Releasing Test Scores:

Releasing Test Scores National School Public Relations Association, 1976 **Decoding the Ethics Code** Celia B. Fisher, 2003-06-17 *Decoding the Ethics Code A Practical Guide for Psychologists* introduces psychologists to the 2002 American Psychological Association's Ethical Principles of Psychologists and Code of Conduct. The book helps psychologists apply the Ethics Code to the constantly changing scientific, professional, and legal realities of the discipline. Author Celia B. Fisher addresses the revised format, choice of wording, aspirational rationale, and enforceability of the code and puts these changes into practical perspective for psychologists. The book provides in-depth discussions of the foundation and application of each ethical standard to the broad spectrum of scientific teaching and professional roles of psychologists. This unique guide helps psychologists effectively use ethical principles and standards to morally conduct their work activities, avoid ethical violations, and most importantly, preserve and protect the fundamental rights and welfare of those whom they serve.

Handbook of Personality Assessment Irving B. Weiner, Roger L. Greene, 2017-04-03 The *Handbook of Personality Assessment* provides comprehensive guidance on the administration, scoring, and interpretation of the most widely used instruments. Written by two of the field's foremost authorities, this well-balanced guide blends theory and application to provide a foundational reference for both graduate students and professionals. Updated to reflect the most current advances, this second edition includes new chapters on the Minnesota Personality Inventory Restructured Form and the Rorschach Performance Assessment System, along with in-depth coverage of the MMPI-2, MMPI-2 A, MCMI-IV, PAI, NEO-PI-R, Rorschach Comprehensive System, TAT, and Figure Drawing and Sentence Completion Methods. Each instrument is discussed in terms of its history, administration, scoring, validity, assessment, interpretation, applications, and psychometric foundations, and other chapters address ethical considerations and provide general guidelines in the assessment process. Personality assessments guide recommendations in a broad range of clinical, health care, forensic, educational, and organizational settings. This book delves deeply into the nature and appropriate use of the major assessment instruments with authoritative insight and practical guidance. Review the latest concepts, research, and practices; administer, score, and interpret the most widely used instruments; understand the psychometric foundations of personality assessment; access downloadable sample reports that illustrate software interpretation. An individual's nature and

disposition can be assessed in several ways This book focuses on standardized psychological tests that assess personality characteristics and indicate how a person is likely to think feel and act The results can only be as accurate as the process from assessment selection and administration to scoring interpretation and beyond The Handbook of Personality Assessment is an invaluable resource for every stage of the process with a practical focus and advice from two leading experts
