Reincarnation and the Law of Karma William Walker Atkinson, 1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man s nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the parents also attracting to them a soul bound to them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents

Reincarnation in America Lee Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a

current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

Josephus and the Theologies of Ancient Judaism Jonathan Klawans,2013-01-10 Though considered one of the most important informants about Judaism in the first century CE the Jewish historian Flavius Josephus s testimony is often overlooked or downplayed Jonathan Klawans s Josephus and the Theologies of Ancient Judaism reexamines Josephus s descriptions of sectarian disagreements concerning determinism and free will the afterlife and scriptural authority In each case Josephus s testimony is analyzed in light of his

works general concerns as well as relevant biblical rabbinic and Dead Sea texts Many scholars today argue that ancient Jewish sectarian disputes revolved primarily or even exclusively around matters of ritual law such as calendar cultic practices or priestly succession Josephus however indicates that the Pharisees Sadducees and Essenes disagreed about matters of theology such as afterlife and determinism Similarly many scholars today argue that ancient Judaism was thrust into a theological crisis in the wake of the destruction of the second temple in 70 CE yet Josephus s works indicate that Jews were readily able to make sense of the catastrophe in light of biblical precedents and contemporary beliefs Without denying the importance of Jewish law and recognizing Josephus s embellishments and exaggerations Josephus and the Theologies of Ancient Judaism calls for a renewed focus on Josephus s testimony and models an approach to ancient Judaism that gives theological questions a deserved place alongside matters of legal concern Ancient Jewish theology was indeed significant diverse and sufficiently robust to respond to the crisis of its day Reincarnation William Walker Atkinson,2019-09-25

Reproduction of the original Reincarnation by William Walker Atkinson Jesus the Wicked Priest Marvin Vining,2008-03-27

Decodes the Dead Sea Scrolls to reveal Christianity s hidden Essene origins Reveals the Essenes as key figures behind Jesus s trial torture and crucifixion Shows how Jesus a former Essene himself was deemed the Wicked Priest for his liberationist politics and humanist bent Examines the lost Christian doctrine of reincarnation and the secret role of Gabriel in the Virgin Birth The Dead Sea Scrolls discovered in 1947 at Qumran are generally believed to have been written by a Jewish sect known as the Essenes between 350 BCE and 70 CE but until now no convincing methodology has linked the Scrolls to the actual life and teachings of Jesus Marvin Vining builds from the controversial work of Barbara Thiering to demonstrate that the Scrolls do speak directly to the origins of Christianity and even reflect a mirror image of the Gospels from the perspective of Jesus s enemies Christianity arose out of a schism between the exclusivist rigid and militant views of the Essenes and the inclusivist tolerant and nonviolent views of Jesus Jesus was raised an Essene but he refused to follow their orthodoxy Vining shows that the Dead Sea Scrolls are written in a secret coded language called pesher in which Jesus emerges as the Wicked Priest the antagonist to the Teacher of Righteousness who was the leader of the Essenes Jesus the Wicked Priest revitalizes the Gospel message by revealing Jesus s true role as a tireless social reformer and revolutionary teacher Vining s study reopens Christian doctrinal questions supposedly long settled such as reincarnation and the Virgin birth even demonstrating that these two issues are related He discloses that the angel Gabriel was incarnate in a living human being and transmitted the seed of a holy bloodline to the Virgin Mary **Reincarnation** Elizabeth Clare Prophet,Erin L. Prophet,1997 A long time ago Christians believed in reincarnation This groundbreaking work makes the case that Jesus taught reincarnation Elizabeth Clare Prophet traces the history of reincarnation in Christianity from Jesus and early Christians through Church councils and the persecution of so called heretics Using the latest scholarship and evidence from the Dead Sea Scrolls and Gnostic texts she also argues persuasively that Jesus was a mystic who taught that our destiny is to unite with the God within Your view of

Singh Science says that the different species were not created simultaneously but evolved gradually I came across a statement in the Bhagavad Gita to the effect that all 8 400 000 species of living entities are created simultaneously Is that correct Srila Prabhupada Yes Living beings move from one bodily form to another The forms already exist The living entity simply transfers himself just as a man transfers himself from one apartment to another One apartment is first class another is second class and another is third class Suppose a person comes from a lower class apartment to a first class apartment the person is the same but now according to his capacity for payment or karma he is able to occupy a higher class apartment Real evolution does not mean physical development but the development of Consciousness Do you follow The apartment already exists however it is not the lower class apartment that becomes the higher class apartment That is Darwin s nonsensical theory He would say that the apartment has become high class Modern scientists think that life has come from matter They say that millions and millions of years ago there was simply matter but no life We do not accept that Of the two energies life and matter life or spirit is the original superior energy and matter is the resultant inferior energy Spirit is independent and matter is dependent Dr Singh All that you have been saying completely contradicts Darwin s theory of evolution Srila Prabhupada Darwin and his followers are rascals If originally there were no higher species why do they exist now Also why do the lower species still exist For example at the present moment we see both the intellectual person and the foolish ass Why do both these entities exist simultaneously Why hasn t the ass form evolved upwards and disappeared Why do we never see a monkey giving birth to a human In Bhagavad Gita the word yantra or machine means that in any species of life we are traveling in bodies that are like machines provided by material nature
