spiritual community is not about unthinking conformity or belonging to a comfortable group Rather it is the free association of developing individuals choosing to help each other along the path

Lopez Jr.,2009-11-15 Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity Apart from Buddha the list of terms in this collection deliberately includes none that are intrinsic to the religion Instead the contributors explore terms that are important for many fields and that invite interdisciplinary reflection Through incisive discussions of topics ranging from practice power and pedagogy to ritual history sex and death the authors offer new directions for the understanding of Buddhism taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches Following the tradition of Critical Terms for Religious Studies this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions     A Most Unusual Life Kirsten Van Gelder, Frank Chesley,2015-01-01 An intimate look inside the life of an influential pioneer of alternative healing Born on a sugar plantation in Java at the turn of the twentieth century psychic alternative healer and writer Dora van Gelder Kunz was to become one of the most unique and unforgettable women of her age This biography traces her life from her signs of clairvoyant ability in early childhood through her pioneering development with Delores Krieger of Therapeutic Touch her presidency of the Theosophical Society in America and finally her death at

*Buddha's Not Smiling* Erik D. Curren,2008-01-01 Interest in Buddhism has exploded in the last couple of decades and millions of people around the world view Tibetan Buddhism as the religion s most pure and authentic form Yet a political conflict among Tibetan lamas themselves is now poised to tear the Tibetan Buddhist world apart and threaten the integrity of its thousand year old teachings On August 2 1993 Rumtek monastery was attacked Its monks were expelled and the cloister was turned over to supporters of a boy lamas appointed by the Chinese government But Rumtek was not in China and its attackers were not Communist troops Rumtek was in India the refuge for most exiled Tibetans And it was Tibetan lamas and monks themselves who led the siege Yet evidence shows that Chinese agents directly supported Tibetan lamas and monks who attacked Rumtek monastery While a complete picture of this controversy has been blurred by the media s focus on international Buddhist celebrities *Buddha's Not Smiling* challenges Readers to Judge for themselves the health of Tibetan Buddhism today

**Cultivating a Compassionate Heart** Thubten Chodron,2006-03-13 Chenrezig Avalokiteshvara Kuan Yin is not only

Tibet's patron deity he also is the embodiment of the compassion of all the Buddhas and as such is deemed the best possible contemplative gateway to the cultivation of compassion. In this book which has received high praise from monastics and lay Buddhist scholars alike the American born nun Ven Thubten Chodron lucidly and engagingly elucidates the Tibetan Buddhist yoga of Chenrezig. Her explanations are based not only on scriptural but also oral teachings which makes them eminently authoritative and practical. Essentially Cultivating a Compassionate Heart is a knowledgeable highly practical and fairly extensive commentary on the Chenrezig sadhana. The book starts with the Thousand Armed Chenrezig visualization and the preliminary prayers found in most sadhanas and the long mantra of Chenrezig. Only then does the author proceed to explaining the various concepts that make up the theoretical underpinnings of this extraordinary practice. *Gurus for Hire, Enlightenment for Sale* Rinpoche Tsem Tulku, 2007
