

Reign Of Stephen

Ralph Henry Carless Davis

Reign Of Stephen:

The Reign of King Stephen, 1135-1154 David Crouch,2000 This text provides a biography of King Stephen 1134 54 the last Norman monarch whose reign was key in English history as well as the subject of much controversial assessment

The Troubled Reign of King Stephen (1135-1154) John Tate Appleby,1969 Summarizes the reign of King Stephen of England who reigned between Henry I and Henry II *King Stephen's Reign (1135-1154)* Paul Dalton,Graeme J. White,2008 Expert coverage and new assessments of the reign of King Stephen set in social political and European context The turbulent reign of King Stephen is here subjected to a full assessment by leading scholars in the field All of the most important aspects are fully covered the impact of developments under Henry I on the origins of civil war relations with the continent as they affected Stephen s overall strategy and the foundation of religious houses the opportunities which lured foreign mercenaries to England mid twelfth century legal developments and trends in revenue raising baronial and episcopal allegiances violent disorder and civil unrest and the sequence of events which unfolded during the political crisis of July 1141 Taken together they provide the fruits of the most recent research into and the most up to date interpretations of the intense political and military activity of the reign CONTRIBUTORS MARJORIE CHIBNALL JUDITH GREEN DAVID CROUCH JANET BURTON THOMAS BISSON BRUCE O BRIEN GRAEME WHITE PAUL DALTON STEPHEN MARRITT HUGH THOMAS EDMUND KING

The Reign of Stephen, 1135-54 Henry Alfred Cronne,1970 **The Anarchy of King Stephen's Reign** Edmund King,1994 The reign of King Stephen 1135 54 is famous as a period of weak government as Stephen and his rival the Empress Matilda contended for power This is a study of medieval kingship at its most vulnerable It also shows how individuals and institutions enabled the monarchy to survive *The Reign of Stephen* Keith J. Stringer,2008-02-20 In this study of Stephen s reign Keith Stringer looks at the relationship between government warfare and the rise and fall of medieval states Using primary sources and the most recent research he offers an important re evaluation of the so called Anarchy and a radical reassessment of Stephen s ability as a ruler The anarchy of King Stephen's reign Edmund

King,1984 **King Stephen** Edmund King,2011-01-18 This compelling new biography provides the most authoritative picture yet of King Stephen whose reign 1135 1154 with its nineteen long winters of civil war made his name synonymous with failed leadership After years of work on the sources Edmund King shows with rare clarity the strengths and weaknesses of the monarch Keeping Stephen at the forefront of his account the author also chronicles the activities of key family members and associates whose loyal support sustained Stephen s kingship In 1135 the popular Stephen was elected king against the claims of the empress Matilda and her sons But by 1153 Stephen had lost control over Normandy and other important regions England had lost prestige and the weakened king was forced to cede his family s right to succession A rich narrative covering the drama of a tumultuous reign this book focuses well deserved attention on a king who lost control of his destiny King Stephen Donald Matthew,2002-01-01 The reign of King Stephen 1135 54 has usually been seen as uniquely

disasterous in the history of the medieval England a country riven by a civil war between Stephen and his first cousin the Empress Matilda and by an anarchy during which overmighty barons laid waste the country and Christ and his saints slept Donald Matthew challenges this picture By questioning such melodramatic assumptions and by looking clearly at what can and cannot be known about Stephen he brings new light to both the king and his reign He shows that much of what has been written about Stephen has been based on the selective use of the testimony of hostile witnesses and has been shot through by wishful thinking or by the political or historical prejudices of the day King Stephen is an important well written and timely reinterpretation of the crisis of Norman government *The Troubled Reign of King Stephen* John Tate Appleby, 1969

Anglo-Norman Studies XXIV John Gillingham, 2002 This annual publication covers not only matters relating to pre and post Conquest England and France but also the activities and influences of the Normans on the wider European Mediterranean and Middle Eastern stage *King Stephen* Ralph Henry Carless Davis, Features a biographical sketch of English King Stephen c 1097 1154 compiled by Britannia.com LLC Notes Stephen's family members and contemporaries Describes Stephen's reign and events during his reign as well as genealogical information **Stephen (Penguin Monarchs)** Carl Watkins, 2019-06-25 Known as the anarchy the reign of Stephen 1135 1141 saw England plunged into a civil war that illuminated the fatal flaw in the powerful Norman monarchy that without clear rules ordering succession conflict between members of William the Conqueror's family were inevitable But there was another problem too Stephen himself With the nobility of England and Normandy anxious about the prospect of a world without the tough love of the old king Henry I Stephen styled himself a political panacea promising strength without oppression As external threats and internal resistance to his rule accumulated it was a promise he was unable to keep Unable to transcend his flawed claim to the throne and to make the transition from nobleman to king Stephen's actions betrayed uneasiness in his role his royal voice never quite ringing true The resulting violence that spread throughout England was not or not only the work of bloodthirsty men on the make As Watkins shows in this resonant new portrait it arose because great men struggled to navigate a new and turbulent kind of politics that arose when the king was in eclipse *Rhymes of the Watchman, for Every Night in the Year* John Walker (Wesleyan minister.), 1862 *The Age of Conquest* R. R. Davies, 2000 This classic study examines the period when Wales struggled to retain its independence and identity in the face of Anglo Norman conquest and subsequent English rule Professor Davies explores the nature of power and conflict within native Welsh society as well as the transformation of Wales under the English crown An account of the last major revolt under Owain Glyn Dwr forms the culmination of this excellent work *The New American Cyclopaedia* Charles Anderson Dana, George Ripley, 1873 **The Numismatic Chronicle, and Journal of the Numismatic Society**, 1901 Proceedings of the Numismatic Society form a separately paged section of each vol *Poetical chronology of inventions, discoveries [&c.] ... from the conquest* Ebenezer Cobham Brewer, 1846 Commentaries on the History of England Montagu Burrows, 1893 *The Encyclopaedia Britannica*, 1842
