**Rebirth and the Stream of Life** Mikel Burley, 2016-01-28 Rebirth and the Stream of Life explores the diversity as well as the ethical and religious significance of rebirth beliefs focusing especially on Hindu and Buddhist traditions but also discussing indigenous religions and ancient Greek thought Utilizing resources from religious studies anthropology and theology an expanded conception of philosophy of religion is exemplified which takes seriously lived experience rather than treating religious beliefs in isolation from their place in believers lives Drawing upon his expertise in interdisciplinary working and Wittgenstein influenced approaches Mikel Burley examines several interrelated phenomena including purported past life memories the relationship between metaphysics and ethics efforts to demythologize rebirth and moral critiques of the doctrine of karma This range of topics with rebirth as a unifying theme makes the book of value to anyone interested in philosophy the study of religions and what it means to believe that we undergo multiple lives *Do You Believe in Rebirth* Dhammananda (Kirinde Sri.), 1973 *Encyclopedia of Reincarnation and Karma* Norman C. McClelland, 2018-10-15 Featuring over 1 200 topical entries arranged alphabetically this encyclopedia provides diverse and detailed coverage of the related subjects of reincarnation and karma Its in depth examination ranges from ancient beliefs to those of the present incorporating all relevant world cultures A series of broad thematic entries cover foundational aspects while over a thousand highly focused entries deal with various societies and organizations which support the concepts of reincarnation and karma specific religious groups sects and associations key individuals both historic and modern and related beliefs concepts and practices Karma and Rebirth Gananath Obeyesekere, 2006-01-01 With Karma and Rebirth A Cross Cultural Study on the very first comparison of rebirth concepts across a wide range of cultures Exploring in rich detail the beliefs of small scale indigenous societies of West Africa Melanesia and North America Obeyesekere compares their ideas with those of the ancient and modern Indic civilizations and with the Greek rebirth theories of Pythagoras Empedocles Pindar and Plato His groundbreaking and authoritative discussion decenters the popular notion that India was the origin and locus of ideas of rebirth Reincarnation. The cycle of birth, death and rebirth in Hinduism Yevgeniya Marmer, 2020-09-07 Seminar paper from the year 2013 in the subject Theology Hinduism grade 2 1 University of Hildesheim language English abstract The following paper will deal with the concept of the cycle of birth death and rebirth in the Hindu religion as Hindus in contrary to the Western cultures and monotheistic religions believe that there is life after death and before the present life there was a beforelife because they believe that it does not make sense that people suddenly appear from nowhere meaning not the biological body but the soul or the spirit First a definition of the different concepts of afterlife in different metaphysical models and of the term reincarnation from its semantic point of view and how it is defined in other religions will be given Furthermore Hinduism itself will be introduced as it is important to understand the essence of this religion to be able to understand the concept of reincarnation Additionally the concept of reincarnation will be described That includes the

processes of birth death and rebirth Finally the arguments in favor and against the theory of reincarnation will be discussed The question about what happens after death is a philosophical one which has been worrying humanity for centuries By trying to categorize the different concepts regarding what happens after death three concepts varying among cultures and religions can be differentiated First there is the concept of denial which states that the existence of the individual ends with their death as it is widely believed in the Western world The second one is the concept of completion in many religions as for example in Christianity the human life is seen as a preparation for a life after somewhere else in a different state of existence like Heaven Hell Purgatory Limbus etc And the third concept is the concept of rebirth meaning that the mental part of the person may it be called the soul or the spirit is reborn many times in new bodies on earth *Karma, Reincarnation and Rebirth* Diana St. Ruth,2002 Whether considering the power of past karms or future karma Diana St Ruth offers sound guidance and practical exercises to deepen our understanding **MYSTERY OF REINCARNATION** J Danelek,2007-05-27
