 Edward Dwight Walker, 1965      No Place for Fairness David T. McNab, 2009-10-01 Aboriginal policy and claims negotiation  
 in Canada is seen to be a murky and perplexing world that has become an important public issue and has significant policy  
 implications for government spending Aboriginal land policy in Canada began as an Aboriginal initiative In No Place for  
 Fairness David McNab a long time advisor on land and treaty rights for both government and First Nations groups looks at  
 the Bear Island Indigenous rights case initiated by the Teme Augama Anishinabe to explore why governments fail to deal  
 effectively with Aboriginal land claims The book divided into two sections includes a survey of the historical background of  
 the Bear Island claim followed by a more personal series of reflections about what happened as the claim encountered  
 decades of policy hurdles court cases public protests and above all resistance by the Temagami First Nation McNab provides  
 details of how ministers and their senior officials resisted real efforts to resolve problems as well as examples of field staff  
 resisting government attempts at resolution He also shows that government entities such as the Indian Commission of  
 Ontario and the Native Affairs Directorate were largely used as mailboxes where successive federal and provincial  
 governments sent things they wanted to bury No Place for Fairness is the story of what happens when Aboriginal peoples  
 political rights are crammed into the Euro Canadian legal system McNab makes a clear case that a legalistic approach to  
 these problems is wholly inadequate and that more important things like fairness must be recognized as paramount if a just  
 and lasting Aboriginal land policy is to be created      **Dissertation Abstracts** , 1967      **The National Union Catalog**
