Regional Politics In Russia

**Anastassia V. Obydenkova, Alexander
Libman**

Regional Politics In Russia:

Regional politics in Russia Cameron Ross, 2024-06-04 This innovative multi contributed book now available in paperback argues convincingly that Russia will never be able to create a viable democracy as long as authoritarian regimes are able to flourish in the regions The main themes covered are democratisation at the regional level and the problems faced by the federal states in forging viable democratic institutions in what is now a highly asymmetrical Federation A major strength of the book lies in its combination of thematic chapters with case studies of particular regions and republics Very little has been published to date on the actual processes of democratisation in particular republics and regions The book takes into account the literature available on the new institutionalism and outlines the importance of institutions in developing and maintaining democracy It looks at the importance of sovereignty federalism and democratic order and considers the distinct problems of party building in Russia's regions Electoral politics are also considered fully before the book goes on to consider the whole issue of regional politics and democratisation in five particular areas of Russia Novgorod the Komi Republic Russia's Far East Tatarstan and Bashkortostan The authors the majority of whom are internationally recognised experts in their field have been drawn from Britain the USA Russia and Germany giving the book a truly global perspective

The Regional Roots of Russia's Political Regime William M. Reisinger, Bryon J Moraski, 2017-01-09 In *The Regional Roots of Russia's Political Regime* William M Reisinger and Bryon J Moraski examine Russian politics at the subnational level in order to discover why democracy failed to take root and how Putin's authoritarian regime materialized Since the national regime needed dominant victories in federal legislative and presidential elections elections were critical to the resurgence of Russian authoritarianism At the same time victories without a traditional nationwide political party required that regional politicians help deliver votes Putin employed a variety of resources to encourage the collaboration of regional leaders during federal elections and to sanction those who would or could not deliver these votes By analyzing successive federal elections Reisinger and Moraski show that regions that led the way in delivering votes in Putin's favor were those that had been both more independent and more authoritarian during the Yeltsin era These authoritarian enclaves under Yeltsin became models of behavior in the Putin regime which prized deferential election results Other regions were quick to follow this lead functioning during Putin's ascendancy as swing states Still Russia's regimes continued to exhibit regime diversity with democratic enclaves resisting the push to become cogs in the Kremlin's electoral authoritarian wheel While motivated by scholarly questions about authoritarianism democracy and the influence of subnational forces on national regime trajectories Reisinger and Moraski also consider policy relevant questions

Russian Regional Politics under Putin and Medvedev Cameron Ross, 2014-06-03 Many authors have alluded to the unique nature of Russia's dual transition and its difficult task of simultaneously reforming its economy and polity But there is in fact a third transition still far from completed that is of no less importance the need to reconfigure central regional relations and to create a stable and viable form of federalism There

are vast economic demographic and political variations across the Russian federation Therefore an understanding of regions and the causes and consequences of cross regional diversity is a vitally important dimension of Russian politics that should not be overlooked It is only by studying regional level politics that we can gain a full understanding of the complexities of Russia's protracted transition This edited volume examines regional politics and centre regional relations over the period 2000-2010 including the most recent developments which have taken place under the new dual leadership of Medvedev and Putin All eight chapters have been written by leading experts in the field of Russian politics In addition to chapters on regional elections parties regional governors and local politics there are three chapters devoted to the important developments which are currently taking place in the Caucasus This book was published as a special issue of *Europe Asia Studies*

Federalism and Local Politics in Russia Cameron Ross, Adrian Campbell, 2008-10-27 This book examines federalism and regional and local politics in Russia Many commentators have alluded to the unique nature of Russia's dual transition and its difficult task of simultaneously reforming its economy and polity But there is in fact a third transition under way in Russia that is of no less importance the need to reconfigure central local relations and to create a stable and viable form of federalism Federal states are much more difficult to set up than unitary ones and forging a new federal system at the same time as privatising the economy and trying to radically overhaul the political system has clearly made Russia's transition triply difficult The book discusses how Vladimir Putin has reasserted the power of the centre in Russia and tightened the federal government's control of the regions It shows how contrary to his rhetoric about developing Russia as a free and democratic state authoritarianism has been extended through his reorganisation of the Federation Council his usurpation of powers to dismiss regional assemblies and chief executives and his creation of seven unelected super governors The book explores a wide range of issues related to these developments including a comparative study of Russian federalism and local politics ethnic federalism the merging of federal units regional governors electoral and party reforms and regional and local politics It also includes case studies of local and regional politics in specific regions

Russia's Regions and Comparative Subnational Politics William M. Reisinger, 2013-01-17 Subnational political units are growing in influence in national and international affairs drawing increasing scholarly attention to politics beyond national capitals In this book leading Russian and Western political scientists contribute to debates in comparative politics by examining Russia's subnational politics Beginning with a chapter that reviews major debates in theory and method this book continues to examine Russia's 83 regions exploring a wide range of topics including the nature and stability of authoritarian regimes federal politics political parties ethnic conflict governance and inequality in a comparative perspective Providing both qualitative and quantitative data from 20 years of original research the book draws on elite interaction public opinion and the role of institutions regionally in the post Soviet years The regions vary on a number of theoretically interesting dimensions while their federal membership provides control for other dimensions that are challenging for globally comparative studies

The authors demonstrate the utility of subnational analyses and show how regional research can help answer a variety of political questions providing evidence from Russia that can be used by specialists on other large countries or world regions in cross national scholarship Situated within broader theoretical and methodological political science debates this book will be of interest to students and scholars of Russian politics comparative politics regionalism and subnational politics *The Structure of Regional Politics in Russia*, 2010 *The Politics of Sub-National Authoritarianism in Russia* Cameron Ross, 2016-02-24 By the end of the 2000s Russia had become an increasingly authoritarian state which was characterised by the following features outrageously unfair and fraudulent elections the existence of weak and impotent political parties a heavily censored often self censored media weak rubber stamping legislatures at the national and sub national levels politically subordinated courts the arbitrary use of the economic powers of the state and widespread corruption However this picture would be incomplete without taking into account the sub national dimension of these subversive institutions and practices across the regions of the Russian Federation After the collapse of the Soviet Union sub national political developments in Russia became highly diversified and the political map of Russia's regions became multi faceted The period of 2000s demonstrated a drive on the part of the Kremlin to re centralise politics and governance to the demise of newly emerging democratic institutions at both the national and sub national levels Yet federalism and regionalism remain key elements of the research agenda in Russian politics and the overall political map of Russia's regions is far from being monotonic Rather it is similar to a complex multi piece puzzle which can only be put together through skilful crafting The 12 chapters in this collection are oriented towards the generation of more theoretically and empirically solid inferences and provide critical evaluations of the multiple deficiencies in Russia's sub national authoritarianism including principal agent problems in the relations between the layers of the power vertical unresolved issues of regime legitimacy that have resulted from manipulative electoral practices and the inefficient performance of regional and local governments The volume brings together a team of international experts on Russian regional politics which includes top scholars from Britain Canada Russia and the USA **Routledge Handbook of Russian Politics and Society** Graeme Gill, 2022-12-23 This second edition of the highly respected Routledge Handbook of Russian Politics and Society both provides a broad overview of the area and highlights cutting edge research into the country Through balanced theoretical and empirical investigation each chapter examines both the Russian experience and the existing literature identifies and exemplifies research trends and highlights the richness of experience history and continued challenges inherent to this enduringly fascinating and shifting polity Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook answers questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption the development of a market economy and Russia's likely place in the emerging new world order Providing a comprehensive resource for scholars

students and policy makers alike this book is an essential contribution to the study of Russian studies politics Eastern European studies politics and International Relations *Local and Regional Politics in Russia* ,2011 *Political Parties in the Russian Regions* Derek S. Hutcheson,2005-08-03 This book based on extensive original research in a range of Russian provinces examines political parties in the new Russia exploring in particular how party activism on the ground actually works in practice *Elections, the Ethnic Factor and Patronal Politics in the Russian Regions* Stanislav Shkel,2025-03-25 This book focuses on the intricacies of elections within Russian ethnic republics and political loyalty in these regions Many of the ethnic republics support the Russian president and the ruling party to a significantly greater degree than the national average and serve as crucial regional pillars in maintaining the stability of electoral authoritarianism in Russia Why are non Russian voters so supportive to the Russian president How does the ethnic factor contribute to the situation and what are the specific mechanisms involved Through a comparative analysis of five ethnic republics Tatarstan Bashkortostan Komi Chuvashia and Yakutia the author addresses these questions and uncovers the specific mechanisms of electoral loyalty alongside some erosion of electoral support for the authorities in recent years This volume will be of interest to readers seeking to improve their understanding of contemporary Russia s political regime the logics of its sustainability and potential points of vulnerability as well as academic scientists and students of modern authoritarianism ethnopoltics elections and Russian politics *Russia's Regions and Comparative Subnational Politics* William Mark Reisinger,2013 Subnational political units are growing in influence in national and international affairs drawing increasing scholarly attention to politics beyond national capitals In this book leading Russian and Western political scientists contribute to debates in comparative politics by examining Russia s subnational politics Beginning with a chapter that reviews major debates in theory and method this book continues to examine Russia s 83 regions exploring a wide range of topics including the nature and stability of authoritarian regimes federal politics political parties ethnic conflict governance and inequality in a comparative perspective Providing both qualitative and quantitative data from 20 years of original research the book draws on elite interaction public opinion and the role of institutions regionally in the post Soviet years The regions vary on a number of theoretically interesting dimensions while their federal membership provides control for other dimensions that are challenging for globally comparative studies The authors demonstrate the utility of subnational analyses and show how regional research can help answer a variety of political questions providing evidence from Russia that can be used by specialists on other large countries or world regions in cross national scholarship Situated within broader theoretical and methodological political science debates this book will be of interest to students and scholars of Russian politics comparative politics regionalism and subnational politics *The Legacy Structure of Russia's One Hundred Year Transformation* David Foley,2018-11-16 Research and analysis of the post Soviet Russian experience of political economic and social change have generally focused attention on the complications and influences of the Soviet legacy on the transition process with most early main stream

studies emphasizing the difficulties of the adoption of the institutions of democracy and a free market economy to the centralized command and control legacy structures carried over from that adjacent system to the more recent analyses that have attempted to explain why the Putinist hybrid authoritarian democracy emerged to take control of the Russian state The complex nature of the Russian experience of political social and economic change had yet to be explained as a long term legacy analysis until now with the linkages presented in this study of the legacies and structures that have defied attempts at reform by the Bolsheviks the Soviets and the modern Republicans The political geography of Russia represents a districting system that defines the people and places and represents an influential legacy structure that has had a long reach from the Russia of Imperialism to the Russia of Putinism and the twenty first century A clearer understanding of the influences the Imperial legacy brings to the Russian transformation enables the student of post Soviet Russian transition an opportunity to contextualize the strong linkages of historical governance structures with the one hundred years of Bolshevik and Soviet system capture and the struggles of transformation faced by the government and people of Russia today

Local Politics and Democratization in Russia Cameron Ross, 2008-10-27 Exploring urban democracy in Russia this book considers a wide range of cities of different types and of different political allegiances showing that the power and status of cities varies tremendously across the federation as does the development of grassroots democracy

Tatarstan's Autonomy within Putin's Russia Deniz Dinç, 2021-12-13 This book explores how the Volga Tatars the largest ethnic minority within the Russian Federation a Muslim minority achieved a great deal of autonomy for Tatarstan in the years 1988 to 1992 but then lost this autonomy gradually over the course of the Putin era It sets the issue in context tracing the history of the Volga Tatars the descendants of the Golden Horde whose Khans exercised overlordship over Muscovy in medieval times and outlining Tsarist and Soviet nationalities policies and their enduring effects It argues that a key factor driving the decline of greater autonomy besides Putin's policies of harmonisation and centralisation was the behaviour of the minority elites who were despite their earlier engagement in ethnic mobilization very acquiescent to the new Putin regime deciding that co operation would maximise their privileges

The Dynamics of Russian Politics Peter Reddaway, Robert W. Orttung, 2004 This work examines Putin's reforms impact on key areas of Russian life including big business and ethnic relations It presents a historical context and an overview of the reforms then tracks how Putin's plans were implemented and resisted across each of the seven new federal okrugs

Causes and Consequences of Democratization Anastassia V. Obydenkova, Alexander Libman, 2015-05-22 In recent decades the regions of Russia have taken different paths of regime transition Despite the consolidation of an autocratic regime at national level and the centralization steered by Vladimir Putin's government the variation across sub national regimes persists Using an innovative theoretical framework this book explores both causes and consequences of democratization in the regions of Russia It is the first study in the field to systematically integrate structural and agency approaches in order to account for economic social historical and

international causes of democratization and to trace its consequences By focusing on the challenging and under studied topic of sub national regimes the book provides a unique perspective on regime transition and the new theoretical framework contributes to a better understanding of democratization world wide The book will be of key interest to scholars and students of democratization sub national regimes East European politics comparative politics post communism and international relations

Korean Security in a Changing East Asia Terence Roehrig, Jungmin Seo, Uk Heo, 2007-08-30 Since its partition in the 1950s the Korean peninsula has directly or indirectly shaped the broader security relations between regional powerhouses and the recent test of a nuclear weapon by the North Korean regime has heightened tensions across the world This study draws upon contributions from a diverse array of experts who offer their perspectives on the region s complex network of alliances and hostilities The authors discuss the future of the region the potential for military conflict and a new arms race and the ways to maintain peace and stability Since its partition in the 1950s the Korean peninsula has directly or indirectly shaped the broader security relations between regional powerhouses while the recent test of a nuclear weapon by the North Korean regime has heightened tensions across the world Japan feeling increasingly threatened by the North Korean regime and China s extravagant military expenditures has begun questioning Article IX in its Constitution that renounces war and the maintenance of armed forces Its neighbors still haunted by Japanese atrocities during World War II are fearful of a new nuclear arms race in the region The United States for its part has adopted unprecedented hard line policies in response to 9 11 going so far as to condemn North Korea as part of an axis of evil It has strengthened its alliance with Japan and alienated its long time strategic partner South Korea Add to this the economic entanglements of each of these countries both with each other and with the rest of the world and the regional security issues become even more paramount This study makes sense of these complex alliances and frictions and offers an array of perspectives on the future of the region the potential for military conflict and a new arms race and the ways to maintain peace and stability Topics include big power rivalries South Korea s sunshine policy anti Americanism and emerging nationalisms

Making and Breaking Democratic Transitions Vladimir Gel'man, Sergei Ryzhenkov, Michael Brie, 2005-01-12 Focusing on the vastly different outcomes of post Soviet regime transitions this study explores why some societies have become more democratic and some have not Based on in depth comparative analyses the book assesses political developments in six of Russia s regions Saratov Nizhnii Novgorod Volgograd Ryazan Ul'yanovsk and Tver oblasts since 1988 The authors consider the influence of Soviet governance systems on the emergence of cleavages and new actors in the post Soviet period They also analyze the impact of institutional changes on regional regimes and the success or failure of formal institutions as a framework for political competitiveness Placing their detailed field data within the larger comparative and theoretical context of political transitions the authors are able to explain the mixed outcomes of post communist regime change in Russia and other post Soviet nations With its innovative model of path contingent democratization and its new typology of political regimes and regime transitions

this book will be essential reading for all scholars of democracy

The Routledge Handbook of EU-Russia Relations

Tatiana Romanova, Maxine David, 2021-07-25 The Routledge Handbook of EU Russia Relations offers a comprehensive overview of the changing dynamics in relations between the EU and Russia provided by leading experts in the field. Coherently organised into seven parts the book provides a structure through which EU Russia relations can be studied in a comprehensive yet manageable fashion. It provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner. Informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the EU Russia and beyond. Chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of EU Russia relations such as political and security relations economic relations social relations and regional and global governance. The Routledge Handbook of EU Russia Relations aims to promote dialogue between the different research agendas in EU Russia relations as well as between Russian and Western scholars and hopefully also between civil societies. As such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of Russian politics studies EU studies politics European politics studies post Communist post Soviet politics and international relations. The Routledge Handbook of EU Russia Relations is part of a mini series Europe in the World Handbooks examining EU regional relations established by Professor Wei Shen.

Regional Politics In Russia Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Regional Politics In Russia PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Regional Politics In Russia PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who

make these resources available. In conclusion, the availability of Regional Politics In Russia free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Regional Politics In Russia Books

What is a Regional Politics In Russia PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Regional Politics In Russia PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Regional Politics In Russia PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Regional Politics In Russia PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Regional Politics In Russia PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection,

editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
