## **Regulation In The White House The Johnson Presidency:**

**Regulation in the White House** David M. Welborn, 2014-05-12 Regulation in the White House is an examination of regulatory policy and its development in the Johnson administration and the first comprehensive study of any presidency and regulation Based upon a thorough analysis of presidential papers in the Lyndon B Johnson Library the book investigates the working relationships linking the presidency regulatory commissions and executive agencies with regulatory responsibilities in both the economic and social spheres David Welborn finds that the president's business included regulation as a major component Johnson's concerns in regulation were varied and complex He and his aides worked assiduously and successfully to establish effective cooperative relationships with regulators and to avoid the exercise of undue influence on particular regulatory determinations In Welborn's view Johnson traversed the treacherous ground of regulatory politics with adeptness and achieved his major purposes in regulation

**Controlling the Bureaucracy** William F. West, 2016-09-17 Controls on the bureaucracy through administrative due process and presidential and congressional prerogatives are the focus of this book The author examines these controls and assesses the trade offs among them

**The Code of Federal Regulations of the United States of America**, 1967 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government

**GSA Regulations to Implement Title I of the Presidential Recordings and Materials Preservation Act** United States.

Congress. House. Committee on House Administration. Subcommittee on Printing, 1975

**GSA Regulations to Implement Title I of the Presidential Recordings and Materials Preservation Act** United States. Congress. House.

House Administration Committee, 1975

**Code of Federal Regulations** United States. President, 1966

**The Presidency and the Law** David Gray Adler, Michael A. Genovese, 2002 Political scandals have always demonstrated the capacity of our executive officials for self-inflicted injuries and the Clinton administration was no exception Unilateral warmaking claims of executive privilege and immunity and last minute pardons all tested the limits of presidential power while the excesses of the Special Prosecutor cast doubts on available remedies For eight years Republicans and Democrats engaged in guerrilla warfare aimed at destroying the careers and lives of their adversaries while tests of presidential power were resolved by the courts resulting in a reshaping of the scope and power of the presidency itself This book examines the many controversial and important battles that led to the shrinking of the presidency under the law during the Clinton administration Located at the intersection of law and politics it helps readers understand the dramatic changes that took place in the relationship of presidential power to the law during the Clinton years and shows how one president's actions and congressional and legal reactions to them have altered presidential prerogatives in ways that his successors cannot ignore The Presidency and the Law offers an assessment of changes in constitutional and legal understanding of the American presidency exploring such topics as war power executive privilege pardon power impeachment executive immunity

independent counsel and campaign finance In examining these collisions between president and the law its distinguished contributors bring the lessons of Watergate and Iran Contra into the Clinton era and contribute to a Madisonian view that presidents should not operate outside statutory and constitutional constraints While the essays offer several criticisms of that administration s exercise of power and its interpretation of constitutional provisions and law many of the authors have been supportive of Clinton and his policy pursuits and all seek to examine the potential impact of the Clinton administration without being predictive or legalistic They offer instead commentary analysis and criticism that examine the legality and constitutionality of President Clinton s actions within a broader political and historical context The presidency is constitutionally weaker and politically more vulnerable than the office Bill Clinton assumed in 1993 and it remains to be seen what impact these changes will have on the presidency in the 21st century This book points the way to assessing that impact and is essential reading for anyone concerned with the future of our democracy **The Pennsylvania Railroad** Albert J.

Churella,2024-11-26 The final volume of Albert J Churella s landmark series The Pennsylvania Railroad concludes the story of the iconic transportation company covering its long decline from the 1930s to its merger with the New York Central Railroad in 1968 Despite some parallels with World War I the experience of World War II had a substantially different impact on the Pennsylvania Railroad The introduction of new technologies personnel and commuter routes had significant effects on this giant of American transportation The recession of 1958 sparked a period of decline from which it and many other railroads struggled to fully recover The Pennsylvania Railroad The Long Decline 1933 1968 provides an unparalleled look at the final years of this legendary company which in its prime was the largest corporation in the world with a budget second only to that of the US federal government **Study on Federal Regulation: The regulatory appointments process** United States.

Congress. Senate. Committee on Government Operations,1977 **Study on Federal Regulation** United States. Congress. Senate. Committee on Government Operations,United States. Congress. Senate. Committee on Governmental Affairs,1977

*Code of Federal Regulations* ,1967 **Appointments to the Regulatory Agencies** James M. Graham,Victor Horsley Kramer,1976 The Politics of Major Policy Reform in Postwar America Jeffery A. Jenkins,Sidney M. Milkis,2014-11-10 This book examines nine critical issues in the politics of major programmatic reforms in post World War II America

*Congressional Record* United States. Congress,1984-06-26 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **The Best Transportation System in the World** Mark H. Rose,Bruce Edsall Seely,Paul F. Barrett,2006 From 1920 to the mid 1990s American transportation in the form of railroads trucks and airlines was simply a creature of politics and public policy In brief the markets for rail truck and airlines were not natural entities but had been created through hard

fought political contests full time lobbying and unceasing litigation Between 1940 and the late 1970s moreover leaders of rail truck and airline firms lobbied and litigated to protect the workings of this regulatory regime In the mid 1950s President Eisenhower asked Congress to award railroad executives authority to modify prices and service Eisenhower was concerned about a railroad industry in decline During the 1960s President Johnson sought broad deregulation of rail trucks and airline firms Johnson wanted another device to fine tune the economy In the 1970s Presidents Nixon Ford and Carter sought to deregulate transportation with a view toward reversing stagflation Between 1978 and 1980 Congress and President Carter approved deregulation of airlines trucking and railroads Carter aide Mary Schuman played a crucial role in bringing about airline deregulation For all the market talk that surrounded transportation politics before and after 1980 however officials of the American state had been and remained the principal agents creating those markets

**BOOK JACKET      The Spirit Of American Law** George S Grossman, 2018-04-24 Intended for the general public the readings in this collection explore the roots of American law from pre history to ancient Greece and Rome and the common law of England America s legal development is traced from the drafting of the Constitution to the Rehnquist Court Themes along the way include the Golden Age of the early nineteenth century when American law took on its distinctive character the impact of slavery and the Civil War and the struggles of the Progressives to regulate the nation s industrialized economy between the post Civil War era and the New Deal A reading on the Nuremberg Trials introduces the theme of international human rights while post war readings trace the nation s legal confrontations over civil liberties civil rights the rights of women the protection of the environment and legal protections for those accused of crimes Dramatic highlights include the Sacco Vanzetti case the internment of Japanese Americans during the Second World War the trial of the Chicago Eight during the Vietnam War and the Watergate scandal Leading personalities include Sirs Edward Coke and William Blackstone in England Chief Justices John Marshall and Earl Warren Justices Stephen J Field Oliver Wendell Holmes Jr Louis D Brandeis and Felix Frankfurter and Judge Learned Hand Readings on the future of American law explore the impact of alternative dispute resolution science and technology globalization and space exploration as well as trends in the legal profession and in legal philosophy
