Regional Response Team Mass Casualties:

Mass Fatality and Casualty Incidents Robert A. Jensen, 1999-11-18 *Mass Fatality and Casualty Incidents A Field Guide* presents in checklist form the recommended responses to events that result in mass fatalities such as the Oklahoma City bombing the crash of a jet airliner or the attack on the World Trade Center All cities in the United States will have to have a mass fatality disaster plan in effect by the end of 1999 Mr Jensen is a leading authority in this area and provides training for police fire and hospital personnel including EMTs and social workers local state federal and international emergency planners and responders This book details actions that are part of a mass fatality incident response Specifically they are the actions that begin once life and property preservation ceases and continues through to the release of the deceased Thus primary focus is on search recovery medicolegal investigation personal effects operations family assistance operations and media operations Ancillary steps include logistics support security responder protection attitudes and coping with mass death

Preparedness and Response to a Rural Mass Casualty Incident Institute of Medicine, Board on Health Sciences Policy, Forum on Medical and Public Health Preparedness for Catastrophic Events, 2011-04-18 Problems contacting emergency services and delayed assistance are not unusual when incidents occur in rural areas and the consequences can be devastating particularly with mass casualty incidents The IOM's Forum on Medical and Public Health Preparedness for Catastrophic Events held a workshop to examine the current capabilities of emergency response systems and the future opportunities to improve mass casualty response in rural communities *Emergency Response to Chemical and Biological Agents* John R. Cashman, 2002-01-01 With the increasing availability of biological and chemical materials the threat of terrorism grows daily Innocent bystanders the major targets of terrorists because they gain the most publicity create a vast number of potential victims In our changing world horrendous violence has become commonplace The growth of incidences involving chemical and biological agents has created a need for local response teams to be aware of the dangers they face *Emergency Response to Chemical and Biological Agents* serves as a training manual for emergency responders who handle incidents involving biological and chemical hazardous materials The author covers poisons such as nerve blood blister and choking gases and biological agents such as anthrax typhus and cholera Using examples ripped from the headlines he explains what is and is not a terrorist act and the difference in handling each incident In addition the author explains the standard operating procedures of Hazardous Materials Teams before during and after an incident Whether terrorist act or chemical spill local responders usually reach the scene first As these incidents multiply and they will these teams will need a blueprint for dealing with chemical and biological materials *Emergency Response to Chemical and Biological Agents* provides a clear concise plan of action for responding to these incidents
