The Secret Language of Destiny Gary Goldschneider, Joost Elffers, 1999 Contains charts of birth dates designed to help people determine the name and number of their karmic path and features descriptions of forty eight karmic paths based on the study of astrology and personology **Your Soul Is Calling You** VALARIE COVENTRY, 2012-03-20 A hush came over the audience as Lightning Bear spoke An arresting figure over six feet tall with long braids flanking his angular body he quietly surveyed the audience for several minutes You could sense that there wasnt one tiny detail that those deep set hooded eyes missed as his gaze rested thoughtfully on the audience I see some of you wear eagle feathers in your hats he said In our culture eagle feathers have to be earned and are a mark of the great respect given to that person You must look amongst your own stories for your answers he said gently We cannot help you with your search for your own spirituality but we will respect your customs and your ways and we are willing to share our knowledge and work together to ensure the survival of our Mother Earth My first soul call came directly from this experience as a deep spiritual yearning for information and stories about my own Celtic background and led to my travels up Saint Michaels line in England to many sacred sites The second soul call came later when I picked up one of Brian Weiss's books and knew without a shadow of doubt that I would train with him in America and take his regression work with me to Australia The book begins with my own story and the healing that his workshop brought to me and goes on to include regression stories from those that I have worked with real stories about real people My hope is that these inspirational stories will encourage people to make their own journeys of connection wherever that may lead them Its very gratifying to have our student and colleague Valarie continue this work in Australia and write such a delightful book Brian L Weiss M D *Arcane Lore* Scribe 27, 2002-07-04 This is guaranteed to be completely unlike any other occult text you've ever read whether it be some wussified New Age book about crystals and guardian angels or some classic tome of barely decipherable ceremonial evocations No this book is really something different You will find no references to potions poppets or pendulums nor shall you find illustrations of magic squares voodoo ververs or Enochian script Incantations folk magic numerology and the Seals of Solomon have also been excluded from this work What then remains Quite simply a magical philosophy which can be applied with great success by students at any level of advancement Great emphasis has been placed upon self knowledge and common sense secrets have also been divulged as to various tried and true methods which will enable a besieged magician to kick the boogyman's ass Although presented as a work of fiction this extensively researched text contains within it a great deal of occult Truth and it is highly entertaining as well The author is clearly either a genius or a madman perhaps both *Become Yourself* Tammy Fleishman, 2023-08-18 If you have ever asked yourself Who am I Is this all there is to life or Why am I not happy you have come to the right book *Become Yourself* will guide you step by step through why you find yourself asking these questions in the first place to figuring out where and how to find the answers Sharing her struggles with these very questions and the twisting and turning
