## **Reinventing Political Science A Feminist Approach:**

**Reinventing Political Science** Jill Vickers, 1996-12-31 An alternate vision of political science for students who want to make space for themselves and for political studies this framework for analysis builds bridges between political science and feminism allowing for a women centred analysis of both formal and informal politics Gender, Race, and Nation Vanaja

Dhruvarajan, Jill Vickers, 2002-01-01 Dhruvarajan and Vickers call into question feminism's presumed universality of gender analysis and bring to the foreground the voices of marginalized women in Western society and of women outside of the western world **Gender Innovation in Political Science** Marian Sawer, Kerry Baker, 2018-06-16 In this book leading

gender scholars survey the contribution of feminist scholarship to new norms and knowledge in diverse areas of political science and related political practice They provide new evidence of the breadth of this contribution and its policy impact Rather than offering another account of the problem of gender inequality in the discipline the book focuses on the positive contribution of gender innovation It highlights in a systematic and in depth way how gender innovation has contributed to sharpening the conceptual tools available in different subfields including international relations and public policy At the same time the authors show the limits of impact in core areas of an increasingly pluralised discipline This volume will appeal to scholars and students of political science and international relations Feminizing in Political Science Alana

Cattapan, Ethel Tungohan, Nisha Nath, Fiona MacDonald, Stephanie Paterson, 2024-06-06 Feminizing in Political Science examines what is at stake in contesting the boundaries of the contemporary university This critique of mainstream Canadian political science pushes beyond typical studies of institutions and political life Instead the collection draws together personal essays pedagogical interventions dialogues and original research to reflect on how feminizing as an orientation and as an analytic can centre experiential knowledge and reshape our understandings of political science Collectively these contributions lay bare the ways that power moves in and through the academy naming the impacts on those who are most structurally precarious all while pointing to futures available to us through refusal solidarity and hope Contributors Yasmeen Abu Laban Julianne M Acker Verney Kelly Aguirre Jeanette Ashe Nicole S Bernhardt Amanda Bittner Alana Cattapan Elaine Coburn Jamilah A Y Dei Sharpe Rita Kaur Dhamoon Alexandra Dobrowolsky Nick Dorzweiler Tammy Findlay Mariam Georgis Emily Grafton Joyce Green Genevieve Fuji Johnson Kiera L Ladner Lindsay Larios Manon Laurent Fiona MacDonald April Mandrona Kimberley Ens Manning Sarah Munawar Nisha Nath Michael Orsini Stephanie Paterson Tka C Pinnock David Semaan Gina Starblanket Heidi Kiiwetinepinesik Stark Melanee Thomas Reeta Chowdhari Tremblay Ethel Tungohan Nadia Verrelli Leah F Vosko and Chamindra Weerawardhana Minds of Our Own Wendy Robbins, Meg Luxton, Margrit

Eichler, Francine Descarries, 2009-08-02 This book of personal essays by over forty women and men who founded women's studies in Canada and Quebec explores feminist activism on campus in the pivotal decade of 1966-76 The essays document the emergence of women's studies as a new way of understanding women men and society and they challenge some current

preconceptions about second wave feminist academics The contributors explain how the intellectual and political revolution begun by small groups of academics often young untenured women at universities across Canada contributed to social progress and profoundly affected the way we think speak behave understand equality and conceptualize the academy and an academic career A contextualizing essay documents the social economic political and educational climate of the time and a concluding chapter highlights the essays recurring themes and assesses the intellectual and social transformation that their authors helped set in motion The essays document the appalling sexism and racism some women encounter in seeking admission to doctoral studies in hiring in pay and in establishing the legitimacy of feminist perspectives in the academy They reveal sources of resistance too not only from colleagues and administrators but from family members and from within the self In so doing they provide inspiring examples of sisterly support and lifelong friendship

**Women and Political Representation in Canada** Manon Tremblay, Caroline Andrew, 1998-02-13 This collection of essays explores the often antagonistic relationship between women and political life in Canada While women make up little over half of the total population in Canada they are in many ways conspicuous by their absence from the Canadian political scene Federalism, Feminism and Multilevel Governance Marian Sawyer, 2016-04-15 Until recently few gender scholars took notice of the impact of state architecture on women s representation political opportunities and policy achievements Likewise scholars of federalism devolution and multilevel governance have largely ignored their gender impact For the first time this book explores how women s politics is affected by and affects federalism whether in Australia Canada India Mexico Nigeria Russia or the US Equally it assesses the gender implications of devolution and multilevel governance in the European Union including case studies of the UK and Germany Globally multilevel governance is providing new arenas for women s politics For example CEDAW the UN Convention for the Elimination of All Forms of Discrimination against Women has led most governments to adopt gender equality norms while other UN instruments have supported Aboriginal self government Gender scholars will find especially valuable what is revealed about the impact of political architecture on a broad range of policy issues including gay marriage reproductive rights and childcare Federalism scholars will benefit from the book s wide range of cases comparative themes and combination of gender and federalism perspectives Written by leading experts this book fills an important gap in both literatures
