Reiki for Beginners: Your Guide to Reiki Healing and Reiki Meditation With Useful Techniques to Increase Your Energy and Cleansing your Aura Emily

Oddo, 2021-06-30 Are you struggling to find your own spiritual path and balance your energy There are two main arguments Reiki for Beginners makes The first is that the prevalence of many insurmountable issues like burnout stress fatigue and depression occurs due to the absence of energy or rather the crisis in energy It is the lack of energy that incapacitates people who suffer from stress they do not have the strength or vitality to manage their challenges The more challenges the more energy you need to rise to the occasion of overcoming them In this sense energy is a currency It helps us triumph over obstacles and difficulties while allowing us to stave off physical ailments and keep spiritual desolation at bay The second point of this book is to emphasize that we need something to help us restore this absence of energy Reiki for Beginners explores how Reiki is one of the few practices that get to the root of the energy crisis While Reiki is often connected to mystics and spirituality it follows an analytical approach demonstrating everyday evidence of how Reiki is codified into our behavior It highlights how the Reiki practices of healing through physical touch meditation the power of symbolism and the use of mantras are essential practices They are not crucial in our reaction to the energy crisis but they are deeply ingrained in our behavior as humans They are so ingrained that while we daily heal others through physical touch we do it without knowing that we are applying Reiki practices This guide explores the origins Reiki Levels and applications of Reiki through an analytical and practical lens It is a vital read if anyone wishes to overcome their own absence of energy and help to respond to increasing levels of burnout stress and spiritual desolation In this comprehensive Reiki beginner guide you'll discover What Is Reiki Shoden Usui Reiki Level I Okuden Usui Reiki Level II Shinpiden Usui Reiki Level III Hand Positions How to heal others How to heal ourselves FAQ And much more Get your copy now and change your life through the power of Reiki

recovering as far as possible the Reiki techniques that were originally a fundamental part of the system meditations and special treatments and that were lost during the entry of Reiki in the West possibly retaining its teaching only in the country of origin From there we begin to recover them It will also be a priority to return to these techniques their spiritual background the engine of their development and the base of their effectiveness going as far as possible to the original sources that are beginning to arrive today from Japan We hope that the data and opinions that I gather in this book will help anyone who reads it to get closer to this therapy and capture all the good that is in it Enjoy reading
