Reimagining God:

Reimagining God Johanna W. H. Van Wijk-Bos, 1995-01-01 Johanna van Wijk Bos examines alternatives to the dominant male language associated with God in the Bible Focusing primarily on the Hebrew Bible *Reimagining God* Tamara Hartzell, 2013-03-22 Reimagining God Turning the Light off to Look for Truth in the Corner of a Dark Round Room has been printed as two books Volume 1 consisting of Parts 1 5 and Volume 2 consisting of Part 6 which present an in depth look at the emerging new way of thinking From Christianity to the New Age to science and everything in between the new way of thinking is merging it all into a whole new faith of a whole new God of a whole new humanity and world Everything is changing for a reason Many in today s Christianity are succumbing to the darkness of this new way of thinking Many in today s Christianity are succumbing to the emerging faith of the Antichrist Many in today s Christianity will bow down to the image of the beast and take his mark That s right in today s Christianity Satan s emerging kingdom of his Antichrist is ready to burst forth in all its darkness in global opposition to God s coming Kingdom of His Son Where do you stand This emerging kingdom of darkness will go down in bitter defeat taking far too many souls with it in today s Christianity Is your soul going to be one of them How scriptural is your faith Does your faith come from inside or outside the box of the Word of God The mission is Oneness The path is darkness And the door to it all is Yea hath God said Yea God hath said And it is these words that are being dispensed with that are the only thing that stands between us and the hordes of hell that are on a soul destroying mission The subject presented in this book is as eternally grave and serious as it gets *Imagination Now* M. E. Littlejohn, 2020-05-13 The world is increasingly polarized along religious ethnic race gender class and ideological lines But must such diversity necessarily breed suspicion fear or violence Richard Kearney invites us to consider another path He wagers that the cause of our divisions often lies not in difference but in a lack of creative imagination Ever in a spirit of dialogue he shows how poetics and narrative imagination can break the hold of hostility and open new possibilities of reconciliation accomplishing what moral arguments alone cannot Now more than ever there is an urgent need for Kearney s work which addresses our current moment of crisis and division providing pathways of creative response and healing This book follows Kearney s journey through the fields of philosophy of the imagination hermeneutics philosophy of religion ethics psychology practical philosophy and politics The selection of writings in this volume offers to the specialist and the general reader a concise well rounded entry into one of the most prolific and wide ranging thinkers in contemporary philosophy

The Unmoored God Crowley, SJ, Paul G., 2017 **God's Human Speech** Charles L. Bartow, 1997 Charles Bartow s stated purpose in this practical theology of preaching is to encourage confidence in the Bible read and the sermon delivered as a means of grace in an age of radical criticism of Scripture creed and confession **Making Wise the Simple** Johanna W. H. van Wijk-Bos, 2005-09-14 Too long restricted to children s storybooks and cinematic extravaganzas the Torah comprising the first five books of the Bible is an underappreciated mother lode of divine instruction vitally important for

Christians and the church Convinced that both those who take the Torah too literally and those who neglect it are guilty of a naive simplicity Johanna van Wijk Bos presents guidelines to help ordinary Christians recover this treasure in their faith and practice Having lived in the Netherlands during the Nazi occupation van Wijk Bos recognizes that after the attempted annihilation of the Jews from Christian Europe it cannot be business as usual for Christianity In light of the Holocaust Christians must commit themselves to the restoration of just relations between Christians and Jews This commitment to address all that fractures human relations undergirds van Wijk Bos's call for Christians to reengage the Torah Making Wise the Simple points out how God's care for and engagement with the whole world in the Torah set the tone for the entire biblical story The book pays special attention to how our treatment of strangers lies at the heart of the Torah's teaching Without attempting a purely Jewish reading of the Torah van Wijk Bos reclaims the Torah as a vibrant word for the Christian community in covenant with God Written in a personal style conversant with current scholarship but sprinkled with anecdotes this book is for everyone who has a hunger and enthusiasm for what the biblical text may convey the courage to ask disturbing questions of the text and an openness to old words that may bring forth new things perhaps even making one wise

The Formative Power of Your Congregation Christina Jones Davis,Tim Shapiro,2024-09-16 The formative power of a congregation serves as a primary catalyst for human development A congregation also forms a person's life Congregations are often well versed in matters of Christian formation and spiritual maturation But what about how human beings develop as people Insights from human development also known as developmental psychology provide an additional lens through which one can understand how humans are formed throughout life Working with 30 congregations the authors developed learning experiences presented here as case studies so that participants designed experiences that support human development at the intersection of congregational practices and various aspects of life parenting social justice vocation the arts and more Participating congregations extended beyond the volunteer based organization to be one of the primary places where people learned to be more human using the simple yet multi dimensioned phrase The Formative Power of Your Congregation is written for clergy and laity who long for a congregation that supports human flourishing as much or more than the growth or existence of the church We will introduce you to a framework of how congregations participate in the development of human beings Furthermore you will be introduced to particular congregations that applying the framework support participant growth in eight markers that support the flourishing of a person's life Moving churches from a loose volunteer association you will learn how your congregation can form people in lives of meaning and purpose **NIVAC**

Reimagining God and Religion Jerry R. Wright,2018-02-01 With the necessary demise and death of antique cosmologies and traditional religious paradigms dependent on external deities and devils the modern religious challenge involves two simultaneous sacred endeavors to eulogize bury and grieve the theistic and monotheistic god images and the religions dependent on them and secondly to bring fresh imagination to the meanings of god and religion which will satisfy both the modern mind and ancient soul Drawing on the insights of Jungian or analytical psychology Dr Wright offers depth psychological analysis of our

contemporary religious and political dilemmas as well as invites readers to be midwives for the emerging religious myth that many believe to be on our collective horizon a myth that will be more inclusive intellectually and scientifically honest and soul satisfying The invitation is made urgent by his psychological conclusion As long as our deities and devils are perceived to be beyond the physical domain and outside the human psyche our species will continue to do great harm to each other and to our global nest Combining personal testament and psychological commentary the author explores heretofore taboo topics and reframes many traditional theological and Christological dogmas making them more relevant to religious and non religious alike Jerry R Wright D Min is a Jungian analyst in private practice in Flat Rock North Carolina and a training analyst with the Inter Regional Society of Jungian Analysts An experienced conference and retreat leader he has led pilgrimages to sacred sites in Iona Scotland Ireland Peru and India Reimagining God and Religion continues his primary interest in bringing the insights of Jungian or analytical psychology to experiences deemed religious or spiritual This interest inspired Dr Wright s doctoral dissertation Symbols for the Christ in the Gospel of John and the Archetypal Self in the Psychology of C G Jung and his Jungian thesis Archetypal Thin Places Experiencing The Numinosum **A Fresh Cup of Tolerance** Thomas L. Norris,2021-11-12 A Fresh Cup of Tolerance pioneers a coherent practical theology of the burgeoning universalism movement It builds on broad spiritual foundations from Native American Asian Neopagan Judeo Christian and Islamic traditions Pragmatic and straightforward it addresses the most pressing global dilemmas of our time environment globalization feminism and gender issues religious strife oppression poverty war and prejudice Theologically it systematically explores our many views of God good evil sin and suffering revelation spirituality in the digital age the spirit of love and community and so on However it is not a pleasant treatise on love It is a living faith in action theology free of rigid words Scriptures beliefs dogma or practices rituals With seven billion people on the planet many more to come cooperating and living loving together is a survival essential In a crisis our best nature surfaces but we seem unable to sustain a sense of true community and compassion for more than a few CNN weeks at a time It is a spiritual priority to seek a means to sustain a loving community for longer periods whether within the family the community the larger society or the world A theology of universalism offers a pathway of hope **Postcolonial Theology of Religions** Jenny Daggars,2013-07-18 This original and ambitious book considers the terms of engagement between Christian theology and other religious traditions beginning with criticism of Christian theology of religions as entangled with European colonial modernity Jenny Daggars covers recent efforts to disentangle Eurocentrism from the meeting of the religions and investigates new constructive possibilities arising in the postcolonial context In dialogue with Asian and feminist theologies she reflects on ways forward for relations between the religions and offers a particularist model for theology of religions standing within a classical Trinitarian framework Essentials of Christian Theology William C. Placher,2003-10-31 This splendid introductory textbook for Christian theology presents two essays by leading scholars on each of the major theological questions William Placher provides an excellent

discussion of the history and current state of each doctrine while the essays explore the key elements and contemporary issues relating to these important theological concepts

Protestant Clergy Sexual Misconduct and Intercultural Pastoral Care AHyun Lee, 2025-08-04 This volume examines the often overlooked crisis of sexual misconduct within Korean Protestant churches exploring how militarized culture hierarchical power and institutional silence contribute to the abuse of congregants especially those in vulnerable situations Through a blend of sociocultural theological and psychological analysis the book goes beyond individual acts of transgression to reveal the systemic forces that perpetuate clergy sexual misconduct By investigating the historical cultural and spiritual dimensions of abuse the book offers a framework for reframing survivor centered care and rethinking pastoral theology It concludes with a call for transformative change in religious practice urging greater transparency and more compassionate faith communities Essential reading for scholars students and practitioners this book provides critical insights into addressing sexual abuse within church settings and fostering ethical ministry

The Father Who Redeems and the Son Who Obeys Svetlana Khobnya, 2014-09-25 The idea of God the Father has attracted scholarly attention for centuries especially in terms of the revelation of God's fatherhood through the Son The Father Who Redeems and the Son Who Obeys balances the Christological perspective on God's nature with the image of God the Father that has its roots in the Old Testament and is more prominent in the Second Temple period than sometimes acknowledged For Paul God is the Father who redeems The Old Testament imagery that shaped the Israelites conception of God's interaction with them and which was a basis for God's future restoration of the nation despite their unfaithfulness is central to Paul's explanation of the new salvific act of God the Father in Christ the faithful and obedient Son

Handbook on Postconservative Theological Interpretation Ronald T. Michener, Mark A. Lamport, 2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best Orthodox biblical but open to new insights about how to interpret Scripture But the new insights must be faithful as well as fresh Postconservative theology is not the same as progressive theology which tends to lean toward indeterminant faith expressions whereas postconservative allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation

Galatians Nancy Bedford,2016-08-16 In this incisive commentary Nancy Bedford explores Paul's Letter to the Galatians as it addresses pressing issues in the earliest Christian churches Paul argues that it is not necessary for Gentiles to become full fledged Jews in order to follow Jesus In Jesus Christ differences among people will continue Bedford sees that equality in Christ Galatians 3:28 does not erase differences but instead breaks down hierarchical relationships among many different people and groups She considers the implications of these convictions for Christian faith today particularly for those outside of Western Christian traditions Bedford's unique theological interpretive approach to Galatians is suitable for preaching and teaching preparation and is a welcome addition to the Belief series
