Contemporaries David Loewenstein,2001-03-15 David Loewenstein s *Representing Revolution in Milton and his Contemporaries* is a wide ranging exploration of the interactions of literature polemics and religious politics in the English Revolution Loewenstein highlights the powerful spiritual beliefs and religious ideologies in the polemical struggles of Milton Marvell and their radical Puritan contemporaries during these revolutionary decades By examining a wide range of canonical and non canonical writers John Lilburne Winstanley the Digger and Milton amongst others he reveals how radical Puritans struggled with the contradictions and ambiguities of the English Revolution and its political regimes His portrait of a faction riven violent seventeenth century revolutionary culture is an original and significant contribution to our understanding of these turbulent decades and their aftermath By placing Milton s great poems in the context of the period s radical religious politics it should be of interest to historians as well as literary scholars **Humanism and the Death of God** Ronald E.

Osborn,2017 *Humanism and the Death of God* is a critical exploration of secular humanism and its discontents Through close readings of three exemplary nineteenth century philosophical naturalists or materialists who perhaps more than anyone set the stage for our contemporary quandaries when it comes to questions of human nature and moral obligation Ronald E Osborn argues that the death of God ultimately tends toward the death of liberal understandings of the human as well Any fully persuasive defense of humanistic values including the core humanistic concepts of inviolable dignity rights and equality attaching to each individual requires an essentially religious vision of personhood Osborn shows such a vision is found in an especially dramatic and historically consequential way in the scandalous particularity of the Christian narrative of God becoming a human He does not attempt to provide logical proofs for the central claims of Christian humanism along the lines some philosophers might demand Instead this study demonstrates how philosophical naturalism or materialism and secular humanisms and anti humanisms might be persuasively read from the perspective of a classically orthodox Christian faith

The Trials for Treason at Indianapolis Benn Pitman,1865 **The Secret Rebellion** Daniel Osgibbe,2012-08-01 The

Secret Rebellion is written to confront and challenge the reader regarding the areas of their lives that they have not fully surrendered to God. It also delves into exploring the meaning of this hidden rebellion against God and its effects. It begins with an idyllic story of a young gentleman who seems like a good man. But he ends up losing everything because he left his master's house. The remainder of the book follows this pattern, exploring how we might appear right even when we are in rebellion against God. The book finishes up by revealing the cure that can be found in God and God's desire for us.

Euphoric Elle Jones, 2024-07-19 The world was changing rapidly around me and I was just running to catch up. But sometimes it is nice to go for a jog. Nora is stuck between a world of misery back at her apartment and a harsh unloving reality just outside of it. She's caught in the entanglement of what to do with her life when her bartender invites himself into her booth. What starts as a slightly creepy opening line ends with what seems to be an offering to join a cult, either that or be murdered. But Nora didn't have anything better going for her. And why return to the violent atmosphere back at the apartment when a door to relief has just been opened.

Leanne's Journey J. R. Runnels, The wind howled like a banshee clawing at the ancient stone of Blackwood Manor, its icy fingers rattling the leaded windows. Inside Count Vlad, a creature of both immense power and profound solitude, sat bathed in the flickering light of a vast fireplace. The flames danced in a macabre ballet, casting long, distorted shadows that writhed across the intricately carved oak paneling. He was a study in contrasts: a man of breathtaking beauty, his pale skin stretched taut over sharp cheekbones, his eyes the color of a stormy night, cobalt blue to obsidian black, yet his features held the harsh angles of a predator etched by centuries of darkness and a life lived far beyond the boundaries of mortality. He sighed a sound like the rustling of dry leaves in the autumn wind. He turned from the window, his eyes falling upon a single perfect white orchid sitting in a crystal vase on his desk. The delicate flower, with its exquisite petals and intoxicating fragrance, was a stark contrast to the grim reality of his life. It was a gift, a rare and precious thing, one he'd sent to Leanne only hours before. The thought of her, a flicker of warmth in his otherwise desolate existence, brought a faint smile to his lips. Leanne was an anomaly, a woman who somehow saw beyond the darkness that cloaked him, who saw the heart of a man hidden beneath layers of cynicism and power. She was his refuge, his only true connection to the world of mortals. Their bond was not a love story in the traditional sense, rather, an intricate dance between two souls seeking solace in a world consumed by shadows. A quiet

comfort in the darkness a fragile understanding that bloomed in the most unlikely of places And tonight he found himself anticipating her next visit her soft presence a glimmer of hope in the overwhelming solitude of his immortal existence Her past was not a gentle tapestry woven with threads of joy and comfort It was a harsh unforgiving landscape scarred by loss and etched with the marks of trauma Alexander then a mere lieutenant in Vlad s army was a figure sculpted from the very essence of the Carpathians themselves strong silent and impossibly lethal His eyes the color of an erupting volcano crimson red held a chilling intensity that spoke of countless battles fought and won his movements as fluid and deadly as a panther s But even in the midst of carnage a different kind of beauty bloomed It was in the quiet moments between battles amidst the ravaged landscape that Alexander met Leanna He had found her in town of Vlad s garden within his castle walls They started eating lunch together whenever they could Stolen moments during the day where Vlad could not touch them He did not know the extent of Vlad s obsession with Leanne or their lost connection Leanna with her hair the color of spun moonlight and eyes that held the wisdom of ages was the antithesis of the brutal world that surrounded them Her laughter a tinkling bell in the shadowed forests was a balm to Alexander s wounded soul a counterpoint to the constant symphony of violence that echoed through the Carpathians Vlad s rage was a physical thing a tangible heat that radiated from him as he tore through the opulent chambers of Blackwood Castle He d spent weeks months even away leading his brutal campaign across the ravaged northern territories his mind constantly returning to the vision of Leanne her laughter echoing faintly in the clang of steel and the screams of his enemies He d entrusted her safety to Alexander his most loyal or so he d thought knight a man bound to him by oaths of fealty older than the kingdom itself Who will Leanne choose to have a life with *Santa Fe* Elizabeth West,2012 This question and answer book contains 400 reminders of what is known and what is sometimes forgotten or misunderstood about a city that was founded more than 400 years ago Not a traditional history book this group of questions is presented in an apparently random order and the answers occasionally meander off topic as if part of a casual conversation
