growth and development as well as being vehicles through which a sense of a continental community is fostered. It is critical therefore that citizens understand the multi-faceted and bureaucratic operations of regional institutions in order to use them to advance their collective interests.

[A Guide to Intra-state Wars](#) Jeffrey S. Dixon, Meredith Reid Sarkees, 2015-09-18 Sourcing data and analyses from the rigorous Correlates of War Project, *A Guide to Intra-state Wars* describes how civil war is defined and categorized and presents data and descriptions for nearly 300 civil wars waged from 1816 to 2014. Analyzing trends over time and regions, this work is the definitive source for understanding the phenomenon of civil war, bringing together an explanation of the theoretical premises driving the Correlates of War Project along with revisions to categories of and actors in civil wars that have been made over the years and data from the Nations States and Entities civil war dataset. Features: Provides detailed case studies of nearly 300 civil wars from 1816 to 2014. Combines the systematic study of war with analyses of trends over time and regions. Includes discussion of the different types of actors in international relations and presents data from the Nations States and Entities dataset. Considers data describing non-state participants: rebels in civil wars.

*Compact Clinical Guide to Critical Care, Trauma, and Emergency Pain Management* Liza Marmo, Yvonne M. D'Arcy, 2013-02-22 This is an excellent resource for nurses practicing in critical care units, emergency departments and trauma units as well as for midlevel providers who manage these patients. Doody's Medical Reviews *Compact Clinical Guide to Critical Care Trauma and Emergency Pain Management* is a concise, easy-to-read resource for nurses who want to reinforce their foundational knowledge in this area. *Critical Care Nurse* This addition to Springer Publishing's *Compact Clinical Guide to Pain Management Series* presents evidence-based national guidelines and treatment algorithms for managing pain in patients in the critical care, trauma and emergency room settings. Such patients often present with co-morbid and complex conditions which often make accurate pain assessment and treatment a challenge. In an easy-to-use, bulleted format, the book provides the most current information on assessing and managing pain in a variety of critical conditions. Both pharmacological management therapies and non-pharmacologic interventions are included along with information about pain assessment screening tools for special populations. Topics covered include the basics of pain physiology in critical emergency and operative care patients; assessing pain in the critically ill; medications and advanced pain management techniques useful with this population and commonly occurring conditions in the various care environments. Also addressed are the management of particularly challenging patients: elderly, obese and conditions: chronic pain, renal failure, chemically dependent patients and burn patients. The book contains tables that efficiently summarize information and figures to illustrate key concepts. Pain rating scales and a helpful equi-analgesic conversion table are included in the Appendix. Key Features: Provides evidence-based information on treating pain in critical care, trauma and emergency room patients for all practice levels. Organized for quick access to pertinent clinical information on treatment options and pain

types Provides cross referenced indexing and easy to use assessment and screening tools Includes information for treating especially challenging and difficult to manage patient pain scenarios
