Second Mile:

The Second Mile Harry Emerson Fosdick, 1918 **Broadband Services** Imrich Chlamtac, Ashwin Gumaste, Csaba Szabo, 2005-06-14 Access to the Internet is an increasing problem in many areas of the world As the popularity and usefulness of the Internet increases on a daily basis lack of access to the technology is putting many groups at a disadvantage in terms of better education better jobs and even in terms of higher levels of civic participation However creating a network infrastructure to serve outlying communities and sectors of the population is not straight forward This book brings together all the aspects of the problem technical regulatory and economic into one volume to provide a comprehensive resource It describes the latest technological advances that allow cost effective network infrastructures to be built and places them in the context of the applications and services that the infrastructure will deliver A section on business models and case studies from North American and Europe demonstrate that the solutions are economically and practically viable This book is essential for anyone looking to gain an understanding of the issues and technology surrounding the access debate It will be of particular relevance to network engineers designers planners at the incumbent operator companies charged with delivering broadband access to as yet unconnected regions Governments and regulatory bodies will also find this a useful guide to the problems that they may face

Wounded Lions Ronald A. Smith, 2016-04-15 The Jerry Sandusky child molestation case stunned the nation As subsequent revelations uncovered an athletic program operating free of oversight university officials faced criminal charges while unprecedented NCAA sanctions hammered Penn State football and blackened the reputation of coach Joe Paterno In Wounded Lions acclaimed sport historian and longtime Penn State professor Ronald A Smith heavily draws from university archives to answer the How and Why at the heart of the scandal The Sandusky case was far from the first example of illegal behavior related to the football program or the university s attempts to suppress news of it As Smith shows decades of infighting among administrators alumni trustees faculty and coaches established policies intended to protect the university and the football team considered synonymous with its name at all costs If the habits predated Paterno they also became sanctified during his tenure Smith names names to show how abuses of power warped the Penn State Way even with hires like women s basketball coach Rene Portland who allegedly practiced sexual bias against players for decades Smith also details a system that concealed Sandusky s horrific acts just as deftly as it whitewashed years of rules violations coaching malfeasance and player crime while Paterno set records and raised hundreds of millions of dollars for the university A myth shattering account of misplaced priorities Wounded Lions charts the intertwined history of an elite university its storied sports program and the worst scandal in collegiate athletic history

Missionary Fitness Calvin Buhler, 2010-08-30 The divine responsibility of sharing the Gospel as a full time missionary is one of the greatest blessings and opportunities in this life However it can quickly become a burden if the missionary is not able to effectively manage the physical and spiritual stresses that accompany the rigorous schedule and irregular living

conditions common to mission life To help make the mission experience a blessing and not a burden health and human performance expert Calvin Buhler has combined cutting edge research with first hand experience to create a unique and powerful program based on eternal principles that will prepare the body and spirit of any current or future missionary for service In an easy to understand format readers will Be reminded of the stewardship they have over their body Discover how Jesus prepared physically and spiritually for His mission Learn advanced strategies to improve their nutrition Understand what to eat when to eat and how much to eat Be provided meal plans to guide them along the way Learn proven methods to maximize the time they have to exercise Know exactly what exercises to do and how to do them And much more By implementing the information in this book current and future missionaries will be better prepared to serve with all their heart might mind and strength
