Richard,William G.

Emener,William S. Hutchison,2009 This landmark text discusses current issues and trends to help employee assistance and human resource professionals do their jobs better and help people live happier more productive lives by providing them with the resources to deal with personal problems The current spiraling and escalating rate of change within the business and working world fueled by other events and phenomena since September 11 2001 were the impetus and driving force behind

the initiative and development of this new fourth edition This book contains 43 chapters a total of 21 are from the first two editions eleven were written specifically for the third edition and eleven new chapters were exclusively written for this new fourth edition While savoring the still pertinent meaningful and relevant to today materials from the previous editions there are nine new updates written by an all star team of experts in their respective areas The topics include history and philosophy structure and organization client services and characteristics program planning and evaluation professional and paraprofessional training and development special issues selected examples and future directions An excellent textbook for college and university courses and preparation source this book is a must for professionals wanting to be up to date on employee assistance programming for students in graduate courses and seminars for college and university courses and in service training and continuing education programs

### **Assessing and Treating Youth Exposed to Traumatic Stress**

Victor G. Carrión, M.D.,2018-10-16 Assessing and Treating Youth Exposed to Traumatic Stress is a cogent caring and comprehensive response to the reality that many children live lives of constant threat fear and confusion while lacking opportunities for positive social interactions stimulation and empowerment Although the book is written for mental health clinicians teachers and others who support traumatized youth will find this book an essential addition to their professional libraries Identifying these children is the first step and the importance of careful assessment through use of the clinical interview in both individual and group settings is emphasized In addition the population with posttraumatic stress disorder PTSD is highly diverse in terms of presentation and target symptoms and the book explores differences in type duration and accumulation of trauma age of insult stress vulnerability family history and other individual factors Nearly a dozen of treatment options are presented in the book and they are distinguished by setting such as clinic home or school and modality such as psychotherapy or pharmacology Attention is also paid to preventive measures most of which are school or group based to increase resiliency where possible

*Getting Culture* Regan A. R. Gurung,Loreto R. Prieto,2023-07-03 How do we educate our students about cultural diversity and cultural differences and eliminate cultural ignorance stereotyping and prejudice What are the conceptual issues involved in reaching this goal How can we integrate these perspectives in disciplinary and diversity courses and the curriculum This book is a resource for answering these questions Within the framework of current scholarship and discussion of essential concepts it offers practical techniques and empirically proven best practices for teaching about diversity The book opens with a conceptual framework covering such issues as distinguishing teaching to a diverse audience from teaching about diversity and contrasting the incorporation of culture across the curriculum with tokenistic approaches Subsequent chapters identify classroom practices that can optimize students learning especially those from culturally diverse backgrounds describe feminist principles of education that that promote learning for all students and address principles of effective on line instruction for diverse populations The book is intended for faculty integrating diversity into existing courses and for anyone creating courses on diversity The ideas and

suggestions in the text can be incorporated into any class that includes a discussion of diversity issues or has a diverse student enrollment The contributors offer pragmatic and tested ways of overcoming student misconceptions and resistance and for managing emotional responses that can be aroused by the discussion of diversity The editors aim to stimulate readers thinking and inspire fresh ideas The book further provides teachers of diversity with a range of effective exercises and attends to such issues as teacher stress and burnout This book can also serve to inform and guide department chairs and other administrators in the design and implementation of diversity initiatives

**Current Index to Journals in Education**, 1999 **Atomics in the Classroom** Michael Scheibach, 2015-11-18 After the August 1945 atomic bombings of Hiroshima and Nagasaki and Japan's unconditional surrender America's educational community quickly focused on preparing the younger generation for the atomic age With the support of the federal government elementary and secondary schools developed a curriculum known as atomics emphasizing the bomb's destructive power peaceful applications of the atom and most important the need to control nuclear research By the 1950s with the Soviet Union's acquiring of the bomb atomics expanded to include civil defense topics and activities such as duck and cover drills This book examines the broad curriculum in social studies science mathematics English home economics and art that emphasized atomics in American classrooms of the early postwar era Lesson plans class projects and activities resource materials and extracurricular experiences are included *The School Psychologist's Survival Guide* Rebecca Branstetter, 2012-05-01 A practical and accessible guide for helping school psychologists meet their everyday challenges In this newest addition to the Jossey Bass Survival Guide series popular blogger Rebecca Branstetter offers help for school psychologists who must often travel to multiple school sites deal with students with severe disabilities meet with concerned parents and manage school crises The book is filled with practical advice proven strategies and useful tools complete with reproducible forms letters and checklists for busy professionals Filled with the tools strategies and ideas for school psychologists who must deal with the myriad challenges of working with a diverse group of students often in multiple locations Another book in the popular Jossey Bass Survival Guide Series Rebecca Branstetter is an experienced school psychologist and popular blogger Notes from the School Psychologist studentsgrow.blogspot.com This vital resource offers a down to earth guide for both novice and seasoned school psychologists **Resources in Education**, 2000-04 **Comprehensive Dissertation Index**, 1984 **Journal of College**

**Student Personnel**, 1964-10 **Physical and Emotional Hazards of a Performing Career** Basil Tschaikoff, 2013-09-13 The considerable number of musicians experiencing physical and emotional problems has led doctors around the world to become increasingly concerned The twelve articles in this issue of the journal Musical Performance bring together both the thoughts of British and North American doctors who discuss the main problems experienced by musicians and their cures Topics range from voice disorders and deafness to stress and the causes and cures of stage fright A glossary is included that explains the meaning of those medical terms likely to be unfamiliar to the general reader Basil Tschaikoff was appointed artistic and
