## **Religion And Nothingness:**

Religion and Nothingness Keiji Nishitani, 1982      **The Religious Philosophy of Nishitani Keiji** Taitetsu Unno, 1989 A collection of essays by scholars theologians and students originating from a symposium held to discuss the religious philosophy of one of the great 20th century religious philosophers of Japan The topics cover the meaning of emptiness in relation to God science ethics and history      Someone Or Nothing? Russell H. Bowers, 1995 In the context of globalization and pluralism Christians and Buddhists have opened an intense dialogue Their goals have progressed beyond seeking mutual understanding to seeking mutual transformation and a unity beyond differences Unfortunately in these discussions evangelical Christians have remained mute Someone or Nothing therefore attempts first to convince evangelicals of their need to listen and participate and second to inject their concerns into the dialogue already underway It does so by examining Religion and Nothingness the opus magnum of the late dean of the Kyoto School of Philosophy Keiji Nishitani's work is condensed and then compared with basic evangelical Christian beliefs This comparison unearths difficulties in attaining the desired unity as well as topics that future discussions might profitably address      The Religious Philosophy of Nishitani Keiji Taitetsu Unno, Taitetsu Unno Ed, 2019-12-09 2019 Chisokud Publications The essays collected in this volume represent early responses to Nishitani Keiji's monumental Religion and Nothingness Based on a symposium held at Smith and Amherst Colleges in 1984 scholars from the world of Buddhist studies philosophy theology and ethics tackle the thought provoking reflections contained in this book and their relevance for today's world Also available as an Apple iBook      *Nanzan Studies in Religion and Culture* Keiji Nishitani, 1991 In recent years several books by major figures in Japan's modern philosophical tradition have appeared in English exciting readers by their explorations of the borderlands between philosophy and religion What has been wanting however is a book in a Western language to elucidate the life and thought of Nishida Kitaro 1870 1945 Japan's first philosopher of world stature and the originator of what has come to be called the Kyoto School No one is more qualified to write such a book than Nishitani Keiji whose lifetime coincides with the rise and flowering of the Kyoto School and whose own critical contribution to Japanese thought has been so important Nishida Kitaro is a translation of essays Nishitani wrote about his teacher from 1936 to 1968 and published as a book in 1985 This series of meditations by one master on another provides a remarkable living portrait of Nishida the person and conveys the enthusiasm he aroused in his students Examining Nishida's most important work An Inquiry into the Good Nishitani penetrates to the core of his thought and presents it in language that is a marvel of clarity      **Someone Or Nothing?** Russell H. Bowers (Jr.), 1994      Marion, Love, and Nihilism Matthew C. Kruger, 2024-11-19 The foundation of this book is the work of Jean Luc Marion who writes at length about the problems of vanity and nihilism and offers an answer in love specifically Christian love A complication that arises however is that Marion argues that love is absent in the respective responses to nihilism of Friedrich Nietzsche and Martin Heidegger two figures who play a key role in the development of his thought and who also have their

own notions of love In Marion Love and Nihilism Matthew C Kruger explores this series of questions by providing first an overview of the responses to nihilism found in these figures then a close reading of Marion s thoughts on the matter before moving to accounts of the concept of love in Nietzsche and Heidegger The book then finishes with a further critique of Marion s work relying on the thought of Nishitani Keiji Kruger argues that while Marion correctly identifies an answer in love as did Heidegger Nietzsche and Nishitani in their own ways Marion s thought ends in world denial and thus fails find a complete answer to nihilism

The Self-Overcoming of Nihilism Keiji Nishitani,1990-10-02 Translation of an important work by the contemporary Japanese philosopher Keiji Nishitani

**Embracing the Void** Richard Boothby,2022-11-15 A radical reinterpretation of the origin of religion through a psychoanalytic theorization of the unknown Renowned psychoanalytic philosopher Richard Boothby puts forward a novel theory of religion inspired by Jacques Lacan s theory of das Ding the disquieting inaccessible dimension of fellow human beings This notion of an unfathomable excess originally encountered in the figure of the mother led Lacan to break with Freud s formulation of the Oedipus complex and underlies Lacan s distinctive conception of unconscious dynamics Leaning on this account Boothby shows how our sense of the sacred arises from our relation to what we do not know Embracing the Void lays out the range of Freud s attempts at a psychoanalytic theory of religion and then sketches the rough contours of Lacan s contrasting approach From there Boothby offers the theoretical tools for interpreting the religious impulse and analyzes key religious traditions from ancient Greek polytheism to Judaism and Christianity and from Hinduism and Buddhism to Islam finally turning to modern capitalist culture and the seductive deity that dominates it money Lucid accessible and compelling the book provides a cogent intervention in one of the psychoanalytic tradition s most contentious topics and offers a new approach to our understanding of religion

*The Kyoto School's Takeover of Hegel* Peter Soares,2010-10-28 The Kyoto School s Takeover of Hegel Nishida Nishitani and Tanabe Remake the Philosophy of Spirit is Peter Soares in depth analysis of the Kyoto School s integration of Western philosophical idealism with Japanese religious traditions Soares traces the School s attempts to develop a doctrine of absolute nothingness using Hegel s dialectic of self consciousness Hegel s dialectic plays a formative role in the work of the three principal figures of the School Nishida Kitaro Nishitani Keiji and Tanabe Hajime yet many of its aspects are difficult to integrate with their neo Buddhist outlook Soares shows how this difficulty manifests itself in the ambivalence of the three philosophers toward Hegel they are not only his adherents but also his outspoken critics Their criticism itself is no less problematic The ostensibly Hegelian ideas denounced by Nishida Nishitani and Tanabe are often difficult to identify in his philosophy On the other hand many of their own theses which they advance in express opposition to Hegel are in fact quite compatible with his teachings Given the pivotal importance of Hegel to the Kyoto School Soares demonstrates how these misreadings signal a problem with the coherence of the School s broader worldview The Kyoto School s Takeover of Hegel suggests how this problem could have been mitigated making the School s philosophy of nothingness more effective than it is

today     **The Formless Self** Joan Stambaugh, 1999-05-06 Bringing together the depth insights of eastern western traditions this book places the topic of the self in a new context     **Pruning the Bodhi Tree** Jamie Hubbard, Paul L.

Swanson, 1997-07-01 What is Buddhism According to Hakamaya Noriaki and Matsumoto Shiro the answer lies in neither Chan nor Zen in neither the Kyoto school of philosophy nor the non duality taught in the Vimalakirti Sutra Hakamaya contends that criticism alone is Buddhism This volume introduces and analyzes the ideas of critical Buddhism in relation to the targets of its critique and situates those ideas in the context of current discussions of postmodern academic scholarship the separation of the disinterested scholar and committed religious practitioner and the place of social activism within the academy Essays critical of the received traditions of Buddhist thought many never before translated are presented and then countered by the work of respected scholars both Japanese and Western who take contrary positions     *Turning Toward Technology* Alessandro Tomasi, 2017-09-08 We live in an age when the dominant technologically utilitarian worldview is undergoing a transformation To increase our awareness of this change *Turning Toward Technology* introduces readers to the possibility of an alternative technological worldview by examining foundational concepts to Asian thought The early Eastern philosophical treatment of technology was not ethical but ontological exhibiting sensitivity to how human existence was defined and determined in its relation to technology and to reality as a whole Within the Eastern cultural orientation technological development was guided by a singular aesthetic sensibility to the useful the good the beautiful the true and the holy Instead of controlling the shape of future technology by systems of rational management George Teschner and Alessandro Tomasi recommend a view of technology that arises from questioning fundamental assumptions within Western culture about knowledge reality and human nature *Turning Toward Technology* aims to stimulate awareness of an alternative technological paradigm and thus a different mode of social action that can establish an optimistic future for global civilization

**Buddhist-Christian Dialogue as Theological Exchange** Ernest M. Valea, 2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition's uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe's methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one's own tradition when

considering it in the light of the other while using internal resources for making the necessary corrections      *Subjectivity and Infinity* Guoping Zhao,2020-05-18 This book formulates a new theory of subjectivity in the context of the claimed death of the subject in the post modern and post human age The new theory is developed against the conception of the subject as a transcendental ego whose constitutive roles recognition and representation lead to the objectivization and totalization of the world and denial of its inner infinity and heterogeneity Critically scrutinizing ideas from Bergson James Husserl Heidegger Derrida Zen Buddhism and Chinese Zhuangzi and through an analysis of time and temporality this book advances a number of new concepts including primal sensibility and pure experience and proposes a porous structure of subjectivity with an ex egological and ex subjective zone that allows nothingness and absence to ground presence Such a theory of subjectivity provides the basis for an understanding of thinking as imagination and self identity as narrative presentation in the intersubjective world      **The Dao Companion to Japanese Buddhist Philosophy** Gereon Kopf,2019-06-03 The volume introduces the central themes in and the main figures of Japanese Buddhist philosophy It will have two sections one that discusses general topics relevant to Japanese Buddhist philosophy and one that reads the work of the main Japanese Buddhist philosophers in the context of comparative philosophy It combines basic information with cutting edge scholarship considering recent publications in Japanese Chinese English and other European languages As such it will be an invaluable tool for professors teaching courses in Asian and global philosophy undergraduate and graduate students as well as the people generally interested in philosophy and or Buddhism      **Vital Missions Issues** RoyCheck B.
