for his reincarnated mate becomes Jamison's raison d'être as he and fellow detectives scour Houston for a brutal serial killer. The memory of timeless love drives Jamison's dogged search for a serial killer determined to finish what he started decades earlier. Each clue brings Jamison closer to unmasking his old nemesis. Tenacious police work, lessons learned in the past, and intuition may be the only weapons he has in preventing history from repeating itself. *A Novel of Past Lives Retribution*

Does the Soul Survive? Elie Kaplan Spitz, 2012-12-14. Near death experiences, Past life regression, Reincarnation. Are these sorts of things Jewish? With a blend of candor, personal questioning, and sharp-eyed scholarship, Rabbi Elie Kaplan Spitz relates his own observations and the firsthand accounts shared with him by others' experiences that helped propel his journey from skeptic to believer that there is life after life. From near death experiences to reincarnation, past life memory to the work of mediums, Rabbi Spitz explores what we are really able to know about the afterlife and draws on Jewish texts to share that belief in these concepts so often approached with reluctance is in fact true to Jewish tradition. The increasing interest and faith in survival of the soul may grow into a cultural wave that is as potentially transformative for society as the civil rights movement and feminism. A renewed faith in the soul's journeys will call for a reassessment of our priorities and will enable traditional religions to renew and transform their adherents. *Introduction* Healing Lost Souls William J. Baldwin, 2003-06-01. For two decades, William Baldwin has been a pioneer in the ever-expanding therapeutic fields of Spirit Release, Past Life Regression, and Soul Mind Fragmentation. In his Florida practice, he uses these therapies routinely to help patients who suffer from Dissociative Trance and Dissociative Identity, formerly called Multiple Personality Disorders. *Healing Lost Souls* explains the attributes of each therapy in everyday language and provides dozens of case studies to illustrate its clinical use. Likening his work to the ancient practice of shamanism, Baldwin has found that psychological disorders are often rooted in past life traumas, the interference of attached entities of various origins, and the fragmentation of one's soul. Baldwin stresses the importance of active patient participation throughout the stages of regression, as well as the need to treat encountered entities with respect, since they are often mere lost souls as bewildered and frightened as the patients themselves. *Are We Immortal?* Dr. Dharmdeo N. Singh, 2015-07-06. The answer is yes. Am I body or soul? When we say it is my body, it is my hand, it is my car, or it is my house, etc., it means that I own these things, including my body. So I cannot be these things. So I am soul. When the soul gets out of the body at the time of death, although all its parts are present but nonfunctional. Whole body is either cremated or buried, which eventually disintegrates. Some of us believe in reincarnation or rebirth. Dr. Ian Stevenson of the Department of Psychology and Neurology, University of Virginia, has studied three thousand cases as of 1987 from all parts of the world. Each one of them said, "I remember my previous life," and verified by Dr. Stevenson and published. Refer it in my chapter, *Rebirth*. Chapter Characteristics of soul. It is self-exemplified, and other quotations from Hindu scriptures. The soul to begin with was pure as 24-carat gold. But after when it gets in the body of living beings, and especially human body, it becomes impure due to good and bad actions, karma. Then it needs to be pure again in

order to be immortal For this it needs Gods grace prayer meditation and other means to mingle with God as water of Rivers merge with water of sea and become salty water as of the sea **The Revelation (New Revised Edition)** Bodo

Balsys,2022-09-06 This book presents basic postulates concerning many esoteric concepts These include the concept of God what constitutes evil the nature and function of karma the manifestation of energy from the subtle planes of perception the nature of manifest Divinity as veiled by the concept of the Christ in the Bible and the mysteries of Being The analysis moves from my earlier Buddhist writings to focus upon the information in the Bible especially in relation to the nature of the reappearance of the Christ which here is equated with the externalisation process of the Hierarchy of Enlightened Being This doctrine concerns the mode of the evolution of transcendent perception by humanity The awakening of higher spiritual perceptions via the enlightenment path and the understanding of the psychic constitution of the n s and chakras are also explained A syncretic approach is therefore espoused through the comparison between Eastern doctrines and the presented esoteric Christianity In doing so many of the veiled hidden mysteries in the Gospel story and the book of Genesis are revealed The text shows how these religions are but aspects of one fundamental religious evolution of the historical development of what is known in the East as the dharma and in the Western tradition as the Law of God The Division of Consciousness

Peter Novak,1997-05-01 Drawing on mythology psychology religion and science as well as past life regression and near death experiences Peter Novak explores the nuances of what really happens to the soul after death Eastern and Western philosophies have disagreed on this point for centuries After ten years of intensive investigation his conclusions are a ground breaking blend of east and west explaining how this division may have arisen and how it is likely to be resolved **Touch**

the beginning for pursuit of this new tack offered a new set of hurdles After years of bumpy roads Michle Burdet is today a practitioner of ancient shamanic arts such as soul retrieval and is teaching apprentices to carry on the torch of what she likes to call prehistoric psychotherapy The Truth Laurel,2005 The Truth is the award winning first book in The Oracle Institute foundational trilogy It presents a summary of the divine messages sent to us by God through the Prophets When studied successively these spiritual lessons form a Tower of Truth that should not be broken or interpreted along sectarian lines Instead these Truths should be assimilated into a contemporary spiritual and scientific database and shared by everyone regardless of religious affiliation The Truth explores the five primary religions that evolved after the Prophets died Hinduism Judaism Buddhism Christianity and Islam to determine whether these manmade religions have remained faithful to the Truth including the primordial Truth that God is half masculine and half feminine energy The Truth reveals that mankind has built a Tower of Babel with God s messages Moreover these now ancient religions have polarized humanity and brought us to the brink of World War III The book also includes an objective template for measuring the adequacy of any religion and an Appendix that shows the nexus between politics and religion and politics thought human history
