Reinventing The Ids Moving Toward A Three Dimensional Model For Integrating Healthcare:

Health Affairs ,2000 **Reinventing the IDS** Nancy Alfred Persily,Jason D. Gottlieb,2000 Reinventing the IDS suggests that the time has come to think about integrated delivery systems in a whole new way The ideal integrated delivery system of the future might not be one that is vertically or horizontally integrated but rather one that virtually integrates players into a more three dimensional model that is amoebic in nature that is centerless and adaptable to its environment one that is interconnected by a secure adaptable and comprehensive information system Reinventing the IDS proposes a number of ways that the IDS can be more effective at reaching its goals of improving quality and reducing waste and duplication in the delivery of healthcare to a regional community The authors identify the ideal IDS as one comprised of the full continuum of healthcare services innovative financing mechanisms such as global capitation administrative clinical staff synergy a viable set of financials and a community focused streamlined yet diversified governing board with provider and community representation Topics that are covered in Reinventing the IDS include Changing demographics and changing needs Financing Supply side and demand side cost sharing Ownership Buy in rather than buy out Alternative financing mechanisms and investment opportunities Technology The tie that binds Manpower Team based management and provision Governance Developing synergy between the system and community Read Reinventing the IDS and discover new and innovative ways to achieve true system integration And provide real benefit to the community **Cumulated Index Medicus** ,1995

Reinventing Fire Amory Lovins,2011-10-15 Oil and coal have built our civilization created our wealth and enriched the lives of billions Yet their rising costs to our security economy health and environment now outweigh their benefits Moreover that long awaited energy tipping point where alternatives work better than oil and coal and compete purely on cost is no longer decades in the future It is here and now And it is the fulcrum of economic transformation A global clean energy race has emerged with astounding speed The ability to operate without fossil fuels will define winners and losers in business and among nations In Reinventing Fire Amory Lovins and Rocky Mountain Institute offer a new vision to revitalize business models end run Washington gridlock and win the clean energy race not forced by public policy but led by business for enduring profit This groundbreaking roadmap reveals market based solutions across the transportation building industry and electricity sectors It highlights pathways and competitive strategies for a 158% bigger 2050 U S economy that needs no oil no coal no nuclear energy one third less natural gas and no new inventions This transition would cost 5 trillion less than business as usual without counting fossil fuels huge hidden costs It requires no new federal taxes subsidies mandates or laws The policy innovations needed to unlock and speed it need no Act of Congress Whether you care most about profits and jobs national security health or environmental stewardship Reinventing Fire charts a pragmatic course that makes sense and makes money With clarity and mastery Lovins and RMI point out the astounding opportunities for enterprises to create the new energy era Drawing praise from President Bill Clinton former National Security Advisor Robert McFarlane and a host of
