The Enneagram of Passions and Virtues Sandra Maitri, 2005-05-05 How the mysterious nine pointed symbol of the enneagram illuminates the worst pitfalls and highest virtues of our psyches The Enneagram of Passions and Virtues elucidates human experience beyond the personality structure In the tradition of the enneagram the Virtues are said to be the affective atmosphere that replaces the compulsive and reactive emotional patterns called the Passions as one becomes freer of the ego Sandra Maitri shows how the shift in our consciousness or soul from being informed by the Passions to being informed by the Virtues is one of the hallmarks of inner development In this book Maitri explores how our awareness of the Passions in turn leads to the manifestation of the Virtues This shift supports growth on the level of personality as well as on the level of what is beyond Being or True Nature Maitri is widely known as one of the most literate and in-depth writers and teachers on the uses of the enneagram as a tool of inner development In this book she provides what can be for some an entry into inner work and for others who have been engaged in the journey for a longer time a uniquely incisive explication of concepts they may have missed

The 45th D.W. Buffa, 2019-05-21 What if a political party in disarray turned to a man to lead them with no political background What if a country torn apart by ideology turned to a man whose charisma belied a complete lack of governing experience What if a country elected a President based not on qualifications but on hope Would this man lead the country into a new era of fortune and prosperity Or would he lead them into total and complete chaos D W Buffa has proven himself as one of the absolute best political writers working today and in *THE 45TH* he creates a work of compelling fiction that is as timely as this morning's news *THE 45TH* will leave you breathless enraged and unable to forget it once the last page is turned
