Grand Chorus of Complaint Michael J. Everton,2011-06-16 When Lord Byron toasted Napoleon for executing a bookseller and when American satirist Fitz Greene Halleck picketed his New York publisher for trying to starve him both writers were taking part in a time honored tradition styling publishers as unregenerate capitalists However apocryphal both stories speak to the longstanding feud between writers and publishers over how the book business ought to be conducted Such grumblings were so constant throughout the nineteenth century that Horace Greeley wearily referred to them collectively as the grand chorus of complaint Ranging from the Revolution to the Civil War *The Grand Chorus of Complaint* explores moral propriety in American literary culture arguing that debates over the business of authorship and publishing in the United States were simultaneously debates over the ethics and character of capitalism Michael Everton shows that the moral discourse authors and publishers used in these debates was not intended as a distraction from debates over economics intellectual property or gender in American literary culture Instead morality was itself at issue With case studies of the fraught publication experiences of authors including Thomas Paine Hannah Adams Herman Melville Fanny Fern and Gail Hamilton Everton argues that in their business correspondence and fiction in their diaries and essays authors and publishers talked so much about ethics not to obfuscate their convictions but to clarify them in a commercial world preoccupied by the meanings and efficacy of moral beliefs *The Grand Chorus of Complaint* illustrates that ethics should matter as much to book historians as much as it has come to matter again to literary critics and theorists Through wide ranging primary source research backed by a nuanced layering of historical detail *The Grand Chorus of Complaint* dissects the role of morality in the print culture of eighteenth and nineteenth century America providing a valuable new perspective on formative forces in the publishing trade
