*Generosity Rising* Scott McKenzie, 2016-03-01 With all of the books written on stewardship and all of the workshops offered why do churches continue to struggle with questions and issues of financial giving The answer is in the church's leadership A revolution of generosity will only occur as pastors financial chairs and stewardship chairs live and give witness to the importance of generosity in their personal lives and then intentionally recruit and train others to join the revolution Leading a revolution in generosity is not about simply using the right program or reading the right book or preaching the right sermon a revolution of generosity is about embracing living and leading others on a journey of gratitude prayer and faith *Generosity Rising* instructs pastors on whom to recruit and how to recruit them offering practical guidelines for training a dedicated team of generosity revolutionaries This book also provides daily devotionals for leaders to inspire motivate and encourage their personal journey of gratitude prayer and faith     **The Vanishing American Lawyer** Thomas D.

Morgan, 2010-02-01 Over 4 000 lawyers lost their positions at major American law firms in 2008 and 2009 In *The Vanishing American Lawyer* Professor Thomas Morgan discusses the legal profession and the need for both law students and lawyers to adapt to the needs and expectations of clients in the future The world needs people who understand institutions that create laws and how to access those institutions works but lawyers are no longer part of a profession that is uniquely qualified to advise on a broad range of distinctly legal questions Clients will need advisors who are more specialized than many lawyers are today and who have more expertise in non legal issues Many of today's lawyers do not have a special ability to provide such services While American lawyers have been hesitant to change the ways they can improve upon meeting client needs

lawyers in other countries notably Great Britain and Australia have been better at adapting Law schools must also recognize the world their students will face and prepare them to operate successfully within it Professor Morgan warns that lawyers must adapt to new client needs and expectations The term professional should be applied to individuals who deserve praise for skilled and selfless efforts but this term may lead to occupational suicide if it becomes a justification for not seeing and adapting to the world ahead *Her Place at the Table* Deborah M. Kolb, Judith Williams, Carol Frohlinger, 2010-10-05
