Committee on the Budget, 1981 House of Commons - Transport Committee: Access to Transport For Disabled People - Volume I: HC 116 Great Britain: Parliament: House of Commons: Transport Committee, 2013-09-17 In the UK some 11.5m people already live with a recognised disability and more than a fifth of them experience some difficulty when using transport networks So it is essential that the Department for Transport delivers an ambitious Accessibility Action Plan Changes made ahead of the 2012 Paralympic Games delivered access for disabled people to significantly more parts of the public transport network for the first time and highlighted the immense value of such improvements for all Yet a year later there is a risk that some of the momentum from London 2012 is being lost because further key accessibility improvements planned have been watered down or abandoned The Committee's recommendations include imposing penalties on bus operators who claim to offer accessible routes but then fail to provide accessible buses the phased introduction of audio visual information systems on all buses over the next ten years phasing out the need for disabled travellers having to book organised assistance in advance financial incentives to encourage investment in fully accessible vehicles by taxi and private care hire vehicle operators and a change to EU rules so that in future airlines

are required to allow carers to travel free of charge when the airline judges a disabled person incapable of travelling independently The Cabinet Office should convene a working group of ministers and officials to improve cross government working on accessibility in order to secure the full benefits to be gained from widening disabled people s access to employment and training healthcare and wider participation in all parts of society *House Documents* UNITED STATES HOUSE OF REPRESENTATIVES,2019 **Differentiation and the Secondary Curriculum** Susan Hart,2005-08-03 Differentiation is a key part of effective teaching and is currently an INSET priority for many secondary schools The book gives real life examples and offers practical strategies for tackling this often difficult area **The encyclopædic dictionary. 7 vols.
